Quarantine Reduces 'Flu' Cases at Bend. Bend, Jan. 15.—Only one new case of Spanish influenza appeared here Tuesday and local health authorities hope that the epidemic, which menaced the city Monday, has been averted by the drastic quarantine measures enforced.

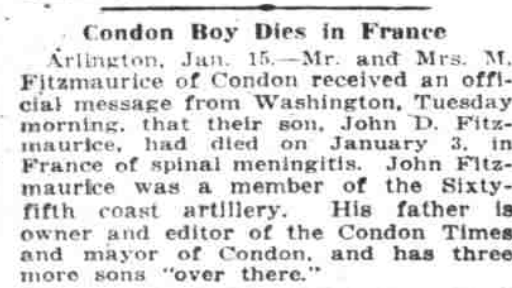

Condon Boy Dies in France. Arlington, Jan. 15.—Mr. and Mrs. M. Fitzmaurice of Condon received an official message from Washington, Tuesday morning, that their son, John D. Fitzmaurice, had died on January 2 in France of spinal meningitis. John Fitzmaurice was a member of the Sixty-fifth coast artillery. His father is owner and editor of the Condon Times and mayor of Condon, and has three more sons "over there."

Look at these children of a healthy mother. THIS mother is strong enough to raise her children right. They certainly appear to be physically and mentally above the average. Yet for every mother who is able to rear such children, there are probably ten mothers too feeble and thin-blooded to give their sons and daughters the care they need. Mothers like that improve rapidly on Pepto-Mangan.

Pepto-Mangan is no temporary "pick-me-up," but a splendid general tonic which increases the appetite, improves the color, increases the number and oxygen-carrying capacity of the red blood cells, and adds vigor, stamina and vitality to all parts of the body. Pepto-Mangan is agreeable to the taste, easy to digest and assimilate. Universally endorsed and prescribed by the medical profession.

Gude's Pepto-Mangan "The Red Blood Builder" Pepto-Mangan is made only by M. J. BREITENBACH COMPANY Manufacturing Chemists New York

FRIENDLY WARNING There is only one Pepto-Mangan and that is Gude's. Sold in bottles and packages as shown here. Sold by druggists everywhere.

McArthur Is Ready To Distribute Seeds. Washington, Jan. 15.—(WASHINGTON BUREAU OF THE JOURNAL)—Representative McArthur, announcing the beginning of the annual distribution of his allotment of vegetable and flower seeds, says he will make no general distribution, and they will be sent only upon specific request, addressed to his office in Washington. The distribution of flower seed has been especially curtailed. Mr. McArthur will supply either vegetable or flower seeds to any resident of Multnomah county who applies for them, stating the kind desired. Mr. McArthur also invites inquiry as to agricultural bulletins, several thousand of which are at his disposal, and will furnish lists of available bulletins on agriculture, horticulture, domestic science and related subjects upon request.

Dairy Schools for Tillamook Farmers. Oregon Agricultural College, Corvallis, Jan. 15.—Practical schools in dairying for Tillamook county farmers will be held the week of January 20. Spanish Influenza Hurts Inauguration. Salem, Jan. 15.—The senate and house met in joint session Tuesday afternoon to canvass the vote for governor and for his inauguration following the completion of the canvass.
