FOUNDATION TOSSERS ARE YARD CHAMPIONS BY TRIMMING SAINTS

Lefty James Pitches Well and Is Given Good Support, While Oscar Theander Harstad Is Woefully Mistreated in Fielding Line by His Down-River Mates in the Titular Contest.

RIMMING the St. Helens team in the first game of Sunday's double-header, the Foundation club annexed the championship of the Columbia-Willamette Shipbuilders' Baseball league for the season of 1918. The scores of the games were 7 to 1 and 2 to 0, the second contest being called at the end of the first half of the fifth inning.

"Lefty" James southpawed the down-river club to death in the game that decided the championship, allowing but five hits. Oscar Harstad, the St. Helens hurler, pitched great ball, but was accorded miserable support by his teammates, four errors being

Foundation jumped into the lead in the first inning on a double by Sigsby, Stumpf's single and a two-base wallop by Gus Fisher, Sigsby being nabbed on the plate trying to score on Stumpf's knock to left.

St. Helens had a chance to score in the first inning when they loaded the bases with two down, but Harstad popped out to Lind for the final out. The down river players edged the tying run across the plate in the fourth inning or Feuerborn's double down the third base line, a stolen base and Harstad's long fly to left field. Groce made a nice running eatch of Har-

N. Y. YANKS LOSE \$1300 **ONBALDWIN**

Drafted Portland Player From Salt Lake Instead of McCredie's Club.

INLESS the New York Americans wake up, they are liable to hand out some coin in the draft, which will be welcome indeed to Judge W. W. Mcredie, owner of the Portland ball club. It all concerns Catcher Red Baldwin who quit the Portland club last spring to enlist in the army. Red played ho ball last summer, but the majors were overlooking no chance to land the youngster. Therefore New York figured that Walter McCredie had taken Baldwin to Salt Lake with him in the Paddy Siglin and Jack Farmer switch. Red was drafted from the Bees instead of from the Portland Buckaross, to which club he would have reverted.

Loses \$1200 in Deal The draft price on a class AA club is \$2500 and on a class B club \$1200, so that it doesn't take a mathematician to figure where New York gets off for

Clifford Lee goes to the Pittsburg club for a paltry \$1200, when in normal times he would have been cheap at \$5000. Hugo Bezdek tried to get Lee at the close of the Northwest season, but Cliff didn't figure it beneficial to himkept an eye on the long legged boy, and put in a draft for him.

Surprised Over Siglin Walter McCredie, who is up from the North Fork Lumber camp for a conference with Judge McCredie, is surprised that Paddy Siglin was not drafted. He says Siglin played the best second base last season he ever saw, besides hitting over .290.

The clubs from which the players were drafted will be given notes covering the draft price instead of cash and if the players ever report after the war,

n," said Mrs. Cochran, in explaining her case, "and have had very poor health for five years. My stomach was so up-set that everything I ate would sour, causing gas and sharp pains in the pit of my stomach. Many a night I have spent half the time sitting up in bed, in so much pain that I could not sleep. Finally my back over my kidneys, got to bothering me, I was also constipated, and had attacks of severe headache. I had no appetite, was losing weight all the time, and got so weak I couldn't walk a block without stopping to rest and get my breath. I got so nervous I was afraid to be alone, and had to have some relative or, neighbor stay with me all the time. Two years ago I spent over two hundred dollars with a specalist on nervous disorders, but kept geting worse, and since then I have been inder treatment most of the time with out any neticeable results.

"A friend of mine who had gotten fine esults from Tanlac, advised me to try it, and I commenced to feel better after the first few doses. Before I started on my second bottle I was eating heartly and getting more enjoyment out of my meals than I had in years. I have just started on my fifth bottle now, and I can eat just anything I want, and digest it perfectly, and all my stomach misery is gone. When I started taking Tanlac I just weighed 103 pounds. I now weigh 125 making a gain of 22 pounds, and this shows how wonderfully Tanlac has built me up. My back never troubles me now at all; I'm not constipated any more, and am entirely free from headsche. I sleep like a child and have so more strength and energy that I don't get tired and out of breath like I did. I am glad to recommend Tanlac for it certainly has been a wonderful

LEONARD AND LEWIS IN EIGHT-ROUND CONTEST FOR WELTER'S CROWN

Two Scrappers Will Step Eight Rounds With Eight Ounce Pads on Their Fists: Britisher Weighs Nine Pounds More Than American, but Latter Has Been Made the Favorite.

By Jack Veiock

EW YORK, Sept. 23.—(I. N. S.)—A fine little fistic feud of
three years' standing will be settled tonight at Newark, when Benny Leonard and Ted Lewis meet in the roped arena. Added to the rivalry between the pair is the fact that both are hampions, and, all things considered, tonight's melee promises

to be the real thing from a fighting standpoint. Leonard, king of the lightweights, will attempt to uncrown ewis, boss of the welters. Lewis would have had it the other way around, for he has looked upon the lightweight championship with covetous eyes for several moons. But Leonard dictated what he battle should be fought for, and he will weigh as near the welerweight limit as possible.

hewis will have to take what satisfaction he can get by the use of his gloved fists, and he means to get plenty of it.

Champion Has Confidence Leonard is confidence personified. He believes he has Lewis' number, his goat and his measure on the floor of the ring. He has visions of wearing a double crown when the fight is over.

The boys will step eight rounds, wearing eight ounce mitts. Patsy Cline of Newark will be referee and the fight will be staged in the open air at Wiedenmayer's park. It is scheduled for 10 o'clock.

The measurements show that Lewis will hold an advantage in height and reach, yet Leonard will enter the ring the favorite. The Tape Measure

The figures on the rivals follows: Benny Leonard. Ted Lewis.

How About Your Danger Zone?

VOU'VE got it—every human being is born with it-your large intestine, or colon. It is a large tube—a reservoir or sewer—intended to collect waste matter and remove it from the body.

Plug it up with waste, neglect it, and you're sick on your feet. The waste matter stagnates, undergoes decay, fermentation and germ action. Dangerous poisons are produced, that can easily be absorbed and carried all over the body.

Allow constipation to become established, and you are liable to become definitely and miserably sick-and not on your feet either. You have broken Nature's laws.

Better be kind to her. Keep the danger zone clean, with a regular bowel movement, and Nature will thank you, and pay you back in gold coinhealth, good nature, and a feeling of eagerness for your daily task.

A large proportion of almost every form of sickness is caused or made worse by the poisons produced as a result of constipation.

Nujol has the approval of established medical practice. because it does not upset the system as do pills, castor oil and purgative mineral waters, salts, etc. It softens the contents of the colon, making them easy for the intestinal muscles to move at regular hours. Don't fight Nature. Help her. Nujol is health insurance for tens of thousands of American families today. Sold at drug stores everywhere.

Warning:

NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
