

SENATOR McNARY DENIES STORY OF WATSON SUPPORT

Oregon Senator Amazed at Alleged Interview Printed in Portland Paper.

OTHER SENATORS INDIGNANT

Efforts of Indiana Senator to Boom Self for President Meet Republican Opposition.

Washington, D. C., Jan. 23.—(WASHINGTON BUREAU OF THE JOURNAL)—Senator McNary authorizes an emphatic denial of the story carried in a dispatch from the Washington Bureau of the Oregonian that he is in favor of the nomination of Senator "Jim" Watson of Indiana for the next Republican candidate for president.

"The Oregonian correspondent did not interview me on the subject," he said, "and there was no foundation at all for it. I am not for Watson and have not told anybody I was. It is too early, in my judgment, to select the next candidate, and I am not declaring for anybody."

"Some of my friends called my attention to the Oregonian story, which I had not seen, and I was astounded. I have informed them it was untrue and absurd."

The same dispatch which told of McNary's devotion to Watson, as published in the Oregonian, said that Senator Fernald of Maine was for Watson, and intimated that Fernald was whooping it up along the coast of Maine. Fernald's astonishment is reported to be as great as McNary's, and his repudiation quite emphatic.

The same statement applies to Senator Curtis of Kansas, also listed as a Watson supporter. Curtis also objects to the Watson propaganda, which has recently shown considerable activity, and has been industriously cultivated by Watson himself.

As a matter of fact, there is serious doubt as to Watson being able to secure the delegation from his home state of Indiana. He is hot-foot after it, and other Indiana politicians are not a little disturbed by his aspirations. Chairman Will H. Hays of the Republican national committee, and Senator Harry S. New, Watson's colleague in the senate, are reported to be utterly lacking in enthusiasm over Watson. At the same time they hesitate to step on him, just at a time when Hays is going about the country preaching Republican harmony and an open field for the nomination.

Watson's record is recognized as highly vulnerable, because of his connection with the odious National Manufacturers' association, and also because of his methods in assisting the "art" managers to control the Chicago convention in 1912. Senators whom he is now beseeching for support find themselves embarrassed by his discovery of his magnificent qualifications as a candidate for the presidency.

Watson's personal efforts to forward his candidacy were sent from Washington about the progress of his "boom" constitute the earliest joke of the 1920 campaign.

Marshfield Checks Epidemic
Marshfield, Jan. 23.—Influenza in Marshfield is checked more effectively than it has been for two months past and apparently the epidemic is practically over.

"Flu" Is Preventable

Smith Long Clinic in the Broadway Building Busy Teaching Practical Methods of Mouth Hygiene.

Wearing a mask is a step toward prevention, but to know how to keep the mouth clean and free from all infection is far more efficient. This knowledge should be known by every father and mother, who may then teach the children these modern methods for preventing disease and teeth decay. Dental work of the very highest quality done by experts. We teach you while your work is being done.

Dull school children are not usually properly fed. Butter Nut bread has the proper heat and energy from building ingredients.

LARGE PLINTH PROPOSED FOR WAR MARTYRS

HOOD RIVER, Jan. 23.—Plans for a memorial for Hood River county soldiers who made the supreme sacrifice in the war are maturing, and in all probability the memorial will take the form of a large plinth of native stone, erected in a natural park of about an acre at the summit of Kuthin hill on the highway.

From the proposed site, which is to be held to the county by O. P. Dabney, a wonderful view of the Columbia river can be obtained, and as a fountain also will be provided it is likely that the memorial will attract considerable attention among users of the highway. At night a powerful electric light will serve as a landmark both to the autoist and to the navigator on the river.

The site is undoubtedly one of the most fitting in the county, and it is now proposed to raise the necessary funds by a general subscription of \$1 from each resident.

Auditorium Denied To Meetings That Are Non-American

Organizations which do not represent American principles will not be allowed the use of the Auditorium. This decision of the city council has been formally expressed in a resolution passed after a denial of a request by the Soldiers, Sailors and Workmen's council for the use of the Auditorium.

"It is the sense of this council that the Public Auditorium may be used by soldiers and sailors in the service of their country or having an honorable discharge providing that said Auditorium be used for patriotic purposes in keeping with the constitution of the United States."

Selling Plan for Disposal of Wool Is Given Approval

Washington, Jan. 23.—(WASHINGTON BUREAU OF THE JOURNAL)—Louis Penwell, federal wool director, conferred with Western senators Wednesday on plans for disposing of the wool in government hands, of which 300,000,000 pounds remained when the armistice was signed. When offered at auction the price has been depressed, exciting the suspicion that buyers are holding off until the new crop comes on the market.

Sixth Street Will Be Dressed Up in Honor of Soldiers

Final arrangements for decorating Sixth street and dedicating it as Liberty way, will be made this afternoon, when the decoration committee will along Sixth street meet in the Chamber of Commerce. The meeting has been called by Julius L. Meier, chairman of the decoration committee for the reception of returning soldiers and sailors. It is expected that flags of the allied nations will be used in decorating Sixth street from the Union depot to Liberty temple. Liberty way will serve as an avenue of welcome and triumph to the returning Oregon boys.

Children of Poor Better Nourished Than Those of Rich

Cambridge, Mass., Jan. 23.—Under-nourished children belong to the rich and not to the poor, according to Dr. W. R. P. Emerson of New York. Speaking before the Mothers' club today he said: "Ten years' study of undernourished children convinces me that all children who are habitually 7 per cent underweight for their height are malnourished, and that malnutrition exists more among the rich than the poor. The rich child gets into improper habits of eating and has to respond to extra demands upon his energy."

Officers of Navy Held for Present

Washington, Jan. 23.—(I. N. S.)—All officers of the navy will be retained in the service until the navy department is informed how many German submarine vessels are to be turned over for use by this country in transporting Yanks from overseas. Secretary Daniels announced today.

Just Try This When Hairy Growths Appear

(Modes of Today)
A smooth, hairless skin always follows the use of paste made by mixing some water with plain powdered detentone. This paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the detentone paste, but caution should be exercised to be sure that you get real detentone.

MANUFACTURERS AND LAND PRODUCTS SHOW TO BE MADE LARGER

Directors Meet and Decide to Hold Exposition Earlier in Autumn This Year.

The 1916 Manufacturers and Land Products Show will be held in Portland during the latter part of September instead of in November. This decision was reached at a meeting of the directors of the association held Wednesday afternoon.

A much larger and broader show can be given in September than in November, in the belief of the directors, owing to the large number of exhibits that it will be possible to transfer from the state fair to the Portland show that could not possibly be secured were the show to be held in November. It is expected that a large number of excellent county exhibits will be available for this year's show, because of the interest being taken in many of the counties for exhibiting their products.

A feature of this year's show will be the exhibits placed by shippers. Large and excellent displays are being promised by both the wood and steel yards of the district. A. E. Gantenbein of the Independent Cracker company was elected president of the show. A. M. Clark of the Columbia Steel company, vice president; C. D. Minton, who served as secretary last year, was re-elected, and A. O. Jones of the First National bank was re-elected treasurer. David M. Dunne, who so successfully managed last year's show, will not be able to manage this year's show, because of the pressure of reconstruction activities.

Fruit Juices Face Ruin by Taxation That Is Imposed

Eugene, Jan. 23.—Considering the proposed tax on fruit juices as a death blow to the industry in Oregon, the Eugene Chamber of Commerce has sent an urgent appeal to the senate conference committee, in whose hands the revenue bill now is, asking for the elimination of the clause providing for a 10 per cent tax on the sale price of the product. "The tax as now proposed virtually would kill the fruit juice industry in the Northwest," said E. O. Immel, president of the Eugene chamber, today. "It would mean that producers would have to pay taxes on the cost of bottles, boxes and freight, and to make the retail price high enough to cover this additional cost would destroy the market."

A year ago a bill providing for a 20 per cent tax on the sale price of fruit juices was proposed, but was killed in the senate and a flat 1 cent a gallon tax substituted.

BREAKS A GOLD IN A HURRY

"Pape's Cold Compound"

is pleasant and affords Instant Relief.
A dose taken every two hours until three doses are taken will end grippe misery and break up a cold. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head. Nothing else will give you such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine. Don't accept something else.—Adv.

Chamberlain Says Nation to Follow Oregon's Example

Washington, Jan. 23.—(WASHINGTON BUREAU OF THE JOURNAL)—Senator Chamberlain of Oregon, speaking in the senate, declared the example of the Oregon legislature in making an emergency appropriation for returning soldiers will have to be followed elsewhere. "It will reach down into every state," he said, "and you will have applications to the legislatures and to congress to afford relief. I have introduced and there is now pending in committee a highway construction measure. These young men have been living out of doors and there is no better way to improve the country and the condition of these men than to have the government itself engage in the construction of interstate roads."

Senator Chamberlain used as a basis for his remarks a telegram from W. B. Ayres urging legislation to provide for returning soldiers. Senator Chamberlain explained conditions resulting from the stopping of agriculture, production and shipyard work.

War Savings Stamps may be purchased from banks, postoffices and mail-carriers.

Realty Board to Hear Discussion of Important Topics

Relations of employer to employee will be discussed by T. H. Edwards of the Edwards Furniture company at the regular weekly luncheon of the Portland Realty board in the crystal room of the Benson hotel at 12:15 Friday. Joseph W. Beveridge will be chairman of the day and vocal numbers will be rendered by Paul Petri, accompanied by Lillian Jeffreys Petri.

W. D. B. Dobson, executive secretary of the Chamber of Commerce, will address the realtors on "The Reorganized Chamber of Commerce and How the Realty Board Can Best Cooperate." W. B. Stutely, chairman of the legal committee, will explain under what circumstances an oral lease of real property is binding.

Last Mine Swept From East Coast

Washington, Jan. 23.—(I. N. S.)—The last mine laid by the German U-boats during their visits to the Atlantic coast last summer has been reported swept up by navy mine sweepers, it was learned today. This mine was picked up 10 miles south of Fenwick Island shoals, and was the last of a field of seven sown by the U-17, a German submarine, one of the boats which, under cover of darkness, spread lurking death in the path of United States vessels.

All limitations on all kinds of ship supplies which vessels outward-bound from American ports may carry have been removed by the war board. Cherry's January Clearance Sale is full of surprises and bargains—no payments until February—then only a few dollars monthly—savings of \$1 to \$15 per garment. Cherry's, 38-51 Washington street, Pittcock block.—Adv.
