O'regon—Tonight and Sunday, rain west portion, rain or snow east portion; warmer tonight south and east portions; strong southerly winds.

Washington—Tonight and Sunday, rain west portion.

#### WEATHER CONDITIONS

Low pressure prevails in Alaska, extending southward along the coast to the Columbia river and eastward over Causada to the North Atlantic states. Over the remainer of the country the pressure is high, the highest readings being in southern Idaho. Precipitation has occurred at a large number of northwestern stations and in the lake region, Mississippi and Ohio valleys and Florida. The weather is much colder in parts of Iadho, Western Montana and Alberta and is much milder in parts of Oregon, Washington, Pastern Montana and Colorado. The temperature is generally above normal in Canada and the northern states and is below normal in the South. Severe freezing weather has occurred throughout the Sacramento and San Joaquin valleys in California. Under the influence of the prevailing low pressure, rain may be expected in Portland and its vicinity tonight and Sunday. Southwest storm warnings have been ordered for all points on the Washington coast and small craft warnings for Astoria and Marshfield.

Commissioner Corey Appeals to Washington for Relief for Oregon Railroad.

Salem, Dec. 28 .- As the Sumpter Valey Railroad company, which operates fronting a financial stringency which threatens to wreck it unless it can obtain help from outside sources, Public Service Commissioner Corey has sent a telegram to C. A. Prouty, director of public service and accounting of the federal railroad administration, putting the situation up to him.

The Oregon commission, already has granted the company a 40 per cent increase in freight rates, while its passenger rates are based on a fare of 4 cents a mile, so that further increases would tend to prevent the movement of traffic rather than increase the revenues of the company, points ou

Commissioner Corey.

He does not offer any suggestion as the remedy for the present situation, in his message to Judge Prouty, but he stated that he thought the so lution would be found in establishing through rates with the O-W. R. & N. and require this railroad to bear some
