

**WOMEN ARE NEEDED
IN Y. M. C. A. CANTEN
WORK, SAYS SPEAKER**

**Dr. Marguerite Crocker Relates
Experiences of Work for
Soldiers in France.**

Two hundred and forty representative women of the city, with a slight sprinkling of men, gathered Thursday at the University club to hear Dr. Marguerite Crocker, a Y. M. C. A. canteen worker recently returned from service overseas. Dr. Crocker has the distinction of being one of the women to open the first canteen in connection with the Y. M. C. A.

"I long ago decided that the American soldier's stomach is bottomless," said Dr. Crocker, "but sometimes I wonder if it really isn't his heart that is empty and he just tries to fill up the aching void with hot chocolate and cookies. I want to make plain the difference between the duties of women workers for the Y. M. C. A. and of the Y. W. C. A. The former is work of women for men and the latter is work of women for women. The Y. M. C. A. women workers are divided into three divisions, canteen workers, office forces and entertainers and for all I cannot say too much in praise of their self sacrifice and of their effective work among the men in sustaining a high morale.

"More than seven thousand American soldiers are arriving daily in France and, to expand the work of the Y. M. C. A. at least 400 women are needed in the canteens every month. Women are wanted who have good health, good nature, adaptability and will-

ness to work. Canteen workers must have pep and charm. These qualities are quite as essential or more, so than training. In fact there is such a thing as over training. The good canteen worker soon realizes that the big thing is not what she is doing for the boys but what the boys and the work in general are doing for her."

**From Tillamook's
Famous Dairy
Country**

Pastures are green the year around in this little valley. Through it run streams of clear mountain water. In this ideal section the fine herds produce a record yield of rich milk. No other Cheese has the distinctive flavor and richness of Tillamook. This uniform quality is due to the co-operation of 24 factories in Tillamook County. Experts have come here from the famous cheese centers of Europe. Only milk from cows tested for health is used by these association factories. Use Tillamook Cheese now with your war menus. Serve it in scores of tempting ways—with potatoes, with rice, with macaroni, eggs, etc. Considering its food-value, cheese is still one of the cheapest of foods. A pound of Tillamook Full Cream Cheese has 1950 calories (fuel value), compared with 1110 for a pound of porterhouse steak.

Every Tillamook Cheese is now trade-marked. Look for the name on the rind of each pound or piece you buy.
