

NEW INDUSTRY TO BE CONSIDERED AT MEETING MONDAY

Emergency Fleet Corporation Is Anxious to Have Brass, Iron and Steel Work Done in City.

Officials Are to Attend Local Manufacturers Reluctant to Take Up Because of Lack of Assurance of Business.

In an endeavor to get Portland manufacturers interested in making brass and iron valves and steel flanges, which are needed by the Emergency Fleet Corporation for ships being built here, W. J. Fannon, of the supplies division of the war industries board in Portland...

A meeting has been called for 3 o'clock Monday afternoon at 402 Oregon building, at which time J. F. Steins of the supplies division will present the matter to the manufacturers. Herbert Witherspoon, regional adviser of the war industries board, and District Chairman C. H. Carey will attend.

Manufacturers have been reluctant to engage in this work because of changes in equipment that are necessary and because of lack of assurance of continued orders. The Emergency Fleet Corporation is ready to go to any reasonable length to get manufacturers interested and it is believed the industry may be launched at the meeting Monday.

Mable Montgomery Recovers After Long Suffering By Taking Tania

"No one could see the wonderful change that has taken place in our little daughter during the past few weeks and I doubt if Tania had a grain of medicine," said Mrs. H. W. Montgomery, residing at 2701 Bristol street, Omaha, Neb., recently.

Mable is now 13 years of age," continued Mrs. Montgomery, "and had suffered terribly for five years. One of her troubles was inflammatory rheumatism. Her feet and hands would swell very badly and at times she couldn't walk. She had no appetite, suffered with frightful headaches and in place of growing she seemed to be losing ground. She was often in bed for several weeks at a time, and we had to keep her out of school all the past year. She was a very sick child, and although we spent lots of money for medicines nothing seemed to reach her trouble, and we had given up to think she would never get well.

"One of our relatives urged us to give her Tania, and now you wouldn't take her for the same child. She has actually gained 34 pounds and looks the picture of health and to all appearances is perfectly well. She never complains of an ache or a pain nor a disagreeable symptom of any kind. She is brimful of life and ambition and enjoys life and play like other children. Soon after she began on Tania her appetite came back, and she increased in weight so fast that we were astonished, and the swelling and headache gradually disappeared. She is now able to enter school again, and we are more than grateful for what Tania has done for her. I have also taken Tania for loss of appetite, poor digestion and nervousness, and it has done me a world of good. I feel fine all the time, and am glad to say all I can for Tania."

Tania is sold in Portland by The Owl Drug company. (Adv.)

VESSEL OFFERED FOR COOS RUN

San Francisco Agents Present Proposition to Chamber of Commerce.

A new coastwise ship line from Portland and Astoria to Coos Bay is proposed by Charles E. Brown, traffic manager for Swayne & Hoyt, steamship agents of San Francisco, who is endeavoring to interest Oregon capital in the project.

RENTAL SCHEDULE FIXED

A schedule of rental for the use of waterfront property and part of the space on the docks at the Fifteenth street municipal terminal has been figured out by Secretary Randall of the commission of public docks and wharves, 400 tons of weight, for 30 passengers, for \$60.00. Mr. George, unable to finance the proposition on Coos Bay because of war industries and shipbuilding, has referred the matter to the Portland Chamber of Commerce.

If local capital can be secured, it is understood, the San Francisco firm is willing to engage as a partner in the enterprise.

The bureau of navigation announces for the benefit of relatives or friends of the survivors of the San Diego that mail for the survivors of the ship will be addressed to them in care of the commandant, Third naval district, New York, marked "Survivor U. S. S. San Diego."

Captain Charles H. Johnson, tugmaster for the Port of Portland at the mouth of the river and well known along the coast and on the river, has been assigned as first mate of the Quocuo, of which Captain John Laping is master. Both officers are from Astoria.

Boilermakers May Take Action

Action of some sort on the Saturday half holiday may be taken at a meeting of the boilermakers tonight. Oakland boilermakers have agreed to go back to work, pending the announcement of the board's decision October 1, and it is possible, though union officials consider it improbable, that Portland may follow suit.

SHOOTING DECLARED ACCIDENTAL; STATE WILL NOT PROSECUTE
