

KINNY HANER'S TRIP

MIDDLEWEST COACH IS SELECTED TO SUCCEED PIPAL AS AGGIE COACH

H. W. Hargiss, Former Star Athlete of the Kansas Conference and Coach at Kansas Normal for Four Years, Is Appointed Coach at Oregon Agricultural College.

H. W. HARGISS, head coach of athletics at the Kansas Normal college for the past four years, will succeed Joseph A. Pipal, who resigned his position as coach of the Oregon Agricultural college athletic teams to accept the athletic directorship of Camp Kearney.

The announcement of the appointment of Hargiss was made Wednesday afternoon by U. G. Dubach, president of the board of control of the Corvallis institution, after a communication was received from the Kansas man. Hargiss was the choice of about 50 applicants for the position and his success during the time he has been coach at Kansas Normal indicates that the Aggie directors have selected a good man. He will take up his new duties during the next two or three weeks.

Hargiss attended the Kansas Normal and won his letter in the four major sports in four consecutive years. He has had nine years of coaching experience, his first experience being with a midwestern high school team. He also acted as coach of the colleges of Emporia and one year as assistant coach of the Kansas university.

Was Physical Director In addition to coaching football, baseball, basketball and track teams at the Kansas Normal, Hargiss acted as physical director of the institution, special and advance work at Harvard having fitted him for this branch of training.

Before making the appointment, the board of control received many letters from the midwestern regarding the ability of Hargiss and indications are that he will instill pep in the Orange and Black boys. Z. G. Cleveland, director of physical education of the Kansas State Agricultural college, stated in his letter regarding Hargiss: "He is very capable and efficient, and has the personality to attract and lead young men in the right way. I consider him a highly desirable man."

An A-1 Coach W. O. Hamilton, director of physical education at the University of Kansas says, "He has a very fine personality, full of vim and dash and is always keenly interested in his department. I consider him an A-1 coach. He has absolutely no bad habits."

The fall semester will open September 24, and the Aggies hope to have back several members of last year's first team in addition to a large number of the freshmen.

Army-Navy Series to Be Decided Today

San Francisco, Cal., Aug. 8.—The deciding game of the army-navy baseball series will be played today, probably with Dell Crespi pitching for the army and Howard Ehmke, former Detroit Tiger, flitting for the navy. The army made it three games apiece yesterday by walloping the navy 5 to 2. Lefty Leverens held the navy to six hits, although he allowed the navy to fill the bases in the ninth. The navy refused to allow "Lefty" O'Doul to pitch for the army because he hasn't enlisted. O'Doul has been flitting with the quartermaster's corps.

Paul Fittery and Pete Standridge, two of the star twirlers of the Los Angeles club, winners of the Pacific Coast league championship, have joined the Peterson-McDonald team of the Puget Sound Shipbuilders' Baseball league. Every available coaster league is being signed by the teams in the city.

One Seattle writer recently announced that the winner of the Sound league would play the championship team of the Eastern Shipbuilders' league, but before the winner of the Sound league could go east, the Columbia-Willamette league must be taken into consideration.

BOXING IS GIVEN BIG SEND-OFF

Introduction of Ring Game Into Army Camps Has Sidetracked Tangoing.

By Ringsider Chicago, Aug. 8.—War has a way of changing things considerably, such as, for instance, the relative standing of the American army. In the eyes of the Germans before the present counter-offensive, the Cornfoot and Stander teams are in great shape. Either "Buds" Sutherland or Frank Rapp will do the pitching for the Cornfoot team.

President Bell has a contest to decide over the game played between these two clubs at Vancouver several weeks ago. Manager Eddie Peterson of the Stander team will pit Herman Pillette against the Cornfoot. Pillette has been working out during the past week and is in great shape.

The Foundation and Grant Smith-Porter clubs will battle on the St. Johns grounds. The G. S.-P. boys are still seeking revenge for the drubbing handed them by Harry Casey's tossers. The Feninsula club will play the St. Helens team at St. Helens.

In Training Camps But since the war has started and Uncle Sam has put boxing right in the curricula at the training camps along-side sharpshooting, machine gun drill, and sticking the dummy Germans with the bayonet, things have changed considerably. For, while boxing is part of the daily bread of the fighting man, none of this feinting, dodging and side-stepping will go.

In other words, your Uncle Sam believes in giving the United States soldier the idea that when he starts something he's to go through with it.

Real Fighting That means this—the American public has got a vision of real fighting—when men go in, not to guard against the other fellow so much as to let the other fellow know there is some one with fists in the ring. It's a new sensation for the audience—and they like it.

So that when the war is over not only will German autocracy be knocked out of the ring of world politics, but also out of the boxing ring will go the old 20 more or less round bouts, and the game in America will continue to be a fast and furious one—because, under a new method, no one can last for a long go.

And the people won't have anything else.

Is Fine Soldier Again the war calls to mind one of its changes—it has made out of an ordinary ring, peace-time fighting man a world war-time fighting man of the first caliber—to wit, Gene Delmont.

Gene is "up in the air" in the right sense of that phrase, raising Hell with the Germans.

"I have a nice little boxer, Gene Delmont, A. Rice, famous American traveler, soldier and general adventurer, now recovering his aviation wounds sustained on the front. He is making the finest kind of a soldier and is in line for big things before this fuss may be over. At present Gene is right up there on the front line where every young man who has the nerve to say he is a fighting man should be."

It's an ill wind that blows nobody good, and Gene so Major Rice writes, is finding himself in this greatest boxing game that the world has ever seen—in which the lessons of the ring are finding worth while results.

Washington 6, Cleveland 2 Cleveland, Aug. 8.—Washington carried away the honors yesterday by a score of 6 to 2. The visitors got 14 hits off Enzmann. The visitors scored three runs in the seventh inning, which gave them a lead Cleveland could not overcome.

The scores: R. H. E. Washington 6 14 1 Cleveland 2 6 0 Batteries—Shaw, Johnson and Ainsworth; Morton, Enzmann and O'Neill.

St. Louis Twice Is Winner St. Louis, Aug. 8.—Philadelphia closed its stay in St. Louis yesterday and lost a double header to the locals, 3 to 1 and 4 to 0. Wright kept the eight blows accurate and the visitors well scattered, while the three secured off Johnson were bunched in the fourth, producing two runs, enough to win. In the second game the Browns won easily, mainly because the Athletics could not hit the offerings of Lefty Lefield.

The scores: R. H. E. Philadelphia 1 8 1 St. Louis 4 4 2 Batteries—Adams, Watson and McAvoy; Lefield and Severold.

Seattle May Get Big Boxing Bout

RIVALS TO BATTLE ON LOCAL LOT

Standifer to Meet Cornfoot in One of the Deciding Games of the Race.

ONE of the deciding games of the race for the championship of the second half of the Columbia-Willamette Shipbuilders' Baseball league will be played Sunday afternoon on the Vaughn street grounds between the Cornfoot and Standifer teams. This contest is expected to be one of the closest of the season as there is great deal of rivalry between the two teams.

Each of the teams is in the race for the championship, but the loser of this game will practically be eliminated from the race, unless the St. Helens club blows up but a two-game margin. It is not likely that there will be any blowing up on the part of the veterans who have put Ham McCormick's boys in the running.

President Bell has a contest to decide over the game played between these two clubs at Vancouver several weeks ago. Manager Eddie Peterson of the Standifer team will pit Herman Pillette against the Cornfoot. Pillette has been working out during the past week and is in great shape.

Gimpers Baptism of War on First Day Was Perfect Gimper Start

(Copyright, 1918, by the United Press) With the American Airmen in France, July 10.—(By Mail)—"The gimper squadron" had an ideal introduction to warfare, back in the middle of April, according to Lieutenant Eddie Rickenbacker, American ace and former auto racer. Rickenbacker tells the story.

"We had finished our training and being the first all-American outfit to take to the front, without previous experience we were allowed to fly around until we felt more confident, before taking over responsibility of patrolling a sector.

"One Saturday night we decided we were ready for business. We called up the French and told them. They replied that we could over patrol a big chunk of the line north of Toul, beginning the next morning at daybreak.

"Accordingly we planned the first gimper patrol. Captain David Peterson led it, while Lieutenant Reed Chambers and I were the rest of the personnel. Captain Peterson had had considerable experience over the line.

Go Out to Scare Up Heavies "Before going up he told me to take the leadership of the patrol in case he had motor trouble and had to come down and that we would not need to patrol if it were too cloudy. So we went up with that understanding.

"Just as we were ready to start, Reed Chambers yelled to Doug Campbell and Allen Winslow: 'We'll go out and scare the Heines up and you guys knock 'em down.' "We circled around for altitude and Captain Peterson came down. He had decided it was too cloudy to patrol, but I had assumed he had motor trouble and started off for the line, with Chambers following me.

"It was our first trip over and we made a long one. Before long we ran into a couple of Hunns and maneuvered to fire on them. We got a couple of shots then and they ran. We continued our patrol, not without apprehension, since we were not sure of our locations and that trip is a scary one even when you are led by someone who knows the lines.

"Two Germans Were There "Finally I lost Chambers and began patrolling up and down to locate him. It became more cloudy and I could see nothing. At length I started for what I thought was home, but it took a long time to find it. Chambers wasn't there, when I finally came out of the clouds, but the two Germans we had chased out of the clouds were.

"After Chambers' promise to scare up some Hunns, Campbell and Winslow had gone into the tent and were playing cards. Suddenly they were called to answer an alert. They had barely jumped into their machines and gained some altitude when they saw two German planes coming for the camp.

"Both thought the Germans were coming to strafe the hangars, and each picked out a German to head him off. Doug took the first one and got on his tail. He landed the German right on the aviation field four and a half minutes after he had left his cards.

"Was Ideal Start "Winslow had a little more difficulty and took a little more than a minute and a half longer to bring down his Boche near the field. The Boches were all captured and the feat of landing them right on the home grounds made the victory more than a perfect score.

"We were looking them over and Winslow gave his man a cigarette for lack of knowing what else to do and then went up in the air, when Reed Chambers, whom I had lost in the clouds, came buzzing in. "Chambers was surprised but an instant at finding the Boche aviators there. "Those are the birds we promised to round up for you to knock down," he said. "Ask them if they're not the Heines we met up there."

"Questioning the Germans revealed that they were the ones we had shot at and driven off. In their flight they had lost their way and were spotted by observers who alerted us to get them. That opening morning was so successful it's still a dream to us but it surely was a gimper start for the whole squadron."

MARTY FARRELL PULLS ANOTHER 'RUN OUT' SCENE

New Yorker, After Accepting Bout, Jumps at Chance to Get to California.

Marty Farrell, who is about the only tango boxer left in this neck of the woods, added another star to his "in-bad" flag Wednesday night when he departed for Oakland, Cal., after getting a message from Lieutenant Bell of Fort Lawton advising him that his bout with Mick King would be staged Saturday night as scheduled.

Many things that have happened in the past indicate that Farrell is a hard man to get a hold of, which partly explains the inability of Lieutenant Bell to reach him by long distance telephone. The match between King and Farrell has been pending for some time, but despite this Farrell accepted an offer to box Battling Ortega before Tommy Simpson's club in Oakland.

Farrell's action in this particular incident will win him no friends and steps should be taken to bar him from participating in ring engagements here in the future, as he is for Farrell and Farrell only.

Winslow gave his man a cigarette for lack of knowing what else to do and then went up in the air, when Reed Chambers, whom I had lost in the clouds, came buzzing in. "Chambers was surprised but an instant at finding the Boche aviators there. "Those are the birds we promised to round up for you to knock down," he said. "Ask them if they're not the Heines we met up there."

Astorian Is Facing Desertion Charge

Astoria, Aug. 8.—Kurtan Heikkila, an alleged slacker, was turned over to the military authorities at Fort Stevens Wednesday and will be prosecuted as a deserter. This action has been taken in accordance with instructions received from United States District Attorney Haney. Heikkila failed to report when called for the military draft nine months ago. He is to be tried by courtmartial and, if convicted, will be liable to from 10 to 25 years imprisonment.
