

CROSSED PLAINS BY OX TEAM TO COBURG IN THE YEAR OF 1852

Mrs. Bridget Kennedy, Well Known Pioneer, Passes Away at Family Home.

Mrs. Bridget Kennedy, who died at her home, 780 Corbett street, Tuesday, was one of the early pioneers of Oregon. She was the widow of John B. Kennedy who settled with her on a donation claim near Coburg, Lane county, early in 1852. They lived there for many years and then moved to a farm near St. Paul, Marion county. Thirty years ago Mrs. Kennedy moved to Portland where she has since resided. She was born in Troy, N. Y., nearly 90 years ago, and came with her husband to Oregon in a special car of their own drawn by oxen. Mrs. Kennedy is survived by seven children, six grandchildren and seven great grandchildren. The children are: Mrs. E. Hanson, San Francisco; Mrs. Anna Johnson, Seattle; Mrs. James Darnelle, The Dalles; Mrs. R. D. Murphy, Astoria; John E. and James A. Kennedy of this city. Funeral services will be held from the residence Friday morning at 9:30 and from St. Lawrence church, Third and Sherman streets, at 10 o'clock. Burial will be in Mount Calvary cemetery. Manning & McKee have charge of arrangements.

M. Hamamoto Arrested
M. Hamamoto, a Japanese employe of the Union Meat company, who says he was formerly a reporter on a Tokyo newspaper, was arrested at Sixth and Davis streets today by Inspector Niles, charged with obtaining money on false pretenses. He obtained a watch, rifle and other goods from P. Rosmumy at 86 1/2 North Sixth street Wednesday on a fake deposit slip, it is alleged.

City Jail Inmates Are Served Turkey

Turkey, cranberry sauce and a few of the other trimmings composed the Thanksgiving dinner of the prisoners confined in the city jail. Thirty-three male prisoners and 11 women partook of the dinner, which was served at 12:30 o'clock.

LOCAL UNIONS ARE FOR MOONEY STRIKE

(Continued From Page One)
ceeding in a satisfactory manner, it was stated. Other unions have unexpired contracts with the employers, so that no local troubles are prevalent at all. Boycott Is Suggested
Twenty-two unions reported on blanks sent out by the secretary of the Central Labor Council, and several by delegate and special resolutions. Of these but one union did not affirm the strike and it proposed a boycott of California products. That was the Electrical Workers' union No. 48, and its proposal was adopted as part of the strike resolution by the council. Other unions will vote upon the question before the meeting next Thursday night.
A number of unions on account of signed contracts cannot walk out or strike without gross violations of faith. In some instances their international organizations might disown them and declare all strike and other benefits forfeited. The strike vote by some of these

unions was very light. One union recorded as being nearly unanimous for the strike is said to have cast less than 200 votes out of a membership of nearly 2000. Delegates from Electrical Workers' union said their proposal was put forward as a suggestion and that the union had not voted against the strike.

Letter Sent to Governor
While it did not vote actually to participate in a strike because of its equitable contract with the employers, the union team, auto truck and delivery drivers Wednesday night drafted a letter to Governor Stephens of California making a definite appeal to save Mooney and placing upon Stephens the responsibility for a nation-wide strike in case the new trial is not granted.

The letter is as follows:
"Sir: We make this appeal to you to use whatever power you have to secure a new trial for Thomas J. Mooney, now under sentence of death in San Quentin prison.
"We do not raise the question of Mooney's guilt or innocence. It is guilty, organized labor as much as any other element in the social fabric wants him punished, but the trial judge has stated that he should have a new trial. Two investigations have been made of the trial by the United States department of labor representatives and both have condemned the trial as unfair and virtually frame-up.
"There is under consideration a general strike of all organized labor in support of the appeal for a new trial. The sentiment in this union is overwhelmingly in favor of taking such action as will secure a new trial, but entirely due to the fact that our union has a valid and equitable contract with the Draymen's association of this city the members at last night's meeting voted to make a final appeal to you.
"You, as governor of California, have it in your power to say whether this man shall have justice, or whether the entire United States shall be subjected

to the greatest tieup ever experienced in the history of the world."
The letter is signed by Ed Jones, president; W. J. Rogers, recording secretary; R. C. Tait, secretary-treasurer; John Kalkofen, vice-president, and Oscar Enquist, Richard Durkin and Walter Leonhardt, trustees.

Parcels May Be Mailed to Nov. 30 To Allied Armies

Christmas parcels addressed to members of the allied armies, medical corps or Red Cross organizations will be received for mailing up to and including November 30, according to advices received from Washington by Postmaster F. S. Myers yesterday.
The original order governing the sending of Christmas packages limited the date of mailing to November 20 and this rule applies to members of military organizations of the United States. Packages sent to the allied armies do not require an export license and are governed by parcel post regulations, the maximum weight being 11 pounds. Hundreds of Christmas parcels have been mailed already to men in the Canadian, English, French and other allied armies, according to Mr. Myers, and many inquiries have been received during the past few days.
