

HOLDS STATE WATER SUPERINTENDENT'S UNNECESSARY OFFICE

No Appointment to Succeed Jas. T. Chinnock to Be Made; Lewis Offered Place.

Salem, Aug. 8.—James T. Chinnock, superintendent of water division No. 2, has submitted his resignation to Governor Withycombe as he has already entered the practice of law at Grants Pass. No appointment will be made to fill the vacancy because of the shortage of funds in the appropriation for the water board, and what work there is will be handled by State Engineer Lewis.

It has been conceded for some time that this particular office has become an unnecessary appendage to the state government as the work can be easily handled by the state engineer, and Percy A. Cupper, Republican nominee for water superintendent, has made known his intention of recommending to the legislature the consolidation of this office with the state engineer's office.

Cecil. Other species were western hemlock, western red cedar and a small quantity of yellow cypress. The figures are based on reports furnished by W. G. Weigle, forest supervisor of Ketchikan.
