

### CARLOAD OF JERSEYS BOUGHT BY FARMERS OF UMATILLA COUNTY

Excellent Breed of Registered Stock Added to Herds of Hermiston Dairymen.

Hermiston, Sept. 12.—Last Saturday was a red letter day with the dairymen of Hermiston, Umatilla county, Oregon. It was the occasion of the dispersion of the first carload of registered Jersey cattle brought into Hermiston. Twenty-one of the local farmers had signed a joint note for the purpose of purchasing the carload of Jerseys. The Bank of Hermiston advanced the money on this note. (George A. Cressy, one of the signers of the note, and M. S. Shrock, county agent, were selected to go to the Willamette valley to buy the Jerseys. This they did and the Jerseys were unloaded at Hermiston several days ago. As soon as the cattle had recuperated from the effects of the trip they were sold at auction to the highest bidder. Practically all the cattle were sold to the signers of the note, but bidding was not restricted to that number. R. E. Bean of Umatilla was the only man outside of the Hermiston project to bid on any of the cattle. Mr. Bean bought three head. The highest price paid for any animal was \$335 for an 18-month-old heifer whose dam made 988 pounds of butterfat in a year. Three others sold for \$300 or more. The farmers who signed the note made a nice little profit on the deal, as the 22 head of females, mostly heifers, sold for a neat sum above the purchase price. So successful was the sale that within a few minutes after its close there was some discussion as to the advisability of purchasing another carload.

The Hermiston people have a bull association with five of the best bulls that could be found in the Northwest. Three of them are from the Ed Carey herd at Carlton, Or., and the other two are from descendants of his herd. The carload of females just purchased by the Hermiston people are of the same blood lines as these bulls and of about equal breeding. M. S. Shrock, the county agent, who is well acquainted with the Jersey breeders of the Willamette valley, announced at the beginning of the sale that it was doubtful whether another carload of Jerseys equal to these in breeding could be purchased anywhere in the Willamette valley.

### Cranberry Crop Is Menaced by Lack of Pickers

The boys in France may not get Oregon cranberry sauce for Christmas dinner. A big crop near Astoria is going to waste for lack of pickers. Most of the berries are under contract to the government. A long distance telephone call for 175 women and girls as pickers to meet the emergency reached J. W. Brewer, federal farm help specialist for Oregon, yesterday morning.

"We must have help," declared the cranberry men, "or we and the government will lose the crop."

"The camp for pickers will be found comfortable and the pay satisfactory," says Mr. Brewer. "Cottages and tents are provided. Board and lodging cost 50 cents a day. Two department store girls earned Monday respectively \$4.50 and \$5 apiece. Volunteers should report at my office, 704 Oregon building, at once."

### Canneries Asked To Save Fruit Seeds To Make Gas Masks

Letters to all the commercial canneries of the state were sent out Tuesday by W. K. Newell, assistant federal food administrator for Oregon, urging them to save their peach, apricot, plum, olive, date and cherry pits for use of the gas defense division of the United States army for use in the manufacture of gas masks.

The seeds are first burned and the charcoal product formed is of great assistance in destroying the effect of the poisonous gases. The canneries are asked to communicate with Lieutenant W. M. Jackson, chemical warfare section, U. S. A., at 19 West Forty-fourth street, New York, advising him of the quantities available and asking for shipping instructions.

Amedee Smith, manager of the local Red Cross, had agreed to take over all the seeds collected by the different department stores.

Unions Will Obtain Credit  
Credit for subscriptions to the fourth Liberty loan made by members of labor unions will be given to these organizations as well as to the corporations by which they are employed. This arrangement will result in a more spirited rivalry between labor organizations in securing subscriptions, according to the committee in charge of that work.

### MULTNOMAH COUNTY FAIR IS OPENED WITH BIG CROWD ATTENDING

Flag Raising and Patriotic Music Feature First Day; Good Programs Are Promised.

The twelfth annual Multnomah county fair opened at Gresham Tuesday afternoon with the raising of the flag, patriotic music by Campbell's American band and a patriotic song by Mrs. Dorothy Lewis. The exhibits and displays were nearly all in place and a large crowd attended.

In the evening a representation of an Indian war council, with peace talks was staged while the band played Indian airs.

The displays by the seven granges of Multnomah county of agricultural products and handiwork of various kinds are very interesting.

Portland Schools Exhibit  
Nearly every school in the county has a war garden as well as an educational and craftwork display. The Portland schools occupy one entire side of the pavilion up stairs. The schools of Portland entering are the Franklin high, Arleta, Holman, Clinton-Kelly, Falling, Montavilla, Sunnyside, Highland, Sellwood and Washington high. Outside schools include Rockwood, Cedar, Orient, Buckley, Gilbert, Powell Valley, Troutdale, Terry, Folkensberg, Lynch, Gresham and Russellville. The entire exhibit of school children's work is to be shown at the state fair.

Liberty loan subscriptions are taken at the pavilion in a decorated booth at the head of the stairs and a big business is anticipated.

Livestock, poultry, farm machinery, household appliances, conservation work, competitive canning and art exhibits are shown.

Mrs. Edith T. Weathered has had charge of the work of arrangement of displays in the pavilion and the decorations are artistic and original in design.

Good Races Are Offered  
There will be racing Thursday, Friday and Saturday afternoons. Some good animals are entered for the matinees.

Wednesday is Woman's, Gresham, Pioneer and Sunday School day and Grocerymen's night.

Displays of foodstuffs and household supplies by several Portland firms will be augmented by special night exhibits.

Thursday is Portland, Oregon Manufacturers' and Automobile day; Friday is for the fraternal orders, Elks, Woodmen and Grange; Saturday is patriotic.

### HIGH CHURCH OFFICIAL SUCCUMBS TO ILLNESS

John Cardinal Farley

New York, Sept. 12.—(U. P.)—The body of John (Cardinal) Farley, who died at his home in Mamaroneck Tuesday night, will be brought to the city tomorrow and will lie in state at St. Patrick's cathedral over Monday. Interment will be made Tuesday.

The body will remain at Green Acres, the cardinal's summer home, today and tomorrow the cortege will start for New York, entering Manhattan over the bridge at 145th street from where it will proceed to Fifth avenue and down that street to the late residence of the cardinal, which adjoins the cathedral. The late cardinal's committee of laymen and the Knights of St. Gregory will form a guard of honor for the cortege during its trip from the summer home in Westchester county.

Cardinal Farley was 76 years old. He was born April 26, 1842, in Hamilton, Newton county, Armagh, Ireland. His parents died when he was 7 years old, but he attained his education through his own efforts, being schooled at St. Marcaret's in Ireland, St. Johns at Fordham and St. Joseph's seminary at Troy, N. Y. Later he finished a four years' course at the American college and was ordained a priest in 1870 in Rome.

The first charge of Father Farley was at New Brighton, Staten island, after which he progressed rapidly through the Catholic church until he became cardinal, November 27, 1911, the same date on which Cardinal Falconio and Cardinal O'Connell were appointed.

Cardinal Farley's most important work as an author probably was his "Life of Archbishop McCloskey," with whom he was closely associated for many years.

### J. CARDINAL FARLEY DIES; BODY WILL BE SENT TO NEW YORK

Committee of Laymen Will Form Guard of Honor for Cortege as It Enters City.

Washington State Fair Opens  
Yakima, Wash., Sept. 12.—The State Fair opened here Monday with a record attendance for the opening day. A fine program of automobile racing was the attraction for the crowd. The Boys and Girls club work in canning, sewing, demonstrating and stock judging is the feature of the fair. Sixteen counties are represented in the canning contest, 12 in the cooking and six in the sewing contests, and four in stock judging. Special preparation is being made for the program on Governor's day.

Polk County Fair Is Opened  
Dallas, Sept. 12.—The seventh annual Polk county fair opened here Tuesday with a good attendance. Owing to war conditions, exhibits are not as large as in previous years, but everything shown exceeds in quality anything previously shown here. A carnival company and the Phillip Peis orchestra are furnishing amusements. Thursday night a patriotic sing will be held at the fair ground.

### Draft Registration Reaches 102,118 In State; More to Come

Registration reports received from Curry and Lake counties at the state selective service office, together with increased figures from other counties having previously reported, swell the total to 102,118.

Curry county registered 486 men, with the government estimate at 406, and Lake county reported 562 with another precinct still to be framed.

Baker county's report is now complete at 2539, Columbia county has gone up to 2278 and Lane county jumped to 3644. Klamath and Malheur counties have not yet reported.

### Revolver and Maps Found on German

John H. Krugger, a German alien enemy, who was arrested in Portland Tuesday by federal officers, faces serious charges. A concealed weapon was found on Krugger. In addition, maps of forest reserves of Oregon, California and Colorado were taken from him. He is of draft age, but could produce no registration card.

### VICTROLAS and RECORDS

Have you considered the value of music in your home? Have you counted the power of its influence in your own life and that of your family?

Music is the language universal. It quiets the tired brain and body. It inspires new hope and courage. It will do you good. It will cheer and brighten your home.

### O. A. C. Staff Men To Be Judges at Fairs

Oregon Agricultural College, Corvallis, Sept. 12.—Judging dates for county fairs by college staff members have been announced. Miss Helen Cowgill, assistant state club leader, will judge in Lane county, September 19; Jackson, September 21; E. R. Peterson will be at the Jackson county fair, September 20, and at Salem, September 23 to 28; H. C. Seymour, state club leader, will judge at the Polk county fair, today and at the Multnomah county fair, September 19 and 20.

### Alaskan Moose Hide Will Keep Out Moths and Water

A moose hide that is so well tanned that neither water, moths nor mice will affect it is the possession of Bruce Hoffman, forest examiner at the district forest service. Mr. Hoffman bought the hide on one of his Alaskan trips at Knal peninsula, on the Cook inlet in the vicinity of the Sitka and Matanuska rivers, a region where the moose are as plentiful as jackrabbits.

The hide was tanned by the Indians by a method requiring more than two months' time and patience, and one which is no longer used because the Indians have come to understand the value of time and money and refuse to work so long on a single hide.

The Indians in this vicinity are extremely proficient in tanning hides, the one possessed by Mr. Hoffman being soft and pliable and smoked so as to give it a beautiful color and a peculiar odor offensive alike to moths and mice.

### Advance Notice of Topics to Be Sent To All Shippers

Shippers' organizations will hereafter be given advance notice of subjects to be considered at meetings of the Portland district freight traffic committee. Similar action will be taken by all district freight traffic committees in the country, according to instructions just received by Chairman F. W. Robinson of the Portland district committee from A. C. Johnson, chairman of the Western freight traffic committee, with headquarters in Chicago.

It is required that notice of subjects to be considered be sent out not earlier than 12 days before the date of hearing. Provision is made for the immediate handling of emergency matters for which shorter notice will be given shippers.

### President Insists Strikers Get Jobs

Washington, Sept. 12.—(L. N. S.)—President Wilson this afternoon insisted upon the reinstatement by their employers of all the Bridgeport strikers, who, from the receipt of his work or fight ultimatum, voted to return to their jobs. Hearing that some of the companies had refused to reinstate the men, the president addressed a communication to the Remington Arms and Liberty Ordnance companies and others, insisting that the men be taken back.

A recently patented pencil sharpener which can be carried in a vest pocket, consists of two roughened surfaces between which a pencil point can be rubbed.

## How Is Your "Culebra Cut"?

The Panama Canal is a clear passageway as far as the Culebra Cut. But Gold Hill has a way of slipping into the cut. And until dredges can clear the channel, the industrial schedule of the world is out of gear.

How about your own canal? The intestinal canal is a clear passageway as far as the large intestine. There, if you become constipated, waste matter is allowed to stagnate. It becomes unnaturally dry and undergoes abnormal fermentation and putrefaction. Germ activity is increased. Your whole system is out of gear. Result, the production of irritating and poisonous substances, which are absorbed into your blood and carried all over your body, liable to produce disease anywhere. The longer such stagnation is allowed to exist, the harder it is to clean out the canal. 90% of human disease originates in the "Culebra Cut."

If engineers tried to blast out the slide from Culebra Cut they would have more slides to cope with. If you try to blast out accumulated waste from your Culebra Cut with pills, salts or purges, you will increase your constipation—and next time you will have to take stronger medicine in a larger dose.

You can't dredge your canal.  
You can clean it out with Nujol.

Nujol softens the mass, and supplies the intestinal canal with sufficient moisture to replace deficient mucus. It causes the obstructive waste matter to pass gently out of your system at a regular hour, absorbing and removing the poisons as it goes. Nujol regularly keeps the traffic of your mind and body operating on schedule.

You admire the Panama Canal system. Why not safeguard your own? Your druggist has Nujol.

Warning:  
NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
