

CORNFOOT TO PLAY FOUNDATION TEAM ON VAUGHN ST. LOT

Much Interest Centered on Contest Between Rival Teams; St. Helens Will Play Grant Smith-Porter Club; Peninsula Billed to Play at Vancouver.

WO hard fought contests are looked for in today's schedule of the Columbia-Willamette Shipbuilders' Baseball league, when the undefeated St. Helens team clashes with the Grant Smith-Porter club on the St. Johns lot and the Cornfoot and Foundation aggregations mix on the Vaughn street grounds. The third game in today's program will be played at Vancouver between the Standifer tossers and "Buck" Keith's Peninsula Manager Eddie Yates of the Smith-Porter

team has strengthened his lineup for the game with St. Helens, having secured the services of Woods and Yarrow of the Supple & Ballin team, which dropped out of the league two weeks ago. "Dutch" Altman, former third baseman of the Spokane Northwestern league team, will join the Smith-Porter team next week, it is said.

Bill Gleason, who topped the league during the first half of the season, will make his initial appearance in a St. Helens uniform today. Gleason was signed by Manager Mensor immediately after he was released by Foundation and the appearance of the former Multnomah club star in the lineup of the downriver club is going to assist that team in walking off with the championship of the second half of the season.

Barham Is Pitching

Wayne Barham will do the pitching for the Grant Smith team, Barham, although he has lost several games during the second half of the season, is pitching good ball and if he is accorded good support today he will give the St. Helens club a run for its money. Harstad will pitch for St. Helens.

There is a great deal of interest centered in the Foundation-Cornfoot game. A half a game separates the two teams and a victory for Foundation will put that team in the first division.

Game at Fancouver
Either Frank Rapp, the veteran southpaw, or "Suds" Sutherland. will do the hurling for Cornfoot, and James or Evans will work for the Foundation. Both teams are in great shape and have been playing bang-up ball during the last couple of weeks.

The Peninsula team has been strengthened for its game with Standifer, Manager Keith having signed Edwards, who was released by the Foundation club a fortnight ago. Edwards will probably be used in the outfield against Vancouver, as Nick Williams seems to have fecovered his batting eye.

With but five games remaining to he played on the league schedule after today's contests, it appears as though the St. Helens club would be the team that will play Foundation in the play-off series for the championship of the league.

Harstad's Arm Helps The great pitching of Oscar Harstad has aided the St. Helens club in keeping out in front in the race and, judging from the way the down river team is hitting the ball, it is going to be hard to stop them. With the exception of the game billed with Foundation for Vaugfin street August 18, the St. Helens club will play the remainder of its games on its home field, which is quite an advantage.

American association critics declare that Napoleon Lajoie, as manager of the Indianapolis team, is a failure. The Hoosiers are in the second division and their home patronage is dwindling. Lajoie, it will be remembered, refused to accept a transfer from Tofonto to Brooklyn last spring, as the owner of the Indianapolis club had offered to double his Toronto salary. Lajoie won the International league pennant with the Toronto team last year. His experience at the head of the Hoosiers, therefore, is a great surprise, particularly to James C. McGill, who induced him to keep away from Ebbets field.

LEADER IN

CHICAGO, Aug. 3,-(I. N. S.)-Ty Cobb, veteran, continues to keep ahead of his more youthful competitors for the batting honors in the American league. Ty has stepped up to the plate 296 times, and has come away with the satisfactory average of .385, which is to be compared-or contrasted with the .358 of his nearest competitor, Acosta of the Athletics, who has faced the various twirlers of the league but 53 times. As to the Nationals, Groh, of Cincinnati, is the real leader, having a standing of .344 in 337 times at bat. Below are the averages of men in the two major leagues who are batting .300

Representatives of Big Leagues Agree to Play Championship Games After Labor Day.

TO HOLD

DECIDE

LEVEL AND, O., Aug. 3. -Both big leagues will continue to play through their present schedules up to and including Labor day, September 2.

The world series will begin September 3, according to official announcement by the national commission here today after a conference with American league moguls. It was stated, however, that there is a possibility that the start of the big series is being laid over until September 4.

The sessions of the commission and the American league started with the names of six American league heads signed to a pledge that they would back up President Ban Johnson in his view that the big league schedules should be cut short August 18 or 20, with a world series to be completed before the first of September, time limit given pro-fessional baseball by Secretary of War Baker under the "work-orfight" ruling.

It was the plea of Clark Griffith of the Washington club that changed the temper of the American league heads. Griffith's name and that of Harry Frazes of the Boston Red Sox were the only names not signed to the Johnson pledge. Griffith made a speech calling attention to the fact that for the first time in years his club is having a successful season with the aid of Sunday ball. This caused Johnson to release the moguls from the pledge and the decision to continue until September 2 was unanimous. The only changes to be made in

schedules as they now exist will be

The signature of Barney Dreyfus of the Pittsburg Pirates appears with that of Garry Herrmann and Johnston on the commission announcement in place of that of John K. Tener, National league president. This marks the completion of the side tracking of Tener, as it was stated here that Dreyfus will continue to serve on the commission until the National league elects its new president, "whoever he may be."

Ty Cobb's Rival Yet with all of Cobb's great record, this Jackson person loomed up as a worthy rival for the great Georgian, for Jackson started at a .300 clip when he first broke in as a fielder with the Cleveland Indians back in 1910, and though he played but 20 games this season, having been called back from New Orleans by Philadelphia and traded to Cleveland for Briscoe Lord, he hammered

was a member of the Cleveland club and the figures show that he hit like a pile driver. His best batting average was piled up in 1911, when he finished the season clubbing at a .408 clip, and the same year Cobb hit .420 and beat him out in the hottest race for a battling championship that has ever been staged in the American league.

Blow to White Sox

Jackson is a natural hitter and a consistent though not a flashy. fielder. He is fast and he just naturally goes out and gets 'em without the show or the effort that makes the work of many fielders look brilliant.

His loss to the White Sox was a hard blow, but Jackson made the blow, a little harder to bear by leaving the club with the avowed intention of enlisting as a shipbuilder. Here is his record in the clubbing annals of the American league:

Oregon will be represented in the tourney by Frank Templeton, the state champion. C. B. Preston and J. W. Seavey planned to attend the shoot but they were unable to make arrangements to get away. Washington will be represented by Frank Troch, the state champion, and C. E. McKelvey, runner-up in the event. The tournament committee has ar-

ranged to give each state champion, who attends the shoot a \$50 Liberty borld instead of the same amount in cash. Approximately 50 per cent of all winnings over \$200 will be paid in Liberty bonds and about the same percentage of all winnings less than \$200 will be paid in War Savings Stamps.

Much interest is being centered on Harley F. Woodward, the 15-yearold youngster, who annexed the state championship of Texas by defeating E. F. Foregard, a veteran, in a shootoff at 80 targets after they had tied with scores of 98 in the main event.

Troch May Win The west will be represented by some great shooters this season and it would not be surprising to see the title come this way this year. G. L. Becker will represent Utah, F. S. Bair will try to uphold California's honors.

Judging from the way Frank Troch has been shooting, it would not be surprising if he again annexed the title.

The feature event will be staged Thursday. A total of \$4,025.00 in trophies and monies has been offered by the Interstate association.

NO CHANCE **OF HOCKEY** THIS YEAR

THERE will be no professional hockey in the Northwest this season. This seems assured, although President Frank Patrick of the Pacific Coast Hockey association has made no official as

ment regarding the plans for 1918-1919. The fact that so many hockey players have joined the American or Canadian armies, and that the "work or fight" regulations will affect professional hockey just as it has other branches of professional sports, indicates that no attempt will be made to open the league this coming winter.

Pian Shippard League

There is some talk of a shipbuilders' league between various yards in Seattle Vancouver, but whether Portland will be given an opportunity to put a team in this league is not known. Portland could assemble a fairly strong team, but on account of the time that

would be consumed in making the trips to the northern cities it is doubtful whether local players will be given a chance to get in the circuit. As a starter for a team. Portland has
