Eastern Nurse Visits Here
Miss Ruth Young, daughter of Mrs. D. V. Parks, who left Portland six years ago to attend college in the East, later taking up the nursing profession, is now a visitor in Portland. She is a student nurse in Johns Hopkins hospital, Baltimore, where she has 11 months' more training before completing the very thorough course prescribed by that institution. While in Portland Miss Young is also enjoying a visit with her sister and brother, Mr. and Mrs. Vernon C. Gann of Eugene, the family having spent the past three weeks together at their summer home at Newport. Mr. Gann has gone to Aberdeen, Md., to take the training for the ordnance corps. Miss Young will leave Sunday for the East to resume her work. She is anticipating with much eagerness the completion of her training with a view to entering the service overseas, for which she has already passed some of the preliminary examinations.

Salvage Bureau Needs Cash Register

Red Cross Bureau Receives Garbage, Which Is Not Wanted; Does Good Business.

By Vella Winner
THE Red Cross Salvage Bureau at 80 Third street is in great need of a cash register, also awnings and frame work.
Recently a considerable amount of garbage was turned into this bureau, which it was impossible to handle. People are asked not to send any contributions of garbage to the bureau, or ask that any such be called for.

W. L. Nunn, who is in charge of the distribution of the little white boxes for the collection of tin foil announces that the highest and lowest points where these boxes have been placed are Government Camp and Long Beach, Wash. The Red Cross shop, 106 Fifth street, reports its total third floor sales for the month of August as being \$1702.62. The present great need in this department is winter coats for men and women and underclothes for children. On the second floor there is to be found a fine lot of serving trays, jewelry, glasses of unsweetened jelly, which can be dissolved for fruit drinks. Also a number of nursing bottles.
On the first floor books of fiction are much needed. On this floor there are offered at reasonable prices marble statuary, cut glass, umbrella plants and ferns. The shop would like contributions of fresh fruit which can be sold in small quantities. Recently the shop had the good fortune to have its floors oiled by a kindly disposed man who refused to take anything for his services and did not leave his name.

Bed Time Tales

Teddy Possum Escapes
THE Jones family were almost in tears when Farmer Jones took the seemingly dead body of Teddy Possum by the tail, and threw the limp body into a deep pool in the brook. And all the family were sure that Teddy was stoned dead.

And what do you suppose happened? Teddy Possum all of a sudden began to swim with lightning strokes down that swiftly moving brook! And as quickly as the blink of an eyelash he swam around a curve and was out of sight! Teddy Possum quickly climbed out on the bank and disappeared in the alder swamp. But the Jones family stood spellbound on the banks of the brook; and they could not believe their eyes; and little William exclaimed: "Oh, Father, how did the little Possum fool us all, except you?"

"Well, little William," said Farmer Jones, "I know all the tricks of Teddy Possum and his relatives. When they are 'Playing Possum,' the only way you can surely tell whether they are dead or alive is to throw them into water. That trick on the Possum never fails. If he is alive, he swims quickly for the shore. It has taken me a good many years, little William, to discover all the sly tricks of the wonderful little people of the Great Forest."
And suddenly Farmer Jones gave a shrill whistle, and the big dog, Ranger, came tearing across the fields; and Farmer shouted, "Ranger, you catch that little chicken thief in the alder swamp!"
And, with a great bark and big leaps, Ranger plunged across that brook after Teddy Possum; and little William trembled as he thought of the death of his father's dog. Ranger could run much faster than Teddy Possum; and it certainly looked as if the end of Teddy's days had come.
But Teddy tried some of his tricks

He jumped into water; and then he jumped onto a fence.

on Ranger, and he made lots of little criss-cross paths. And he jumped into water; and then he jumped onto a fence, and then he made lots of circles and criss-cross paths, like a cunning fox, just to fool Ranger, who was rushing about like mad and crying out with a terrible voice.
But Teddy Possum made Ranger lose his scent by wading in water again, and finally he found a big tree growing in the water and he climbed this tree, like a flash, and went to sleep in a big hole in a hollow limb. So, Teddy was safe, while big Ranger was hunting, howling and wading in mud and water, most of the night, trying in vain to find that little lost Possum.
Tomorrow—Teddy Possum Puts on Airs.

Douglas County Lad Defies Draft Board Then Changes Mind

Roseburg, Sept. 5.—The draft board of this county received a very defiant letter from a young man named Ed Hedgepeth, who lives about six miles east of here on Deer creek, which in effect was that he had thought the matter over and he had decided that he would not appear in answer to a summons from the draft, requesting his appearance here on Wednesday, September 4, that he would not enter the army service at any time. He also stated that he was not a coward, and if they got him they would have to come and take him, or words to that effect.
Later he changed his defiant mood and voluntarily came and surrendered to the sheriff. He was immediately jailed and the federal authorities notified.

Pupils to Save Prunes

Roseburg, Sept. 5.—The school board of the Roseburg schools, after some urgent requests from various sections of the county, have decided to postpone the opening of the Roseburg schools from September 9 to September 16. Beautiful Hair Tinting

Nothing so robs a woman of her good looks and attractiveness as gray, streaked or faded hair. And there is no more reason or cause in tolerating unattractive hair than there is in wearing a bad coming gown.
The one hair color that stands supreme is Brownstone. It is simple and easy to use. No mixing. Just comb or brush it into your hair. If it is not detected, it will not rub or wash off, acts instantly, and is absolutely harmless.
"Brownstone" will give any shade desired from light golden brown to black.
"Brownstone" is sold by leading dealers everywhere. Two sizes—25c and 75c. A sample and a booklet will be mailed you upon receipt of 10 cents (from manufacturer only) and your orders will be filled direct from our laboratories if you prefer. Mention shade desired when writing or purchasing.
Insist on "Brownstone" at your hairdresser's.

Recruiting Stations To Close at Once

Colonel George S. Young yesterday received official instructions from the war department to close at once all recruiting stations, including the main station in Portland and throughout the state. This follows the recent order that enlistments would not be accepted and is taken to mean that accessions to the army will be effected exclusively under the selective system embodied in the new manpower law. Similar orders have been received in other states of the Pacific coast.

RELIEVED FROM ITCHING BURNING ECZEMA

Gives Resinol the Whole Credit
Aug. 15.—"For some time I suffered frightfully from eczema on my legs. From my knees down they were covered with scales, and itched and burned as though hot coals were resting on them. I would scratch until the blood came, and was unable to sleep at night. Nothing that I tried helped me, until a druggist recommended Resinol Ointment. After applying it once, I enjoyed the first good night's sleep I had had in weeks. Now I am sound and well after using a little over one jar of Resinol Ointment, to which I give the whole credit." (Signed) F. B. Price, 414 Downey St., Indianapolis, Ind.
Resinol Ointment and Resinol Soap are carried in stock by all druggists. (Adv.)
