Land Holdings in Sutherlin Valley To Be Improved Roseburg, Dec. 30,-Howard Everet. president of the Luse Land & Develop-

ment company of St. Paul, Minn., and

Clarence Dohl, attorney for the com-

pany, have arrived here for the purpose

of making extensive improvements to

the company's holdings in Sutherlin val-

ley. They have a \$100,000 bond issue

up, which will furnish money to improve

the irrigation system in the orchards of

the valley. This improvement, it is

contemplated, will supply sufficient water for the entire valley.
Sutherlin valley, it is believed, will be one of the greatest fruit producing sections of Southern Oregon in the near future. Fifteen thousand acres of apples and pears will come into full bearing in this section in a very short time, and the obligation of the Luse Land company to supply water is being pressed by the owners of the tracts.

Mrs. Woodrow Wilson has presented St. George's church at Gravesend a photograph of herself to hang in the vestry beneath a portrait of her ancestor, Pocahontas.

I had no appetite, either, and never cared for a thing to eat. "I knew I wouldn't be able to go back to work at all feeling like I was, and as I had heard so much about Tanlac I decided to test it out. Well, it seemed to help me right from the first few doses and has put me in shape to where I have actually gained 25 pounds in 30 days' time. I have just finished my third bottle, and it Suspected by Police is nothing short of astonishing the way it has increased my strength and Foul play is feared by the police in he case of Charles Hamilton of the case of th
