

CHAULNES IS CAPTURED BY FRENCH

ZONE ALONG BORDER OF MEXICO TO BE NEUTRAL

Truce Is Signed Between General Cabell and Mexican Leaders Today, Following Attack When Americans Were Killed.

All American and Mexican Troops to Be Kept Out of District Adjacent to Line Between Two Countries, Is the Agreement.

PHOENIX, Ariz., Aug. 28.—(U. P.)—Withdrawal of all American and Mexican troops from the actual boundary line and the establishment of a neutral zone on the border was agreed upon at a peace parley between Brigadier General Cabell, U. S. A., and the Mexican leaders at Nogales today, according to telephone messages from Nogales at noon.

The truce agreed upon after the Americans occupied Nogales, Sonora, last night, was made permanent by the conference.

Nogales, Ariz., Aug. 28.—(I. N. S.)—Commandante A. J. Abasola of the Nogales, Sonora, garrison today has officially expressed his regrets because of the fatal clash here late yesterday between Mexicans and American troops.

In the street fighting, which lasted from 4:05 p. m. to 5:30 p. m., two American soldiers are known to have been killed and 25 were wounded. It is estimated that 100 Mexicans lost their lives.

Brigadier General De Rosey Cabell is expected here momentarily from San Antonio, Texas, with American reinforcements. His arrival will guarantee quiet.

The American dead: CAPTAIN J. D. HUNGERFORD, CORPORAL BARNEY LOTZ. Seriously wounded: Lieutenant Luke W. Loftus.

Wounded: Lieutenant Colonel Frederick H. Hinman, shot through right leg. Captain Henry C. Canton, Saratoga Springs, N. Y.

Lieutenant S. Lockwood, Nogales. Gaetan Reddock, customs guard. No confirmation has been received of reports that Mayor Felix Penolosa of Nogales, Sonora, was killed in the fighting.

The battle was participated in by about 300 American soldiers and 50 civilians. Fighting started on the United States side of the international street, but the Mexicans were thrown well back into their part of the town.

A military court now is in session to investigate the affair. In the meantime the popularly accepted version is that trouble arose over an attempt on the part of Mexican immigration officials.

Wage Advance Will Be Given To Workers in The Shipyards

Demand for Dollar an Hour Not to Be Granted, However, According to Word.

Washington, Aug. 28.—(U. P.)—Skilled workmen in the shipyards of the United States will be granted an increase in wages, it was learned authoritatively here today. Demands for a country wide standard wage of \$1 an hour, however, will not be met.

Announcement of the advance and the amount will be made probably on Labor day.

As a result of the conference with the president last night the shipping board labor adjustment committee has worked out a wage scale which, it was said, would be accepted by the union leaders. None of them would divulge the nature of the agreement, however.

The present wage controversy while originating among Pacific coast workmen, now includes all ship yards. Previous decisions of the labor committee would indicate that four separate wage schedules would be established in raising the variance in living conditions and costs, different wage scales likely will be made for the Pacific coast, Great Lakes, Delaware and New England and the Gulf coast yards.

Officials intimated the announcement of the committee's decision would be the signal for celebrations in all ship yards. Production of America's ship building plants will be well on its way to the four million of tonnage on Labor day and it is proposed to use the combination of circumstances to spread enthusiasm among the workers.

AMERICAN TROOPS IN PICARDY FIGHT

Reported Cooperating in Attack Between Soissons and Chavigny; Latter Taken.

Paris, Aug. 28.—(U. P.)—(4:50 p. m.)—American troops are reported to be participating in the great Picardy battle.

General Mangin's army, with Americans cooperating, is attacking northwest of Soissons, between that city and Chavigny (three miles northwest), according to battle front dispatches received here today.

London, Aug. 28.—(4:25 p. m.)—French troops, attacking north of Soissons, have captured Chavigny and reached the western outskirts of Juvigny, it was learned here this afternoon.

(Chavigny is three miles north of Soissons. Juvigny is two miles north of Chavigny. A previous dispatch reported that the Americans are cooperating with the French in this attack.)

With the American Army on the Aene-Vesle Front, Aug. 28.—(I. N. S.)—(3 p. m.)—American troops today penetrated the western outskirts of Bazoches, American patrols have been withdrawn from the front.

The American army, says Bidou, "as well as our reserves, are now ready for action and in a position to keep continuous pressure everywhere until the German brutes are completely exhausted."

(Concluded on Page Seven, Column Three)

Will Be No Let-Up In Pressure on Huns

Paris, Aug. 28.—(I. N. S.)—Continuous pressure by the allied armies until the German brutes are completely exhausted, is predicted by Henri Bidou, the French military authority, as a result of the steady influx of American troops.

"The American army," says Bidou, "as well as our reserves, are now ready for action and in a position to keep continuous pressure everywhere until the German brutes are completely exhausted."

War Catches Up With the A. P.

Matches "Matchless Service"

Through the "matchless service of the Associated Press," the Oregonian was able to announce the capture of Chaulnes 16 days before it occurred.

Chaulnes was taken by French troops yesterday. On Monday, August 12, the Oregonian displayed conspicuously on its first page the following announcement:

"THE OREGONIAN FIRST WITH BIG NEWS AGAIN" "The Oregonian was first with Sunday's great news from the seat of war. An extra telling of the capture of Chaulnes, the important key point in the Germans' southern line of the Somme battlefield, was on the streets of Portland at 8:45 Sunday morning. Thousands of copies were sold immediately and other thousands of copies were bought eagerly by purchasers when they appeared on their way to morning worship."

"The extra gave readers of the Oregonian an entire page of up-to-the-minute news telling of the progress of the great allied offensive, all of which had developed since regular morning editions had come off the presses. The matchless service of the Associated Press, always first with momentous news, enabled the Oregonian, with its supplemental special dispatches, to render this service to its readers."

AMERICAN SOLDIERS IN CLASH IN SIBERIA

With Cooperation of Japanese, Bolsheviki Are Driven Back for Distance of Six Miles; Local Government Recognized.

Battle Took Place Sunday Night, According to Belated Report From Front; Bolsheviki Are Now Rapidly Being Disarmed.

LONDON, Aug. 28.—(U. P.)—American and Japanese troops have driven the Bolsheviki forces back six miles on the Ussuri river front in Eastern Siberia, according to a delayed dispatch received from Vladivostok today.

The Americans and Japanese left their base for the front Sunday night, the dispatch said. The Bolsheviki fell back rapidly before the allies.

The allies' consuls have announced their support of the zemstvo (local parliamentary body) as the lawful authority in that region and have recommended disarmament of the anti-Bolsheviki forces of Generals Pleshkoff and Horvath.

Disturbance Reported at Vladivostok Washington, Aug. 28.—(U. P.)—That there had been some disturbance in Vladivostok of a local nature was reported to the state department by Consul Caldwell. The department said it presumed, however, that the matter had been attended to and that there had been no change in government.

The department had no advice concerning the report that General Pleshkoff had seized the anti-Bolsheviki leaders in Siberia acting for General Horvath. The department appeared loath to discuss the situation.

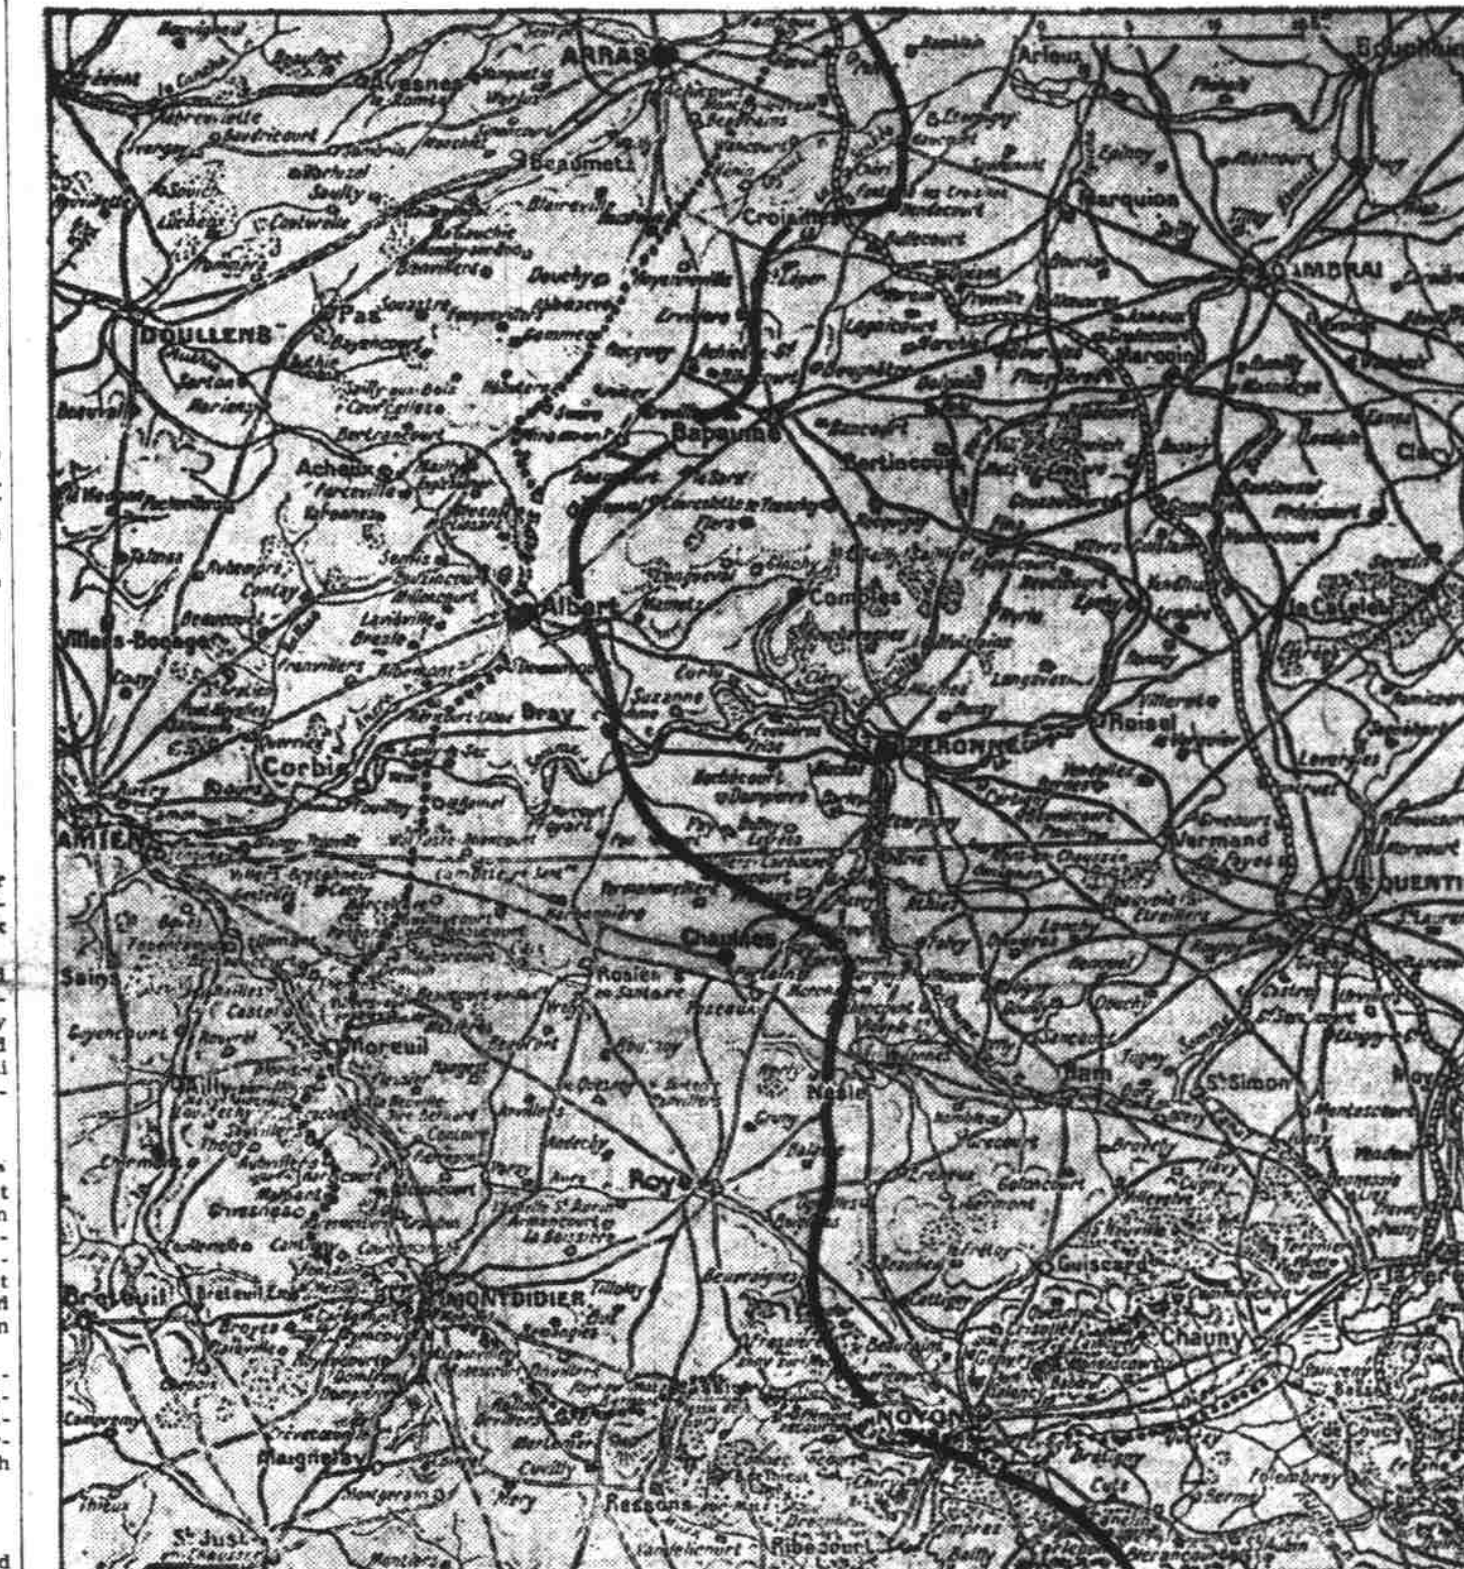

Allies Clash With Red Guards London, Aug. 28.—(U. P.)—Delayed official dispatches from Archangel today state that the allied forces have been in contact with the Red Guards on the Russian front. A Bolshevik river flotilla was dispersed.

Gold Hill Lime Plant To Open in September Salem, Or., Aug. 28.—The state lime plant at Gold Hill will begin operations between September 6 and 10, according to the statement of Warden Murphy of the penitentiary, who returned last night from visiting the plant. The plant will have a capacity of 100 tons daily, but will not be run at full capacity at first. It will be run by convicts. A meeting of the lime board is to be held at Gold Hill September 10.

Senator Reed Is On Way to France Washington, Aug. 28.—(I. N. S.)—Sailing on a troopship, Senator Reed of Missouri, was today upon the high seas bound for France. In a statement issued from his office here today, it was said that the senator's trip "was of a quasi-official nature, designed to secure first hand information as a member of the military affairs committee which will help him in framing legislation of assistance to our cause."

GERMAN LINE IS CRACKING ON WHOLE OF FIFTY-MILE FRONT

NEW GAINS MADE BY FRENCH AND BRITISH MAP OF THE FRENCH FRONT, between Arras and the Oise, showing advances made by the allies. The dotted line at the left is the line held by the Germans at the beginning of the allied offensive last month. The heavy black line shows the positions today. The sectional line is the Hindenburg line held by the Germans before they began their great offensive last spring.

ENEMY FALLING BACK HURRIEDLY ON SOMME, ALLIES CLOSE BEHIND

Ability of Huns to Establish Defenses on River Doubted; Allied Infantry Are Within Mile and Quarter of Stream at Some Points, Is the Latest Report

Advance Is Made to Point Five Miles Beyond Chaulnes; Nesle, Vitally Important Railway Town, Reached by the French Forces; Dives Is Captured

By Bert Ford WITH THE BRITISH ARMY ON THE PICARDY FRONT, Aug. 28.—(7 A. M.)—(I. N. S.)—Scottish units north of the Scarpe have captured Fontains Les Croisilles, thus carrying the British line to the farthest eastern point ever reached.

The British troops marked the eighth day of their whirlwind offensive by continuing to buck the enemy line with such vigor that they have forced the Huns to retreat in disorder and with heavy losses at many places, especially between the Sensee and Scarpe rivers.

Between these two rivers the British have penetrated the German lines at several points.

At the northern end of the battlefront the Canadians, after taking Cherishy, swept on Bois Du Hari and Vis En Artois.

London, Aug. 28.—(1:44 P. M.)—(I. N. S.)—British troops are now within between six and seven miles of Peronne.

Paris, Aug. 28.—(U. P.)—(12:05 P. M.)—French troops captured Chaulnes, the great German defensive point on the Picardy front, Tuesday night, the war office announced today.

The advance along the whole front, between Chaulnes and the Oise, continued through the night, and this morning the French had reached the vitally important railway town of Nesle.

Thirty villages have been retaken since Tuesday and at some points the French have advanced seven and a half miles.

The French are now within two miles of the Somme and at a point north of Nesle and are advancing rapidly.

"During the night our troops, maintaining contact with the German rear guards, continued to advance north and south of the Avre," the communique said. "We occupied Chaulnes, Omiécourt (two miles east of Chaulnes), Balatre (three miles east of Roye), Roiglise (two miles southeast of Roye) and Verpillieres (a mile south of Roiglise). Farther south we penetrated Crapeaumesnil wood (three miles north of Lassigny) and took Dives (two miles east of Lassigny)."

"This morning we progressed toward the Somme. North of the Avre we reached the general line of Licourt (four miles east of Chaulnes), Potte (a mile and a half south of Licourt), Mesnil-Le-Petit (a mile north and slightly east of Nesle) and Nesle.

"Since yesterday about 30 villages have been retaken. We also advanced 12 kilometers (seven and a half miles) at certain points."

Paris, Aug. 28.—(U. P.)—The Temps declares that Mont Renaud, one of the bastions in the defense of Noyon, has been captured and that Noyon also probably has been taken.

By John De Gandt PARIS, Aug. 28.—(4 P. M.)—(U. P.)—The German line is cracking along the whole 50 mile front, from Lassigny to north of Arras.

The enemy is falling back hastily on the Somme, the center of which is marked by Peronne and Ham. The allies are pursuing them so closely it is doubtful if they can establish a strong defense in those positions.

Allied airplanes and artillery are bombarding the Somme bridges, over which the Germans must cross to the east bank. The allied infantry at some points is only two kilometers (a mile and a quarter) from the Somme. They have passed eight kilometers (five miles) east of Chaulnes. Capture of Dives (two miles east of Lassigny) shows the extension of the battle southward.

French cavalry is now operating in the region of Nesle. The fiercest fighting is going on to the southward, where the French are threatening the Noyon-Nesle road and the canal.

BOND FOR EVERY 3D PERSON, PLAN

Greater Individual Ownership of Bonds Scheme of Fourth Loan Campaign Committee.

How to make every third person in Portland the owner of a Liberty bond of the fourth issue will be the principal matter of discussion at the meeting of the Portland campaign executive committee, Emery Olmstead, chairman of this group of 25, has set the meeting for 8 o'clock today at the Liberty temple.

Portland's quota is usually about half the state quota. With state quota for the next loan approaching \$40,000,000, the Portland committee here will work to bring as many as possible of their sixty-seven thousand people of this city bought bonds of the last loan. Mr. Olmstead says that in keeping with the desire to have more individuals owning bonds, the committee here will work to have a third of the population subscribe.

"Were it not for Portland's reputation when money is needed for Uncle Sam, this task might seem great," said Mr. Olmstead. "By that I do not mean that raising such a sum will mean little to Portland's citizens, for that is in no way the sense of the campaign. However, in each of the glorious opportunities which have been successfully accepted, Portland made wonderful records and because of our faith in every man who works within its gates, we are going to make this campaign one of bringing as forcefully as we know how, the message of the drive to each one."

"Relying on the patriotism of the citizens, we will make effort to do each individual effort to sacrifice, to educate in their power to double their subscription of last time."

"When it is considered that every third person must subscribe to make the loan a success in Portland, it is more easy to realize how much depends upon the individual effort."

By Bonds or Fight Mr. Olmstead has spent some time since the last drive in visiting other cities, getting in communication with those men who have been responsible for the success of drives. From that he

Allies Have Taken 112,000 Prisoners Since Smash Began

Washington, Aug. 28.—(I. N. S.)—The irresistible force of the allied offensive on the western front was revealed today when General Peyton C. March, chief of staff, announced at his mid-week conference with representatives of the press that the crushing forces had captured 112,000 prisoners and 1500 guns since July 1. In the latter number, General March said, pieces smaller than field guns were not included.

"When I spoke to you last Saturday the British drive on the front between the Scarpe and the Somme was carrying the allied lines forward over the hilly plains east of Albert," said General March. "The allies advanced Saturday and Sunday, in spite of more or less determined resistance by the enemy."

"On Monday the British captured the heights east of Arras known as Orange hill, and on Tuesday continued along the Arras-Cambrai road to a depth of five miles. This advance of 10 miles from the so-called Hindenburg line a distance of one mile on a front of three miles."

"On Monday the pressure by the British spread along a front of 40 miles, down to the junction with the French line."

"In the meantime, the French began a new offensive opposite Roye on a 10-mile front, and went forward a distance of two miles. The railroad junction at Roye, a very important point, fell into the hands of the allies and also the ground east of it, which is quite high and very important. So the total width of the line of battle yesterday was about 40 miles."

"This morning the French, according to their official statement, have made a deep salient in this line, cutting out and putting between the pincers a new salient of the German lines. They have reached Nesle and are within two miles of the Somme."

"The British are still making further progress beyond the Hindenburg line, east of Arras, and further the gains on the Flanders front."

"In Albania an Austrian attack succeeded in driving back the Italians several miles in the region about Berat, restoring a part of the line which they gave up on our recent offensive."

DR. KENNEDY HEAD OF OREGON ELKS

Officers Elected at First Annual Meeting; Klamath Falls Gets Convention.

Dr. W. S. Kennedy of The Dalles was unanimously elected president of the Oregon Association of Elks at the business meeting held this morning at the Elks temple. The election was unanimous. Dr. Kennedy has been acting president since the association was organized.

Other officers elected were: First vice president, R. Alexander of Pendleton. Second vice president, C. T. Crosby of Astoria.

Third vice president, George W. Owen of Ashland. Secretary, Harry G. Allen of Portland. Treasurer, T. O. Russell of Eugene. Trustees, George Goodrum of Marshfield, E. B. Stewart of Hoodburg and Frank J. Leonard of Portland.

Klamath Falls was chosen as the 1919 state convention city.

In his annual report to the association President Kennedy urged the creation of convention clubs in the several lodges. It will be the duty of these clubs to plan for the annual state meetings of the association.

Ritualistic contests were also favored by the president, suitable trophies to be given.
