War Camp Community Service Postpones Parties for Soldiers During Epidemic.

MRS. OTTO GRICE, chairman of the special entertainment committee of the War Camp Community Service, the War Camp Community which has been furnishing dance units which has been furnishing in uniforms, for dancing parties for men in uniforms, has decided that for the good of all concerned during the present influenza epidemic the bi-weekly dances schedaled for the War Camp Community clubhouse on Wednesday and Friday evenings will be discontinued. These dances have proved an unusually happy form of entertainment for the men in service and it is with regret that they will be discontinued until further notice. The clubhouse will, however, still be open to all men in uniform and their friends and the evening and afternoon musical programs will be continued as Mrs. Thomas O'Day is hostess at the clubhouse and Miss Dorothy Bliss has charge of the entertainment pro-

THIN PEOPLE **SHOULD TAKE PHOSPHATE**

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows, and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrophosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION: — Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not dealer to put on flesh—(Adv.)
