Student Corps, Civilian Camps to Send Trained Men to Central Officers' Training Camp.

Eugene, Or., Aug. 6.-That the government will accept for enlistment in the central officers' training camps all of the men which the University of Oregon. ean supply from its civilian camps and the students' army training corps, to be established before the opening of school, October I. is indicated in a telegram received from President P. L. Campbell from Washington.

The new army will need all of the men the students' army training corps can provide as supply officers." President Campbell said. "Also all that the civilian-training camps can furnish." Many Will Be Officers

Taken in connection with orders received from headquarters of the field ar- ian training camps and the student army tillery central officers' training school, training corps will bend every effort to Camp. Zachary Taylor, Ky., Monday message from the president is interpreted to mean that all able bodied it possibly can," said Karl W. Onthank, men of military age, whether subject to secretary to President Campbell. the draft or not, will be admitted into the central officers' training camps upon recommendation by the university. This will open the way to commissions in the new army to all of the students whoshave had training under Colonel John Leader, commandant of the university battalion during the past school year, as well as new army all of the students who have had training under Colonel John Leader. the 450 civilians to receive training in the first and second summer training

Artillery Needs Many Officers

So great is the present need for artillery officers that 1000, instead of 600 men, as heretofore, are to be taken into the field artillery central officers' training camp each week, according to instructions received by Colonel William N. C. Bowen, professor of military science and tactics at the university, from the commanding officer at Camp Zachary Taylor. Colonel Bowen, who is receiving applications of Oregon men for school from men who have been drafted, for service, when, in his judgment, such and Jesephine counties. if their application is favorably passed pany

Tanlac, that I decided to see if it would excursions. help me, too, so I got me a bottle. Well, my appetite began to improve right after I started taking Tanlac and I gained three pounds on my first bottle. I have taken only three bottles so far and Oh, how much better I feel than I did before! I can eat anything now and enjoy all my meals and everything agrees with me fine. I don't have that awful misery in my stemach like I had Douglas Men Leave awful misery in my stomach like I had before and that heavy feeling in my side is clean gone. My liver is doing its work all right and those headaches and dizzy spells have about ceased to trouble me. As long as I improve like I have been doing I intend to keep on taking Tanlac some time yet, and I shall certainly tell all my friends about the good it has done me." Tanlac is sold in Portland by The

Dwl Drug company:

tenant Colonel Carter, commanding officer of the school, has informed Colonel Bowen that until further notice all men of business affairs, both within and above the draft age, who are accepted, will be called to this school within one week of the date they specify they wish to enter, providing said date is not more than one month from the date of appli-

College Men Under 21 Not to Go Regular students, entering or returning to the university this fall and enlisting in the student army training corps, will ot he subejet to the draft, even though the age limit is reduced to 18, President Campbell stated definitely in his telegram today. Upon enlistment in the new corps, the students will be placed in Class 5, the same as though they enlisted in any other branch of the army or navy. Another point in connection with the new corps was cleared up when President Campbell wired that students enlisted in the corps might obtain transfers to the navy upon completion of their work in the university.

on the campus at the present time, probably will be continued throughout the winter, with the enrollment open to all men wishing to prepare themselves for military service, was made by Colonel Leader last evening.

"The university, both through its civilsupply as many well trained men for the central officers' training camps as
