RUSHLIGHT'S NAME PROTESTED BY MOSER

Charge Is Made That Candidate for Commissioner Filed His Petition Too Late.

Gus. C. Moser, acting for Dr. T. L. Perkins, candidate for the short term commissioner, today filed formal protest with the city auditor against that official putting the name of A. G. Rushlight upon the ballot, on the ground that his petition had been filed in the auditor's office after 5 o'clock on Tueslay afternoon.

City Auditor Funk forwarded rotest to the city attorney, who ruled hat the auditor had no right to place Rushlight's name upon the ballot or to accept the filing. Mr. Rushlight says he is not worrying

about the matter. "I guess I will be on the ballot, all right," he said over the phone, being Tuesday did not end until mianight, and as long as the auditor's of-fice was open I had a right to file my petition. If the ofifce had been closed at 5 I would have been shut out. But long as it was open I was in time. If the auditor, does not put my name on the ballet I will bring mandamus proceedings and force him to do so.

City Auditor Funk, in sending the pro test of Dr. Perkins to the city attorney, included the case of Arthur Bain. candidate for the long term, with that of Rushlight, because Mr. Bain had also filed his petition after 5 o'clock of the last day. As a consequence Mr. Bain is also under the ban of the city attorney's ruling, and will probably have to join with Rushiight in mandamus, unless the city auditor will take the Rushlight proceedings as compelling in the Bain case and be guided accord-

Proof that Some Women

do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about

Lydia E. Pinkham's Vegetable Compound and tried it. The first

bottle brought great relief and six bottles have entirely cured me.

The kidneys are the most overworked organs in the human body. When they

break down under the strain and the deadly uric acid accumulates and crystallizes, look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and

One of the first warnings of sluggish leidney action is pain or stiffness in the small of the back, high colored or scanty urine, loss of appetite, indigection or rheumatism.

Stop "dosing" rheumatism.

It's pain only; not one case in 50 requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Liniment" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. "The Herpicide Company, Detroit, Mich.
Gentlemen: — After the use of a single bottle of your Herpicide it was plainly noticeable that my hair had improved in appearance to a marked degree. In every possible way the health and vigor, and beautiful lustre of my hair were improved to the extent that my friends commented on it. My observation of many artists on the stage and screen, particularly the stars in Paramount Pictures, has taught me the value of beautiful hair. This attribute no doubt side in the securing of opportunities for many artists.

Cordially yours,

The improvement in Miss Lee's hair is not unusual. HERPI-CIDE will do the same thing for your hair. Your friends will quickly note its added beauty. It is just a matter of using HERPICIDE, and using it now.

People who have their own recipes for hair tonics find that the war has increased the cost of alcohol to such an extent, that this valuable stimulant, antiseptic, and germicide is sometimes omitted.
