Thompson's Deep-Cure Lenses Are Better (Trademark Registered)

THE SIGN OF PERFECT SERVICE

Eyes carefully examined and properly fitted with glasses without the use of drugs by skilled specialists.

THE THOMPSONOLOGY OF EYE GLASSES

Q First, that a person requiring glasses should consider service, quality and satisfaction.

Q Second, that the right kind of glasses will often change labor, that seemed a mere grind, into pleasurable work.

Q Third, that people should avoid the commonplace in Eyeglasses and cultivate skill and service, which, though commonplace enough in print, is as rare as radium in fact.

Q And always remember, that at Thompson's, no matter how little you pay for a pair of Glasses, no matter how much, you cannot at any price disturb the eternal affiliation that exists between Thompson service and Eyeglass satisfaction.

"For six years we have used Dr. Caldwell's Syrup Pepsin in our family and feel we could not possibly do without it, especially for the children." (From a letter to Dr. Caldwell written by Mrs. Earl Cowell, Cement City, Mich.)

Children become constipated as readily as do their elders, and the result is equally distressing. Dr. Caldwell's Syrup Pepsin is ideal for children because of its pleasant taste, positive, yet gentle, action, and its freedom from opiates and narcotic drugs.

Please Answer This Question

How many times have you passed favorable mental or verbal judgment on a man whom you didn't know because he was well dressed.

Ninety-nine times out of a hundred you will find that man a success—because the favorable opinion of the world makes him a success—in fact, that is real success.

While a diamond in the rough is a diamond, it is not performing its worldly function until it is properly dressed.

No man with high ideals and ambitions can afford to be poorly dressed, because we can within the means of anyone, dress you properly.

We have endeavored for years to make that so—we have succeeded. You can be well dressed by us, no matter what you are able to invest in clothes—and on that basis.

We Want Your Clothing Business

You will find in this store an organization of men who are highly qualified and anxious to hold up its ideals of service, ready to serve you—so

THREE GENERATIONS OF WOMEN

For three generations women of this country have used and recommended to their children and children's children the use of that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, until today it is recognized everywhere as the standard remedy for women's ills. It contains no narcotics or harmful drugs; is made from roots and herbs of the field under the most sanitary condition, and any woman suffering from such ailments should be sure to give it a trial.—Adv.

Swift & Company Packing Plants Since 1918 One of Our 22 Packing Plants in U.S.A.

Unlike Topsy— Swift & Company Has Not "Jest Grown"

Swift & Company, in fifty years of well ordered growth, has become one of the great national services because it has learned to do something for the American people which they needed to have done for them, in the way in which they preferred to have it done.

It has met each successive demand, in the changing conditions of national life, by getting good meat to increasing millions effectively, efficiently, economically, and expeditiously.

The Swift & Company packing plants, refrigerator cars, car routes, branch houses, organization, and personnel of today are the practical solutions, born of practical experience, to the food problems of a half a century.

Because of all of these elements working in correlation and unison, Swift & Company is able to supply more and better meat to more people than would have been possible otherwise, at a net profit per pound of meat so low (a fraction of a cent) that the consumer price is practically unaffected.

Strip away any portion of this vast, smooth-running human machine, and you make a large part of the meat supply uncertain, lose the benefit of half a century of fruitful experience, and scatter the intelligent energies of men who have devoted a life work toward meeting the needs of a nation in one vital field.

The booklet of preceding chapters in this story of the packing industry will be mailed on request to Swift & Company, Union Stock Yards, Chicago, Illinois.
