

JOINT COMMITTEE ON CONSOLIDATION FACES DISRUPTION

Program Is on Rocks of Turmoil, Personal Jealousy and Inside-Statehouse Politics.

RICHARDSON WOULD QUIT

Kay-Buchtel-Ryan Combination Is Seeking to Pluck Even Pinfeathers of State Treasurer.

By Ralph Watson

Salem, Jan. 21.—Speaker Jones this morning appointed a consolidation committee from the house in place of Richardson of Multnomah. The committee met and elected Senator Dimick chairman of the joint committee, the vote being five for Dimick and one for Graham of Washington. On motion of Graham election of the committee was postponed to the next meeting. The committee was to meet at 4:30 this afternoon.

Salem, Jan. 21.—The consolidation program, true to form, is once more upon the rocks of turmoil, personal jealousy, and inside-the-statehouse politics. The Kay-Buchtel-Ryan combination, out to take not only the tail feathers but the pinfeathers as well out of the office of State Treasurer Hoff, has thrown a monkey wrench into the machinery of the joint committee, disrupted the agreement made between the senate and house leaders last week, brought about the resignation of Richardson of Multnomah as a member of the committee and opened the way for continuing and growing dissension and bickering over the consolidation problem for the remainder of the session.

Mr. Thomas Kay, when he was state treasurer and elected weights and measures, appointed Spence Wortman as deputy state sealer of weights and measures. Mr. Hoff canned Mr. Wortman and Mr. Kay, also Mr. Buchtel, is sore at Mr. Hoff.

Buchtel Stated for Plams
Thomas Ryan of Clackamas county, while he was deputy state treasurer, ran for the office of state treasurer against Mr. Hoff, and Mr. Ryan is very sore because he was canned, with the aid of quite a few voters of the state, through the election of Mr. Hoff. Mr. Wortman is sore also because he was canned.

Now, really and truly, down deep under all this trouble over the organization of the consolidation committee is the desire of Mr. Kay, Mr. Ryan, Mr. Buchtel, Mr. Wortman et al to pluck the pinfeathers off Mr. Hoff's job and give them to Mr. Buchtel, who as a member of the public service commission has not enough patronage to comfortably hide his official nakedness. Mr. Richardson is supposed to be slated for appointment as deputy state treasurer, and therefore would not be expected to stand mutely by and see Mr. Hoff stripped of the benefit of those who do not wish him in his administration well.

Then besides Mr. Ryan and Mr. Kay have some very definite ideas about the administration of the inheritance tax law.

Statute Changes at Issue
There are those who contend with more or less belief that they know what they are contending about, that there might be some improvement in the statutes which govern this question.

Mr. Hoff is supposed to have some ideas on that subject and Mr. Kay and Mr. Ryan would not like for these to be carried out. Therefore they would like the administration of the law passed up into the hands of the public service commission, where Mr. Buchtel could see to it that the Kay-Ryan ideas were promulgated without the intrusion.

These are some of the main and underground reasons why there is so much stress over the consolidation question, and the senator for Clackamas.

Mr. Dimick, from whom Mr. Ryan springs, would like to be chairman of the joint committee, rather than to have Mr. Richardson in that position. It is one of the reasons why the consolidation problem does not have fair sailing between the beginning and the end of the session.

When the joint commission met Monday afternoon it proceeded to ballot for permanent chairman as soon as called for by Richardson, the temporary chairman. The vote stood three for Dimick and three for Richardson. It was suggested that a second ballot be taken when Richardson interrupted, saying:

"I want to make my position clear before the committee. I am not solely interested in the chairmanship of the committee. I am interested in the people of the state who have sent me here and who have been expecting and do expect the legislature to work out some consolidation program. I do not wish to work in harmony with me as chairman and possibly not with me as a member of the committee. It has been insinuated on the floor of the legislature and in the press that I represent some officials of the state and desire to serve on the committee in order to protect them from the possible action of the committee."

Insinuations Are Denied

"This is untrue. I have spent my time and my own money in studying this question and I have a plan of consolidation worked out for submission. It affects some of the best friends I have. In view of the friction that has arisen, however, I have decided that the question of consolidation is bigger than the personal issue and that I will ask the speaker to release me membership upon the committee. I will put my bills before the committee and let them stand their chances with any other proposals that may come before it. I believe it would be better for me not to serve."

"If I would embarrass it as its chairman I would embarrass it as a member. If the committee failed at the end of the session to solve the consolidation question, it might then be said that I was the cause. It would be better, therefore, for me not to remain on it." Senator Dimick said he did not care whether he was chairman of the committee.

Change to Be Requested
Thomas said that he understood that Richardson was to be chief deputy to Treasurer Hoff, and he did not believe that anyone who was interested in the conduct of any office should serve as chairman upon the committee. He had no personal feeling in the matter, he assured Richardson.

Eberhard said that he had heard no intimation from any source that any member of the committee ought to retire, and that he did not believe it was necessary. He suggested another ballot. Richardson, however, said that his resignation was final and asked that the committee adjourn until this morning in order to permit the speaker the opportunity to name his successor and to give the successor an opportunity to be present and participate in the organization of the committee. This was done, the committee adjourning until 9:30 this morning.

Samuel Porter Is Dead as Result of Fractured Skull

Samuel Porter, age 62, of 392 East Ninth street, struck by a Sunnyside car Monday noon on East Morrison street, between Ninth and Tenth, died this morning at the Good Samaritan hospital from the effects of a fractured skull. The body has been taken charge of by Chief Deputy Coroner Goetsch, who will begin an investigation of the accident. According to the statement of the mortician, Porter was crossing the street holding an umbrella low in front of his face to avoid the storm, and did not see the car. He stepped directly in front of it, the motorman said.

Discharged Soldier Arrested

W. E. Wilkes, a discharged soldier, was arrested late Monday night by Inspectors Coleman and Morak on a statutory charge. He is alleged to have attacked a small girl and to have pulled her about by the hair Sunday night. The police are holding Wilkes for the Vancouver authorities.

BILL WOULD GIVE ANOTHER JUDGE TO MULTNOMAH

Measure Designed to Create New Department of Probate and Domestic Relations.

NEW JUDICIAL DISTRICT

Wallowa Designated Nineteenth District; Another Bill Requires Weekly Turnover of Money.

By Ralph Watson

Salem, Jan. 21.—A department of probate and domestic relations is provided for in a bill introduced in the house this morning by Logren of Multnomah. The measure would relate to Multnomah county alone, and in effect, would provide an additional circuit judge for Multnomah county. Briefly, the measure provides that a circuit judge shall be elected in addition to the number now provided by law. This extra judge shall have charge of the new department of probate and domestic relations.

Sentiment Has Changed

When the legislature convened the first of last week, nearly all the members were talking and thinking about what should be done to help the soldiers. Anyone who would have spoken at that time a word of criticism about any man in uniform would have been squelched in no time.

The sentiment in favor of making provision for the transition period following the revelation of the changes is still strong, but the action of a few of the soldiers in rallying to the banner of the Bolsheviks has caused legislators to become more cautious and particular about the sort of legislation that is enacted. There is no sympathy here for the man in uniform who deserts the Stars and Stripes for the red flag.

New Buildings Needed

Senator Smith, who was a member of a committee which visited the penitentiary, reported that the committee was unanimous in the opinion that no appropriation should be made for permanent improvements at that institution as he said new buildings ought to be provided.

"It would be a waste of money to attempt to fix up the old buildings and make them fit for human beings," he declared. "They are unsanitary, dirty and unsafe. The cells cannot be heated."

He said the committee will recommend appropriations to make needed repairs to get along until the question of providing for a new prison can be submitted to the people again.

No action was taken on the penitentiary budget, as Representative Gordon suggested that it be deferred until the special committee appointed in the house to visit the prison makes its report.

Mrs. Thompson suggested that a bomb should be put under the old buildings and blow them up, then new buildings would have to be provided.

"The same thing should be done to the buildings at the state training school for boys," she declared.

Senators Strayer and Fatterson and Mrs. Thompson submitted a report on the state institution for feeble minded, which they recommended that \$12,200 be cut from the budget leaving the total for that institution of \$22,500. They praised the management of the institution and said Superintendent Smith was agreeable to the cut.

Representatives of the Pacific Northwest Tourists association appeared before the committee and urged approval of the request for \$50,000 to continue the advertising campaign now being conducted in cooperation with Washington and British Columbia. No action was taken by the committee.

Representatives of the various state aided charitable institutions will be given a hearing by the committee next Monday night, while Wednesday night the state fair board will be heard.

The throat and mouth of every person are likely to be infected with disease germs. But it won't be if Purolo Chlorin is used as a mouth wash and gargle. It is thoroughly antiseptic and pleasant to use. Bottles 25c, 50c and \$1 at all drug stores.—Adv.

Every winter garment must regard less of cost, to make room for spring styles, says Cherry's. The great January Clearance Sale offers big values and besides you need pay nothing until February. Removably terms. 238-91 Washington street, Pittcock block.—Adv.

They are a class of men who want work," he declared, when speaking of the 125 or more soldiers who are reported to have joined the Bolsheviks. "You can't put a uniform on a hobo and make a patriot of him."

Representative Herbert Gordon, chairman of the house ways and means committee, and whose home is in Portland, took a similar view of the situation.

"If we make an appropriation it should be just enough to take care of the actual needs of the deserving soldiers," he said, "and the rest should be handled with a strong arm and they should be cleaned out. The Portland police should handle them roughly and clean them out."

Mrs. Alexander Thompson, representative from Hood River and Wasco counties, also, had some very positive views on the subject.

"I think the soldiers who are going in with the Reds would have gone in with them if they had never been in the army," she said. "I do not think we should provide for them. For every one of them there will be 10 soldiers who are good citizens and who can be depended upon to take care of the others in the proper way."

Senator Lachmund insisted that the city authorities of Portland should forcibly remove the soldier displaying a red button or a red flag, and then take the button or flag from him.

This discussion was but an incident in the meeting of the joint ways and means committee, and its chief significance lies in the revelation of the change of sentiment which is sweeping through the legislature.

Other bills introduced included one by Hare of Washington county authorizing the county treasurer of the city of Hillsboro 70 per cent of all general road taxes collected from property within the corporate limits of the city.

Hare also introduced a bill providing for the recording of a plat and the fees for the vacation of town plats.

Hare also introduced a bill providing for a homestead exemption of \$3000. The county judgeship in town, shall not exceed one block in extent, provided it does not exceed \$3000 in value, and if in the country shall not exceed 160 acres.

Three bills were introduced in the house during its morning session.

One by Bronaugh provides for the creation of the Nineteenth judicial district, to consist of Wallowa county. The judge is to be appointed by the governor within 30 days after the law becomes effective and is to hold office until his successor has been elected and qualified at the coming general 1920 election. The bill carries an emergency clause.

Ballaugh introduced a bill providing that no life or accident insurance company operating in the state can lawfully plead or prove immunity from liability under any policy issued by it containing a naval or military exemption clause, when the death was caused by natural causes and not from the result of actual warfare.

Woodson introduced a bill requiring county tax collectors to make weekly reports to the county treasurer of all taxes collected, and to make weekly turn over of all money collected, this to be done on the last work day of each week.

and the districts where the Bolsheviks are gathering.

He said an element was present in Portland which might become a menace and that a number of soldiers in uniform were mixing with that crowd.

This element has been planning a parade which is to be led by soldiers in uniform, he said. The police were afraid to interfere, he continued, for fear if a soldier should be injured it would arouse soldiers all over the country.

While this element was representing that they could not get jobs, he said more jobs were being offered at the Liberty temple headquarters than there were applicants for them.

"They are a class of men who want

Workman Dies of Serious Injuries in Streetcar Mishap

Missing his footing on the step of a Mount Scott train about 7 o'clock this morning, William J. Cooper, 30 years old, slipped under the wheels and was injured so severely that he died about 11 o'clock. His right leg above the ankle was cut off. His left leg was so badly crushed that it was to have been amputated at Good Samaritan hospital this afternoon.

Cooper lived with his wife at 3221 Sixty-fifth avenue southeast. He was on his way to work at the Northwest Steel company plant when the accident took place. Members of the crew stated that the train was slowing down at One Hundredth street, but had not yet stopped, when Cooper undertook to board it. The two cars of the train were connected by the collapsible safety gates which prevented Cooper's body from being cut to pieces. Motorman R. A. Mitchell and Conductors E. Clem and Townley Dotson were in charge of the train.

The ambulance service company hurried a machine to the scene.

STEWARDSHIP IS GOAL OF CHURCH

(Continued From Page One)

in the New Era Budget" this afternoon. Dr. Donaldson was another speaker at the meeting. He took as his subject "The Idea and Method of the Kingdom of God."

Women Deliver Addresses

Miss Margaret Hodge and Miss Edna Voss delivered the addresses at the women's assemblage in the morning session and Dr. A. W. Halsey spoke in the afternoon.

With brotherly love, and the giving of all that is dear to the human heart.

"One of the greatest problems that confront the church today is the sub-

Curry County Judge May Represent His District at Salem

Salem, Jan. 21.—A resolution providing that County Judge W. A. Wood of Curry county be extended the courtesies of the house to act in the stead and place of the late Representative Stannard was introduced in the house this morning.

The resolution provides that Judge Wood would be given all of the prerogatives of a member of the house except those of serving on committees and voting. It would be similar to the arrangement made during the last session, when Senator Bingham of Lane was unable to be present during the session and his duties were looked after by W. G. Griffin of Eugene.

The resolution was sent to the resolutions committee for consideration and report.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

"The world war has accomplished things," said Dr. W. S. Holt, formerly of Portland, but now secretary of the New Era movement. "But the church is undertaking a plan that will accomplish far more than the sacrifice of millions of men accomplished. Now that the war is over we say we have peace. But what is peace, and under what conditions do we have it? The personal religion of the individual to God is the fundamental of all peace. Without that individual relation 'peace on earth, good will toward men' is impossible. To have peace mankind must recognize God as his sovereign and leader."

Religious Duty Shows

"Every Bolshevik, every king, every millionaire, every Democrat, every Republican, shall have the privilege to confess Christ," declared Dr. J. Frank Smith of Dallas, Texas, moderator of the general assembly, touching on the necessity of purpose at the mass meeting. "The gospel says, 'Go ye.' That doesn't mean preachers alone; it means everybody. We must seek out not only the people of this world, but the nations."

"National politics in America is as mean as the devil and smells to heaven. I am a Democrat, and I know," Dr. Smith offered by way of explanation.

Dwelling on the new opportunities afforded women of the church by the New Era movement, Miss Edna Voss of New York said: "The task of the woman in the church is two-fold. First, we have our regular church work, and, secondly, we have our missionary work. During the last year we raised over \$1,500,000 for missionary work from over 350,000 young people and women."

A budget of \$13,014,000, \$114,000 of the quota of Oregon, for the New Era movement was presented to the conference. The money will be raised by the "every member" plan to open on Sunday, March 23. On that date each member of the church will open a weekly subscription for the support of the local church as well as the church as a whole.

Consecration service for women will be held at the church auditorium this evening at 7:45 o'clock.

"At the present time the Presbyterian church has five sub-denominations; our plan is to unify these branches and to have one great foreign and home missionary board, instead of five separate boards as at present."

"Often we overlook the natural things of life and strive for the supernatural, but our goal should be to do the natural things but never lose sight of the supernatural."

"The church is false if it doesn't catch

the vision of a possible new world."

"The world war has accomplished things," said Dr. W. S. Holt, formerly of Portland, but now secretary of the New Era movement. "But the church is undertaking a plan that will accomplish far more than the sacrifice of millions of men accomplished. Now that the war is over we say we have peace. Without that individual relation 'peace on earth, good will toward men' is impossible. To have peace mankind must recognize God as his sovereign and leader."

"The world is in a period of transition. We are passing from an age of misunderstanding philanthropy to an age of real love. In the past charity has meant the giving of alms or substantial aid, from now on charity will be linked with people that the church is going to aid. Just as Paul in his great work succeeded and aided the community, so we are going to use all of our concerted resources in reaching out a helping hand to humanity."
