HOOVER ASKS FARMERS TO HOLD WHEAT

THERE is no occasion for any farmer becoming panicky over the temporary delay in wheat movement and disposing of his crop at less than government prices, accordiag to a telegram received yesterday by W. B. Ayer, food administrator for Oregon, from Herbert Hoover, federal food adminis-

Mr. Hoover, in his telegram, ex plains the delay in absorbing the wheat crop as due to an increased demand for supplies by General Pershing because of the rapid advance of the fighting lines. This demand has required that a number of grain vessels be diverted to the transportation of other supplies, thus filling all seaboard and terminal elevators to capacity and cheeking, for the time being, further shipments.

The delay, Mr. Hoover explains, is only temporary and farmers are asked to have patience in the emerrency and hold their wheat for the full government price.
