

CONDITIONS ARE ANALYZED BY HEALTH OFFICER

Increase in Number of Cases Reported Bound to Follow Three Days After Unusual Gatherings

SERUM RESULTS SHOWN

Facts Indicate That Inoculation Has Proved Beneficial in Many Cases.

Issuing a renewed appeal to city and county health officers for rigorous enforcement of anti-influenza measures, State Health Officer A. C. Seely has issued a bulletin calling attention to the danger of permitting assemblages of people. Dr. Seely makes the following deductions after analyzing the situation in the state:

"Three days after an unusual gathering of people there is an increase in the number of cases reported. Thus, every Tuesday is high because of Saturday and Sunday meetings; the 28th of December was high following Christmas; the 3d and 4th of January were high following New Year's festivities. Therefore there should be no unnecessary or unusual gatherings. Of gatherings, dances constitute the greatest number of cases. Dances therefore should be prohibited during the epidemic.

How Disease Is Carried

"The waves of the epidemic run in about three-week intervals. A study of the causes of this and the matter of carriers indicates that many cases remain carriers for a period of two or three weeks. The greatest number of severe cases during a wave are able to be up and around in about three weeks and are unconsciously spreading the disease, causing the next wave. Therefore, in addition to the 10 days' quarantine, each recovered case should wear a mask for a period of two or three weeks in the presence of unexposed persons, and all persons coming in close contact with the sick should wear masks. Masks to be effective should be sufficiently large to completely cover the nose and mouth. They should have at least eight layers of gauze and should be sterilized after three hours' use. Sterilizing is easily done by dropping the mask in boiling water for 10 minutes.

Sterilization of Dishes

"It has been discovered that the disease is being spread to a greater extent than has been realized by utensils used in eating and drinking. Therefore all dishes, cups, glasses, knives and forks etc., used in eating or drinking in all public places, and in all private homes or public institutions wherever there are cases of influenza, should be thoroughly sterilized by boiling 15 minutes.

"The modified quarantine, in addition to the mask provision and the sterilization of utensils, consists of a strict isolation of the patient and attendants for a period of 10 days following the resumption of normal temperature. Members of the household not in contact

TINT YOUR GRAY HAIR AND PROSPER

Beautiful Hair Has a Cash Value to Business Women.

TRY BROWNATONE—FREE

At the Federal employment bureau office of the Chicago Woman's Club three hundred women of 40 years and over have applied for positions since July. The woman in charge of the position desk quite candidly tells the applicants that they must dye their hair if they are to get into government work. "This," she declares, "is a plain statement of what every woman knows."

"Rich Brown Hair Makes Plain Faces Beautiful"

The war is over and the call for volunteer workers has decreased. But it is still true that the woman who wears recognition in the business world or in society can no longer afford to neglect gray, streaked or bleached hair. But the careful woman will avoid dangerous dyes and will tint her hair and will use "Brownatone."

"Brownatone" is the one safe, reliable, easy to apply hair coloring. It is used gray, faded or bleached hair to any beautiful shade of brown or black.

Absolutely Harmless
Greaseless, odorless, easy to apply—a comb or brush is all you need. Instant results and guaranteed to contain no lead, sulphur, silver, zinc, mercury, antine, coal tar products or anything to injure the hair or the most tender scalp. Far superior to so-called "restorers" and harmful "dyes."

Sold and recommended by reliable druggists everywhere. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 50c and \$1.15. Refuse all substitutes. Used for sale, as well as growing hair, and endorsed by thousands of women in society and the business world.

Trial Package Free
If you write at once, mail the coupon and 10c to pay postage and we will send you a free trial package of "Brownatone" with valuable booklet on the care of the hair. Mention shade desired when writing or purchasing. This Free Trial bottle not to be had at dealers, but only by mail from us.—Adv.

Mail This Coupon Now
The Kenton Pharmaceutical Co., 433 Coppin Bldg., Covington, Ky. Enclosed find 10c (to cover postage and packing) for Trial Package of Brownatone.
Light to Medium Brown or Dark Brown to Black.
Mark shade wanted and mail with your full name and address.

MRS. ROBERTS SEES AUTO STOLEN FROM HUSBAND PASS HOME

Queer Coincidence Leads to Discovery of Stolen Car; Thieves Wreck Machine.

A queer coincidence happened Wednesday in the larceny of the automobile of Dr. W. A. Roberts of 210 Medical building. Dr. Roberts parked his machine near Twelfth and Alder streets about noon. Later in the afternoon Mrs. Roberts saw the machine coming down the street near their home at 101 East Thirty-seventh street. She started out the door to open the garage door, but the machine did not stop. Mrs. Roberts rushed into the house and called her husband to ask him to whom he had loaned the car. Dr. Roberts hurried out of his office to see if it wasn't possible that Mrs. Roberts was mistaken, but when he arrived at Twelfth and Alder streets his car was missing.

The police were notified, but the car was not found until the thieves had wrecked it against a telephone pole near First and Columbia streets. The police located it there early this morning. The person who stole the machine also robbed an automobile truck on Alberta street of its license plates and placed them over Dr. Roberts's plates, so as to avoid arrest.

Other machines stolen last night belong to Dr. G. Barr of 185 North Twenty-fifth street; Lawrence Talbot of 86 East Forty-first street north; Mrs. Laura Irwin of the Madison Park apartments, and J. E. Lilly of 511 Crookham avenue.

Methodists Sure of Of Raising Big Sum For Reconstruction

Chicago, Jan. 23.—A rousing meeting brought the Methodist world centenary congress to a close here Wednesday night with assurance in the minds of the 500 Methodist ministers and 1500 laymen in attendance that the drive for \$55,000,000 for war reconstruction work would go over the top with a whirl.

Bishop William F. McDowell of Washington, D. C., and Dr. John R. Mott, general secretary of the Y. M. C. A., were the principal speakers. Both reviewed organized church work during the war.

Telegrams endorsing the work of the centenary conference were received from 16 United States senators and 23 governors of states.

Purula Influenza Treatment is an effective combination of Acetanilid, Quinine Sulphate, Poppybillion, Cascara, Belladonna, Camphor and Capsicum, which are intended to reduce the fever, allay congestion and break up the irritable symptoms. 50c for a box of 30 tablets, complete treatment, at all druggists.—Adv.

It Keeps Right On!

During the war, Grape-Nuts stood in the foremost ranks in providing the utmost in food values and food economy. *It Keeps Right On!*

Grape-Nuts

stands unique among ready-to-eat cereals in percentage of available nourishment, ease of digestion, and flavor. It contains its own sweetness, self-developed from the grains in the making, and it is a delicious food, eatable to the last atom!

"There's a Reason"

The Secret of Saving

lies as much in the things one does not do as in the things one does.

There are so many small things that can be gotten along without, and no one suffers in the least.

And just the difference between spending and saving 10 cents a day will amount to a fair sum a month.

Before the war Americans rather admired the man who was a "good spender," even though he might be suspected of living beyond his means.

Now a man who does not succeed in living within his income, if he is earning a fair salary, is looked upon with more or less distrust as a fellow lacking in good judgment.

This bank welcomes the account of the beginner in savings as well as that of the man who long ago learned the secret.

Discharged Soldier To Resume Practice

Attorney Barze E. Leonard, who discontinued his law work in Portland in August, 1917, to enter the army, has been discharged from the service and has returned to Portland to resume practice with offices in the Yeon building.

Mr. Leonard was commissioned first lieutenant at the second reserve officers' training camp at the Presidio and was assigned to the Sixty-third Infantry then at the Presidio. He later was relieved from line duty and was assigned to special duty as executive officer in the intelligence office of the western department with headquarters at San Francisco.

Trial Is Set
The trial of Henry C. Bales, who is charged with larceny from the Belgian baby milk bottle, was set for next Thursday afternoon in the municipal court. Trial will be by jury.
