

CONSTANTINOPLE'S FUTURE PROMISES VEXING QUESTIONS

President Wilson Believes Dardanelles and the Bosphorus Should Be Internationalized.

BRITISH ARE OPEN MINDED

Greeks Advocate Expulsion of Turks From Europe; Many Views Are Advanced.

By Raymond Clapper
Washington, Nov. 21.—(U. P.)—Disposition of Constantinople is being discussed informally by allied statesmen and diplomats. It was learned today that the British delegation will go to the peace conference open-minded on this point, it was officially stated. They will, however, insist on the overthrow of the present tyrannical rulers of Turkey.

The Dardanelles and the Bosphorus must be absolutely freed and Armenia must be cleared of Turkish oppression. British purposes include liberation of all subject races, including Jews, Arabs and Kurds.

Joint Government Proposed
It is possible that while the waterways and the land heights dominating them might be internationalized, the city of Constantinople will be left to whatever government is in control in Turkey. Diplomats point out that civilian population of the city is a purely local matter and that it is possible that some will be carefully defined which would cut off strategic and harbor points from the remainder of the city.

Another plan is to form a joint government, consisting of representatives of the allied powers or a league of nations, with delegates from the local population. The prime object, it is said, is to keep the Dardanelles open to all nations.

Cables reaching the Greek legation today declared the admiral of the Greek navy and his flagship are with the other allied forces at Constantinople.

200 Soldier-Loggers Go From Aberdeen
Aberdeen, Wash., Nov. 21.—Two hundred soldier loggers left Wednesday for Vancouver barracks, traveling in five cars provided by the government. The exodus of these soldiers has been going on for a number of days, but this number is the largest so far sent to Vancouver for possible demobilization.

President Wilson has expressed the belief that the Dardanelles, the Bosphorus and the strategic heights dominating the water passages should be internationalized. But some allied statesmen express doubt as to whether the Turks will be driven from Constantinople, Greece, through Premier Venizelos, now in Paris, is demanding expulsion of the Turk from Europe. Many Hellenic statesmen and diplomats are pointing to the historic position of Constantinople as capital of the ancient Byzantine em-

pire in proof of their contention that Greece receive this valued point.

British to Go Open-Minded
The British view is that while much can be said for the ejection of the Turks from Constantinople, it must be considered that more than one half of the population is Turkish. The British delegation will go to the peace conference open-minded on this point, it was officially stated. They will, however, insist on the overthrow of the present tyrannical rulers of Turkey.

Labor Unions in Seattle Insist on Burleson's Removal

Seattle, Wash., Nov. 21.—(U. P.)—President Wilson will be requested by Seattle organized labor to remove Postmaster General Burleson from public service.

An enthusiastic demonstration on the floor of the Central Labor Council last night accompanied approval of the motion presented by the city and county public service union.

The resolutions committee was instructed to immediately draft the request to President Wilson. Action was based on Burleson's failure to obtain justice for postoffice employees, locked out telegraphers and his general policy of control of the telegraph and telephone.

Military Hospital For Reconstruction May Not Be Built

It is probable that the half mill tax authorized by the voters of Portland at the late election to build a military reconstruction hospital will not be levied. Advice from the surgeon general are that the government has decided not to build any more reconstruction hospitals. It is thought that present facilities will be sufficient to care for wounded soldiers.

OLD PRESCRIPTION FOR WEAK KIDNEYS

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have benefited, to those who are in need of it. A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention The Portland Journal. Large and medium size bottles for sale at all drug stores.—Adv.
