

WILSON FOOD BILL WINS APPROVAL

Appropriation Committee of Senate Orders Favorable Report on European Relief Measure.

Washington, Jan. 16.—(I. N. S.)—The resolution carrying the \$100,000,000 requested by President Wilson for feeding the peoples of Europe was ordered favorably reported to the senate this afternoon by the appropriations committee.

There was no rollcall on reporting the resolution, but Senator Kenyon of Iowa reserved the right to file a minority report on behalf of himself and others.

The committee adopted a resolution urging President Wilson to reach a firm agreement with the allies, that will bind them to give their share of the \$200,000,000 needed for food relief.

The total requirements at present can be met with this sum, a cablegram from the inter-allied food commission to the committee said.

Amendments to the resolution provided for an itemized accounting to congress of all expenditures, and for auditing the accounts in the same manner the accounts of other government departments are audited.

NEBRASKA PUTS OVER LAST BLOW

Washington, Jan. 16.—(I. N. S.)—Secretary Daniels' bill providing for government ownership and the control of all American wireless, under the supervision of the United States navy, was tabled this afternoon for the remainder of the present congress by the house merchant committee in executive session.

measure the eighteenth amendment to the federal constitution.

All but half a dozen of the 48 states are expected to adopt the amendment in the next few weeks but the action of Nebraska today gives the ratification of three-fourths of the states, the number necessary to administer John Barleycorn the knockout punch.

One year from today, every saloon, brewery, distillery and wine press in the land must close its doors unless, as now seems likely, they are already closed at that time by war prohibition which goes into effect next July 1, and stays until completion of demobilization.

The amendment which outlaws liquor in this country reads:

"Section 1—After one year from the ratification of this article the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the exportation therefrom from the United States and all territory subject to the jurisdiction thereof, for beverage purposes are hereby prohibited.

ARMY OFFICER DIES AT BASE HOSPITAL No. 9

Captain Leland Willson

Captain Leland Willson, attached to the quartermaster corps service in France, died at base hospital No. 9 at Chateauroux, France, on November 24, 1918, from multiple abscess of the lungs, according to word received by his wife, Mrs. Dora Willson of this city.

Captain Willson was aged 37 years and had served in the regular army for the last 10 years. He was sent overseas at the beginning of the war.

Besides his wife and son, Kenneth, Captain Willson is survived by his parents and three sisters living at El Paso, Texas.

"Section 2—The congress and the several states have the concurrent power to enforce this article by appropriate legislation.

"Section 3—The article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several states as provided by the constitution within seven years of the date of submission thereof to the states by congress."

This is the amendment adopted by congress December 18, 1917, and ratified by 36 states a little more than a year later.

And here are some of the things that the amendment will do:

Wipe out at a stroke 238 distilleries, 992 breweries and over 300,000 saloons and wholesale liquor establishments, forcing their employes to seek other jobs.

Cut off from these persons annual income totaling more than \$70,000,000 in pre-war times.

Cut off from the United States treasury a source of taxation counted upon for an even billion dollars in the first drafts of the new revenue bill and millions in additional income to state treasuries.

Remove the liquor question from national, state and city politics for all time and keep decreasing city, state and fed-

eral expense by decreasing law violations.

Distillers are already planning a fight on the amendment in the congress on the ground that it was not adopted by two thirds of the whole congress, and that the seven year limitation in it invalidates the measure.

Dryers say they are confident that neither of these contentions will hold and on their side are preparing legislation carrying heavy penalties for violation of prohibition.

A special agency in the internal revenue bureau will probably be asked.

The first 36 states ratifying the amendment are: Mississippi, Virginia, Kentucky, North Dakota, South Carolina, Maryland, Montana, Texas, Delaware, South Dakota, Massachusetts, Arizona, Georgia, Louisiana, Florida, Michigan, Ohio, Oklahoma, Maine, Idaho, West Virginia, Washington, Tennessee, Arkansas, Illinois, Indiana, North Carolina, Alabama, Kansas, Iowa, Colorado, Oregon, New Hampshire, Utah and Nebraska.

Withycombe Notifies Lansing

Salem, Jan. 16.—Following the passage by the senate Wednesday morning of the house joint resolution ratifying the prohibition amendment to the constitution, Governor Withycombe sent a telegram to Secretary Lansing, as follows:

"It is a pleasure for me to inform you that the Oregon legislature has ratified the proposed prohibition amendment to the constitution, only three dissenting votes being recorded out of 90. Official papers on way.

"JAMES WITHYCOMBE, Governor of Oregon."

Speaker Jones presented to W. P. Elmore of Long the pen with which he signed the resolution, in honor of Mr. Elmore's efforts for 26 years on behalf of prohibition in Oregon which culminated in his introducing into the house the joint resolution favoring the passage of the amendment.

President of the Senate Vinton did not get to sign the resolution after its passage Wednesday afternoon owing to the fact that the senate adjourned early, but will sign it this morning, after which the papers will be forwarded to congress.

Cocanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulletted cocanut oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonsful will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulletted cocanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Ad.

NATIVE OF OHIO WAS FARMER NEAR SYLVAN

Louis R. Helleary

Louis R. Helleary, who died in this city recently, was born in Newark, Ohio, June 29, 1823, and came to Oregon in 1850 and engaged in farming in Multnomah county, near Sylvan.

citizen.

announcement is made that the United States bureau of fisheries has employed Lester F. Lingie, assistant professor of horticultural products in the Oregon Agricultural college, to conduct experiments in canning fish and fishery products.

Pending the construction of the laboratory at Washington, D. C., Professor Lingie is conducting field operations in the East, making brief studies of the methods of canning fish used along the Maine coast. At the Oregon Agricultural college, Mr. Lingie was in charge of the horticultural products laboratory, devoted to the investigations of problems in evaporating, canning and manufacture of juices.

Safe Is Opened by Use of Dynamite; Police Investigate

Dynamite was used by safeblowers in forcing open the safe in the office of D. M. Stuart, 1106 North-western Bank building, according to a report made to the police Wednesday.

Mr. Stuart, returning to his office Tuesday after two days' absence, discovered that the office door had been pried open with a jimmy, the safe door blown open with explosive and \$20 in cash and a number of valuable papers taken.

The papers are deeds, notes, bonds and policies and are not negotiable. Inspectors Snow and Tackaberry have been assigned to the case.

The theft of two \$50 Liberty bonds from a trunk somewhere between this city and San Francisco was reported to the police Wednesday by Special Agent W. G. Chandler of the Southern Pacific.

The trunk had been shipped from San Francisco by the owner, J. N. Dyer and had been taken from the depot to Mr. Dyer's residence by the Baggage & Omnibus Transfer company. The police believe that the bonds were taken by employees of the railroad or transfer company.

BIG SHOE BILLS CAN BE CUT

"I will always wear shoes with Neolin Soles," writes Mr. M. Newman of the I. Newman Mfg. Co. of Minneapolis.

"They are superior soles in every way, waterproof, more comfortable and more durable. After many months of wear they remain in good condition."

Mr. Newman, and millions of others, have found that the answer to the shoe-bill problem lies in getting soles that wear a long time—Neolin Soles.

They are scientifically made, very tough and yet have the other qualities that soles should have—comfort and absolute waterproofness. Get Neolin-soled shoes for your whole family. They are found nearly everywhere and in all styles. Have worn shoes repaired with Neolin Soles. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

A Sale, Not of Our Own Choosing, But Forced Upon Us!

TO THE PUBLIC

A Plain Statement of Facts

It is now over two years since the Oak-Tan Store has had a sale. The steady continued patronage of our regular customers has always kept this store prosperous. But we overestimated our strength and we dangerously overbought. Our bills and obligations are past due and our creditors are clamoring for their money which is justly due them. There is only one way we can save this good old store, and that is to dispose of thousands of dollars' worth of merchandise and pay off the creditors. We must do this to avoid serious consequences or possible disaster. We have therefore decided to place our stock at the mercy of the public. We feel certain that the public in general and our regular customers will avail themselves of this opportunity to put in a supply of good leather shoes at the prices this sale affords.
