Reconstruction and Readjustment

We set forth at some length in our Sunday announcements the meaning and purpose of these original MEIER & FRANK Reconstruction and Readjustment Sales—the fact that in this way we are enlarging our tremendous outlet to a still greater extent in order that, so far as in us lies, we may “keep the wheels of industry turning” in the great manufacturing plants and aid Reconstruction and Readjustment by helping avert industrial depression and unemployment.

Extra Salespeople in Nearly All Departments

SALES

It required, as you know, four pages in each of the Sunday papers to tell even in part the great Reconstruction and Readjustment Sale specials offered all over the store. Practically every one of our 70 departments enters wholeheartedly into this event. The response so far has been most gratifying. We recapitulate some of our Sunday's items here and have prepared as well many new specials for those who come tomorrow.
