

# RESCUE WORK IS FINISHED WITHOUT HARM TO WOUNDED

Only Skeleton Crew Remains on Board Transport Northern Pacific, Aground on Fire Island.

PREPARING TO SAVE VESSEL

Rescuers Face Death Constantly and Take Desperate Chances as They Toil in Severe Storm.

Fire Island, N. Y., Jan. 4.—(U. P.)—Only a skeleton crew remained on the stranded transport Northern Pacific tonight.

The 1744 wounded, 710 other troops, and passengers and most of the 466 navy sailors and officers had been safely removed. The troops were at Camp Mills, the wounded scattered in several hospitals in and around New York.

Wrecking operations were started late this afternoon. Hope of pulling the Northern Pacific into harbor has not been abandoned, but first she must be lightened by throwing overboard her guns and other heavy movables.

Great credit was given the navy, the coast guard and the army medical corps for taking more than 2500 persons off the ship under the worst weather conditions, without losing a single life.

The rescuers faced death, taking desperate chances, and suffered many hardships as they toiled on hour after hour drenched with spray, in rain that turned into snow early today.

The skies cleared this afternoon, and the sun came out for the first time since the Northern Pacific struck.

The ship grounded shortly after 2 a. m. Wednesday. The worst suffering aboard, it was said, was when the automatic ventilator system was put out of commission by stoppage of the engines.

Wounded below deck then lacked fresh air. The strain was made harder to bear, said coast guards, by the deafening crash of breakers against the side of the steamer. The worst striking was when the sea was calm and the men in first deadly peril, many of them bedridden and helpless, was unbroken.

Tonight the sea was much calmer and danger of the Northern Pacific's going to pieces appeared to have passed for the moment.

Hoboken, N. J., Jan. 4.—(U. P.)—Carrying 424 wounded officers and men rescued from the transport Northern Pacific, stranded off Fire Island, the navy hospital ship Solace arrived here late tonight. The Solace brought the last of the wounded men to be taken from the stranded vessel.

# Press Club Will Be Host at Dinner To Legislators

Members of the thirty-first assembly of the Oregon state legislature will be the guests of the Portland Press club at a reconstruction dinner to be given at the Portland hotel next Saturday evening. Ralph A. Watson, president of the club, will preside.

Every phase of reconstruction work for returned soldiers, sailors and marines will be discussed by specially selected speakers and the men who make laws for the state will be asked to vote favorably upon all measures which may be introduced with a view to making public improvements or the carrying out of other projects which will benefit the state and at the same time help to solve the problem of finding employment for homecoming fighters.

Governor Withycombe and Mayor Baker have also been invited to attend the dinner, which will begin promptly at 6:30 in the evening.

The affair is expected to serve as a get together meeting. All members of the Press club are expected to attend.

# Accidents in Week Throughout State Take Decided Drop

Salem, Jan. 4.—A decided decrease in the number of industrial accidents is shown in the statement issued this week by the state industrial accident commission.

However, in the list, which totals 37 accidents, there are five fatal accidents, as follows: E. A. Bealer, Ontario, logging; J. R. Haney, Knappa, logging; Thomas W. Phillips, Powers, logging; T. H. Ebner, Portland, shipbuilding; A. N. Durant, Portland, janitor.

# Boy on Motorcycle Hurt in Collision

Arthur Bunnell, age 17, of 731 Rodney avenue, while riding a motorcycle, collided with an automobile belonging to Roy Johnson, 522 Union avenue, on the west end of the Broadway bridge at 10:30 Saturday night, sustaining a fracture of both bones in his right leg just above the ankle. He also received minor scratches. He carried an accident insurance policy in the National Hospital association and was taken to St. Vincent hospital. He is the sole support of his mother, Mrs. Nellie Johnson, and her three children. According to Johnson, he was driving south on the bridge when Bunnell turned from behind a northbound car and ran into the front of his machine on the right, throwing Bunnell under the wheels of the machine.

# Fountain Overflows, Causing Accidents

Nearly 100 accidents are reported to have occurred between Washington and Burnside streets at Lonsdale, where a public fountain froze up and the water overflowed on the pavement causing a cascade of ice to form on the street. A wide section of the street is glazed and automobiles had a hard time stopping. One woman whose name was not learned slipped and broke her arm. Other painful but less serious accidents are reported.
