

COMPETITION FOR PACKERS FAVORED

Trade Commission Report Assails "Big 5," Wants Federal Ownership of Cars.

Washington, Aug. 7.—(I. N. S.)—Bitterly assailing the great packing firms of Swift, Armour, Morris, Cudahy and Wilson for creating a "structure of conspiracy, control, monopoly and restraint," the federal trade commission, in a report to President Wilson, recommends that immediate steps be taken to give the government a monopoly over such portions of their business as "will restore competition."

This report has been in the hands of President Wilson since July 5, but because of the serious charges made in connection with it, and the radical recommendations therein contained, it was not made public until today. Publication today was authorized directly by the president.

After declaring that producers, competitors and consumers are at the mercy of the packers, the commission makes the following recommendations:

First—That the government acquire, through the railroad administration, all rolling stock used for the transportation of meat animals and that such ownership be declared a government monopoly.

Second—That the government acquire, through the railroad administration, the principal and necessary stockyards of the country to be treated as freight depots and to be operated under such conditions as will insure open, competitive markets, with uniform charges for all services performed, and the acquisition or establishment of such additional yards from time to time as the future development of livestock production in the United States may require.

Third—That the government acquire, through the railroad administration, all privately-owned refrigerator cars and all necessary equipment for their proper operation and that such ownership be declared a government monopoly.

Fourth—That the federal government acquire such of the branch house cold storage plants and warehouses as are necessary to provide facilities for the competitive marketing and storage of food products in the principal centers of distribution and consumption, to be operated by the government as public markets and storage places under such conditions as will afford an outlet for all manufacturers and handlers of food products on equal terms. Supplementing the marketing and storage facilities thus acquired the federal government is urged to establish, through the railroad administration at the terminals of all principal points of distribution and consumption, central wholesale markets, and storage plants, with facilities open to all upon payment of just and fair charges.

War Ban on Bouquets On in One Hospital

Ithaca, N. Y., Aug. 8.—(I. N. S.)—Because of the extra work involved in the care of cut flowers, the nurses are scarce and the care of patients must be first considered, the Ithaca city hospital has placed a ban on the bouquets brought by friends to patients in the institution.

Owing to the shortage of nurses, it is explained, the time required for caring for the flowers daily cannot be spared.

Chicago Will Open Municipal Laundry

Chicago, Aug. 8.—(I. N. S.)—Rub-a-dub-dub. Dad Dearborn is to have his own laundry. The first of a series of proposed municipal laundries will be dedicated to the Goddess of Clean Clothes here Saturday. Health Commissioner Robertson announced today.

No Drugs in Stanolax

Experts agree that one of the chief dangers of self treatment for Constipation lies in habit-forming cathartics.

Stanolax is distinctly different—it is a natural lubricant, tasteless, colorless, odorless. It is neither digested nor absorbed by the system.

Stanolax lubricates the walls of the intestines and acts as a solvent of toxic poisons. It soothes as it eases. It does not produce the slightest physical strain nor abnormal activity.

Old-time drug remedies can now be put aside. By using the gentle but certain Stanolax one can gain relief from Constipation and keep relieved.

One bottle is convincing. Your druggist has it—or will get it.

ONLY TROUBLE WITH RUSSIA FOR GERMANY

WASHINGTON, Aug. 7.—"Germany, never will get any supplies out of Russia; she will Charles E. Crane here Wednesday, get nothing but trouble," said Mr. Crane, who went to Russia as a member of the Root mission, called at the White House. "Events seem to be shaping themselves so as to make this a good time for the allies to help Russia to her feet again," Mr. Crane said.

Big Elevator Filled With Grain Burns

Newcastle, Ind., Aug. 8.—(I. N. S.)—A large grain elevator completely filled with grain, at Mooreland, Ind., eight miles east of here on the Big Four railroad, burned to the ground early today. Three cars standing on the siding, one of them loaded with grain, also burned.

Elimination of Port Charges Is Desired

San Francisco, Aug. 8.—(U. P.)—Local Chamber of Commerce officials today were preparing to petition the railroad administration to eliminate special port charges on export shipments, on the grounds that ship owners prefer to use the Seattle port because the railroads there absorb the port charge of \$1 a ton.

'Open' Treaties Are Advocated by Borah

Chicago, Aug. 8.—(I. N. S.)—Senator Borah of Idaho, speaking before the convention of the National Dental association here, expressed the hope that one of the positive gains of the war would be insistence on the part of this country upon "open" treaties.

FORMAL OPENING OF DUNWAY PARK HELD IN MARQUAM GULCH

Tribute Paid to Patriotic Woman in Whose Honor Park Is Named; Program Given.

Christened Dunway Park in honor of the late Mrs. Abigail Scott Dunway, the mother of woman suffrage in Oregon, the South Portland municipal playground in Marquam gulch was formally opened Wednesday night.

The opening drew hundreds of people of all ages, the South Portland Improvement association, headed by A. Rosenfeld, president, being particularly well represented. In naming the new park, Mrs. J. F. Kelly, who has been active in the park movement, paid a fine tribute to Mrs. Dunway, whom she designated as "one of the world's most patriotic women, whose heart always beat for humanity and whose interest in the moral welfare of children was notable." In former years Mrs. Dunway lived in the South Portland district.

Brief review of the work accomplished for the establishment of the park was given by Mrs. Kelly, who acknowledged the assistance given the project by the city officials.

Patriotic and popular music was rendered by the municipal band, Leader Percy Campbell having prepared a special program. A Danish dance of greeting was given by the members of the kindergarten class, the intermediate

DEATH ROBS ASTORIA OF POPULAR YOUNG WOMAN AND LEADER

Mrs. Gail Hardesty Drilling Dies After Brief Illness; Was Honor Guard Leader.

Astoria, Or., Aug. 8.—The funeral services of Mrs. Gail Hardesty Drilling were held in this city yesterday afternoon, with burial in the Oceanview cemetery. Mrs. Drilling, who was 23 years of age, died Sunday after an illness of only a few days. She was one of Astoria's most popular and well known young women, having always made her home in this city. She was graduated from the local high school several years ago and for one year was president of the Alumni association, besides being leader of the Astoria chapter of the Girls' National Honor Guard. Mrs. Drilling is survived by her husband, Carl Drilling, her parents and two brothers, who are in France.

One day when he stopped one of the sisters was homesick. "Texas," roughest of the doughboys, weakened. "I wish, I was a regular fellow," he said, "I've been too rough and tough. I wish I knew how to be a brother, and if you stay here I'm sure going to learn."

Then "Texas" actually shed his first tears, in sympathy.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty.) Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove the hairs, make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment, be quite certain you get real delatone. (Adv.)
