BOXING

TOMMY TRACEY, the Portland commission matchmaker, plans to stage the first multistate boxing smoker on the night of December 6, so it is announced.

Joe Miller (not the author of the famous jokebook) and Johnny McCarthy, a pair of welterweights, are being groomed for the first bout under the auspices of the commission. McCarthy is the well known knockout and Miller is a stranger in these parts, but he is said to be possessed of cleverness and a punch.

Tracey has had Miller on his mind for some time and has sent his terms to Joe. McCarthy, it is said, is satisfied with the terms offered him.

Tracey is also trying to line Weldon Wing and Spaniel Joe Gorman up for a contest of six rounds. This pair fractured the entente cordiale some little time ago at Vancouver barracks and Tracey would do to get them. Wing was given a decision over Gorman at the time.

Muff Bronson has been notified by Harry Druksman, the Aberdeen promoter, that the Bronson-Ingie bout will be staged November 22. Muff, who is always in good condition, has started in the work of preparation for Ingie, who is the toughest customer in the Northwest among the lightweights. They are scheduled to step 10 rounds.

OREGON IS PREPARING FOR O. A. C.

Two Big State Colleges Will Meet Next Saturday at Corvallis Football Field.

UNIVERSITY of Oregon, Eugene, Nov. 13.—With the annual clash with O. A. C. four days distant the University of Oregon regimental eleven resumed practice last night to make final preparation for the contest which will be held in Corvallis Saturday. It will be the hardest four days of work that the team has ever put in, according to Coach Huntington and Trainer Hayward, neither of whom is satisfied with the team in any respect.

Concerning the 20-3 victory over the 166 Depot Brigade, Coach Huntington feels that the work of almost every man on the eleven was poor. The two Jacobsonners were going good in the backfield, he says, but the rest of the men did not play up to standard. If they had played the class of ball they are capable of, according to Huntington, the result would have been doubled.

Setbacks Are Caused The ravages of the influenza and the change in personnel on account of players leaving for officers' training camps have caused setbacks in the progress of the eleven but Coach Huntington feels that he can overcome these difficulties if every man on the team cooperates with him in work and spirit. He has an abundance of good material but a lack of time to whip it into a good machine.

Oregon now has a heavy schedule of games facing it. Following the Aggie game Saturday the team must bend every effort to get into shape to meet Andy Smith's group of Californians in San Francisco November 23. November 30 Oregon will meet the University of Washington in Seattle. Then it is possible that another mix with O. A. C. will be scheduled for a date early in December.

May Change Lineup Huntington may shift his entire lineup within the next few days in the hope of getting an eleven together which can meet the onslaught of the heavy teams which it will meet in the future. The position left vacant at left end by Eric Hauser when he departed for the artillery officers' training school at Camp Zachary Taylor last Friday, was filled by Martin Hayward, last Saturday. This position as well as several other line places may be filled by men now on the second team before Huntington finally gets the eleven lined up the way he wants. Watson in the backfield, Albert Harding, as a guard and O'Rourke, as a tackle, are all newcomers to Oregon who are doing good work in their respective places.

According to authorities the influenza ban will be lifted at the University by next Saturday, what it thought every team will be allowed to accompany the team to Corvallis. If influenza conditions permit a special train will be chartered.

WILSON IS GIVEN HAND BY MOGULS

President Is Congratulated Over End of War; Two Leagues Plan to Start Season.

PEORIA, Ill., Nov. 13.—(U. P.)—Minor league baseball men today congratulated President Wilson on "making the universe safe for democracy." The message was signed by managers who attended the meeting of the National Association of Professional Baseball leagues here.

It was predicted today the owners and managers would indite an appeal to the president asking his endorsement of the resurrection of baseball. A request that baseball players be released as quickly as possible may be embodied in the message.

President Michael Sexton of the association found himself practically alone in advising conservatism. Others were confident the minors would start, regardless of major league action. The Western league and the American association already have planned their seasons, according to representatives here.

Daniel O'Neil, Hartford, Conn., Eastern league, asked that the next convention be held at Springfield, Mass. T. J. Hickey, American association, is chairman of the constitutional revision committee. George Belden, Minneapolis, of the resolution committee. J. J. Hanlon, Sioux City, is a member of the resolutions committee.

Alleged Forger at Yakima Unable to Raise Bail Money

Yakima, Nov. 13.—Former Deputy County Auditor Harry T. Taylor arrested Saturday morning and held to answer the charge of forgery is still in jail, and has so far been unable to raise the \$2500 bail. Though the officials are informed he will make his arrangements for bail today, investigation carried on by the county prosecutor and the county commissioners indicate that the total value of the fee warrants cashed will amount to about \$650, and say the range of the transactions has covered a period of six weeks. There is still a suspicion that two or more persons are implicated in the crime of defrauding the county through this process.

CLUB TEAM WORKS FOR ARMY BOUT

Multnomah Putting on High Speed for the Meeting With Soldiers Here Saturday.

SPURRED on by the sting of the 7 to 0 defeat inflicted in the game played at American Lake October 26, the Multnomah Amateur Athletic club men are working harder than ever in hopes of turning the tables on the crack Thirtieth Division team of Camp Lewis in Saturday's football contest on the "Winged M" field.

George Dewey, who accomplished wonders with the Franklin high school eleven last season, supervised the workout of the Cardinal and White players Tuesday night and he will be on hand tonight and Thursday night when the finishing touches on the club's defensive will be applied.

Would Frighten Deviloids Manager George Bertz of the club team is hopeful that his players will be able to defeat Camp Lewis in order to throw a scare into the Marines, who are billed to play here November 23.

There will be two admission prices for Saturday's contest, grandstand seats and general admission. The former will be \$1.10 including war tax and the latter will be 55 cents. Seats will be placed on sale at Spalding and Rich's cigar store Thursday morning. Indications are that a big crowd will witness the game as it is the first of any importance here this season.

SCHOOL LEAGUE TO DECIDE ABOUT FOOTBALL GAMES

Season May Be Extended Over to December in Order to Finish Schedule.

President S. F. Ball of the Interscholastic league has issued a call for a meeting of the directors Thursday morning at 10 o'clock at the Multnomah Amateur Athletic club.

Decision whether football contests will be resumed will be reached at this meeting. In the past, the league has been opposed to playing games after Thanksgiving day, but due to the influenza ban, which prevented the playing of the regular schedule, it is likely that the schools will play out the games billed.

A number of schools are desirous of playing out the schedule in order to meet their obligations. The Columbia university and the Hill Military Academy teams will meet in the first game when play is resumed, according to the coaches, who held a meeting shortly after the games were ordered stopped.

Paraphrasing Bob Fitzsimmons, in the latter's case: "The bigger they are the harder they fall."

In the Pneumonia of influenza, Fenosote is a most valuable aid.

FENOSOTE given in three full doses a day, positively prevents influenza infection or reopens symptoms so slight as to be barely perceptible.
