

## KILL LOYAL RUSS IS PEACE PLAN OF GERMAN LEADERS

Assassination of Anti-German Generals is Ordered as Prelude to Complete Debauchery.

DEMORALIZE ARMY, IS AIM

Brotherhood With Russians Planned to Undermine Morale for Fight Against Central Powers.

Washington, Sept. 13.—As a dramatic and impressive sample of "Made in Berlin" peace, the United States government in today's installment of official disclosures through the committee on public information gives the world a comprehensive behind the scenes view of the "negotiating" peace which preceded the forcing upon helpless Russia of the ruinous Brest-Litovsk treaty.

Following as they do the latest Teutonic peace offer to the allies and its startlingly prompt rejection by the United States, they possess an immediate interest and give an exceptionally clear outline of the standard and methods by which Germany sets about to make peace with her enemies.

Below are enumerated some of the striking features of the Berlin "negotiating" peace as revealed in original documents or photographic copies of official German and Bolshevik documents made public today:

- 1—Assassination of anti-German Russian generals and loyal Russian patriots.
- 2—"Outstanding" peace as revealed in original documents or photographic copies of official German and Bolshevik documents made public today:
- 3—Patriots, German Way
- 4—Assassination of anti-German Russian generals and loyal Russian patriots.
- 5—Outstanding peace as revealed in original documents or photographic copies of official German and Bolshevik documents made public today:
- 6—Suppression by the most rigorous and merciless force of all patriotic propaganda by loyal Russian soldiers and civilians, who still sought to save their country from destruction and plunder.
- 7—Treachery even to Lenin and Trotsky, their servile hirelings involved in the separate peace with the Ukrainians.
- 8—Brotherhood Is Planned
- 9—Complete brotherhood in the major conspiracy among Germany, Austria and the Lenin-Trotsky regime as early as November, 1917.
- 10—It is to be borne in mind that all these acts were planned or committed before March 4, 1918, the day Petrograd received news of the signing of the treaty by the Russian and German delegation. They took place at a time when Russia was supposedly at war with Germany and the central powers, and when Lenin and Trotsky were posing as the apostles of democracy and free government, who were to liberate the Russian people.
- 11—The actual effect of the treason of

the Bolshevik chiefs was to enable Germany to combine its former army on the Russian front with its western army for the launching of its March offensive in France. The disastrous climax to that ill-begotten campaign is now a matter of history, and at this moment cable dispatches indicate that Lenin and Trotsky, Russia's chief betrayers, cowed by the rising storm of the outraged Russian people, are now arranging flight from their last place of refuge in Russia. Such has been the fruit of Germany's cunning subjugation and depopulation of the Russian nation.

Incidentally it is pointed out that the procurement by Edgar Sisson, the representative of the committee on public information, made of the damning documentary proofs now being made public, indicates that the impenetrable secret service of Germany has collapsed along with its discarded diplomacy and its retreating army.

**Secret Letter Revealed**  
Chronologically arranged, the first document is dated November 26, 1917, being a photograph of a "very secret" letter of the German secret service, setting forth that the German and Austrian high commands, cooperating with Lenin and Trotsky, had worked out a plan of the activities of the revolutionaries known as the council of workmen and soldiers' deputies—Chudovsky, Boyarsky, Galkin, with the Americans who are under full direction of the Austro-Hungarian high command.

This final convincing sentence clinches the proof of conspiracy: "The commander in chief of the Russian army has been made acquainted by me with plans of the Austro-German high command and will cooperate with them."

Disclosures of a cold-blooded plan of assassination and the arming of German prisoners of war in Russia as soldiers is contained in a similar communication dated in December, 1917. The United States government also has a photograph of this paper.

**Assassination on Program**  
The agents sent by order from Petrograd to kill General Kaledin, Bogovoyevich and Alexieff were cowardly and non-enterprising people. The agents passed through to Karauloff. The communications of General Kaledin with the Americans and English are beyond doubt, but they limit themselves entirely to financial assistance.

The major also organized a detachment of prisoners of war in accordance with the directions given by the July conference at Kronstadt participated in by Messrs. Lenin. (Then follows other names.)  
How the Bolshevik chiefs themselves were double-crossed by Germany is shown in another official communication by the Bolshevik "counter espionage," dated January 10, 1918, and addressed to the Russian commission for combating the counter revolution.  
The following appears:  
"There have been sent comrades Vlasenko (and others) who more than once have very successfully performed information service. The commissar, in his cipher telegram, indicates that the German and Austrian agents assigned from Petrograd (named) are playing a double role reporting on what is happening at Petrograd and they carry on an intensive agitation in favor of a separate peace of the Ukraine with the central powers and for the resuming of order. Their work is having success."

**Private Meetings Reported**  
Corroboration of the German treachery is found in a report of the "counter espionage," dated January 20, 1918, which contains these statements:  
"You are informed that the German

The most able solicitors general the government ever had.  
Both Davis and Reading are of the so-called "liberal" element in world politics and both are of charming personality.

**Overthrow Secretly Plotted**  
On February 6, 1918, the German staff is found to be secretly plotting for the overthrow of General Bonch-Bruевич, the Russian general. Here is the evidence:  
"Agent C. Mistrif is to be sent to the staff of the Russian high command, where, according to the previous discussion between General Hoffmann and Commissars Trotsky and Joffe, he will keep watch on the activity of the head of the staff, General Bonch-Bruевич, in the capacity of assistant to the commissars, Kaimanovich and Peterabend."

**Given 30 Day Sentence**

## CHINESE BABE SLAIN; MOTHER TELLS ABOUT MURDER AND ATTACK

Mrs. Chin Dock Declares Negro Attacked Her After Strangling Infant With Stocking.

Investigations are being conducted today by the police and the county coroner to test the truth of a story told by Mrs. Chin Dock, a Chinese woman, whose baby, apparently strangled, was found dead Tuesday night at 76-North Fifth street. The woman told the police she had been slugged with a milk bottle and attacked by a negro who escaped through a window. She said she had strangled the baby with a stocking as a precaution against its cries.

Emergency hospital attaches, who examined the woman's head, found the skin bruised.

Mrs. Dock said her 15-year-old daughter had just gone to a nearby drugstore when the negro attacked her, threw her on the bed and hit her over the head with the baby's milk bottle. When the daughter returned from her errand, she found her mother unconscious with a swelling on her head, and the baby was lying at her side dead, with a stocking tied around its neck, according to her story.

Mrs. Dock explained that the negro had entered her room as soon as she was left alone. He took one of her stockings hanging on the bed post and tied it around the baby's neck to keep it from crying so loudly, she said.

The injured woman described her assailant as a large black man, smooth shaven and about 30 years old. He wore a black hat, dark grey pants and a black coat.

## Grand Fleet of the Allies Is 80 Miles Long, Says Senator

Washington, Sept. 13.—(I. N. S.)—The joining of the British and American fleets in foreign waters has eliminated any possibility that the German fleet will come out during the war, Senator Thompson of Kansas, who has just returned from abroad, told the senate this afternoon.

"The Royal fleet," the name of which was changed to the Grand fleet after the United States vessels joined it, is 80 miles in length when passing in review, he said.  
"Admiral Beatty of the British navy is, of course, supreme in command," he added, "but it frequently devolves upon our American admiral, Rodman, to command, and whenever orders are given by either commander, they are obeyed and respected as of equal authority."

**Newspaper Price Raised**

## BUILD UP YOUR BLOOD AND ENTIRE SYSTEM BENEFITS

When you feel badly all over but with no particular organ of your body noticeably out of order, you need a tonic for the blood. You require a medicine that will benefit the whole system. The blood reaches every part of the body and when it is built up the whole system quickly benefits.

Let the blood become deranged and deficient in needed elements and the nerves will be badly nourished and headaches, neuralgia, sciatica, functional paralysis and a host of other disorders may result. One such trouble is nervous headache and the success of the tonic treatment through the blood is described by Mrs. J. H. Morgan of Correctionville, Iowa, who says:  
"I was in a terribly nervous and rundown condition and suffered greatly from nervous headaches. My head seemed as though it would burst, and I had frequent dizzy spells. I was in despair of getting well until I read about Dr. Williams' Pink Pills and began taking them. A few boxes proved that they were an ideal remedy for the treatment of nervous disorders and since then I have used them as a family medicine. The pills have done more for me than anything else and I recommend them heartily."  
Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin at once to build up the system weakened by excess or overwork. They are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box in boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for free book on the blood.

## Secretary Redfield Recommends Canals

Washington, Sept. 13.—(I. N. S.)—A system of government owned deep sea level canals, extending from Massachusetts to the South Atlantic states was recommended in a report submitted to the senate this afternoon by Secretary of Commerce Redfield. The government should acquire the Cape Cod and Chesapeake and Delaware canals and promptly improve them he believes. He recommended the construction of a canal across New Jersey with a minimum depth of 25 feet, in the immediate future.

## WASTED HALF THE MONEY HE MADE FOR FIVE YEARS

Nothing Gave Him Any Relief Until He Began Taking Tanlac.

"After spending fully half the money I made during the past five years on medicines that did me no good, a few bottles of Tanlac put an end to my troubles so that how a hard day's work never even tires me," said J. J. Harrington of 422 South Ohio street, Butte, Mont., the other day.  
"About five years ago," he continued, "I had an attack of fever that left me with such an awful cough that it looked like I would almost cough my head off before I could stop. This last year or so my stomach went back on me, I lost my appetite and what little I forced down soured and bloated me up with gas till I was miserable for hours afterwards. Then I suffered agonies from pains all through my chest and around my heart. Many a time I would come home from work with such a raging headache that I would go straight to bed. My nights were so restless that I could get but little sleep, and I would get up in the morning feeling tired and fagged out and worse than when I went to bed.  
"When I read so much about Tanlac I asked my wife to get me a bottle, but my trouble was so stubborn that it was not till I was on my third bottle that I noticed any improvement. First my appetite started up, and soon after that my stomach got all right and did not trouble me any more. Gas stopped forming as my indigestion improved and the misery in my chest and around my heart stopped for good. My cough, too, has entirely disappeared. I sleep like a log at night and I haven't had a headache since I finished my second bottle of Tanlac. My constipation has been corrected and I now feel so well and strong that I am equal to any job, no matter what it is."  
Tanlac is sold in Portland by the Owl Drug company.
