

# NEW WOULD TRAIN ALL MEN OVER 18

### Senate Measure Asks Universal Military Training Looking to Reserve Army.

Washington, Jan. 31.—(U. P.)—Universal military training is provided for in a bill introduced today by Senator New, Indiana.

The measure provides:

That all men over 18 shall be subject to a call for training.

That the training period shall not be longer than a year and that training shall be given in one continuous period.

That following training, men who shall become members of the national reserve, subject to call in case of war.

That training shall be given preferably to the nineteenth year.

That exemptions may be granted for dependency, in case congress does not provide an equivalent.

That a man exempted one year must continue to register yearly until the twenty-sixth year.

The president is empowered to divide the country into training zones or areas and registration and classification boards are provided for. The men of the reserve are to be classified by ages and those of the youngest class called first in case of war.

In a speech in support of the bill New declared that American people will not endure any permanent military policy which smacks of militarism. For this reason, he said, the 500,000 standing army proposed by Secretary Baker should not be authorized.

Universal military training, New declared, frees the country from militarism.

"It provides," he said, "the only guarantee against maintenance of a regular army larger than the country needs or is willing to support."

# Japan's Holding Of Marianna Isles Would Be Serious

Washington, Jan. 31.—Acquisition by Japan of the Marianna group of islands in the North Pacific, it is maintained by army authorities here, would be a severe blow to the naval prestige of the United States in the East.

The result of this acquisition, they point out, would be dangerous in two ways.

First that Japan has now no naval station in the Pacific, Hawaii is and has long been considered the key of that ocean and was fortified for that purpose.

Second, the acquisition would mean that Japan would have on one side of the Philippine islands the strongly fortified island of Formosa and on the other side the Marianna group. Such a situation would simply mask the Philippines, if, as is likely, Japan would proceed to the fortification of the Marianna group. Nothing, it is suggested, would prevent that, but some agreement by the league of nations.

# Glasgow Strikers Stopped by Police In Street Fights

Glasgow, Jan. 31.—(U. P.)—Several persons were injured today in clashes between striking ship workers and police. Batons were freely used when the police charged into the crowds. The disturbances grew until mounted policemen were called and restored order. Many arrests were made.

Four thousand workers in West Lothian district (northwest of Edinburgh) went on strike today for higher wages, a six hour day and a five day week.

**Bolsheviks May Succeed**  
London, Jan. 31.—(U. P.)—The Bolshevik element, alleged to be responsible for the present general strikes in Great Britain and Ireland, may succeed in completely overthrowing the present labor system, British labor party officials declared today. They also expressed the fear that labor's share in national politics might be revolutionized.

"We believe the 'shop steward' system which is similar to the soviets, is beginning to dominate labor, and may succeed in overthrowing regularly elected union and labor party officials," Dr. Marion Phillip, a labor party official, told the United Press.

**Machine Gunner at Home**  
Forest Grove, Jan. 31.—J. C. Hillinger arrived home last week from Camp Lewis, to which post he was sent from Petersburg, Va., to be mustered out of the service. He had been in training with a machine gun company.

# James Thores, Two Wounds and Gassed, Home on Furlough

Wounded twice and gassed in the Argonne forest with the 368d Infantry of the 91st division, James Thores, well known Greek wrestler of Portland, is home on a 14 day leave from the Letterman hospital at San Francisco.

Thores was hit by fragments of a high explosive shell, his right arm being badly torn from wrist to elbow and one of his knee caps was shot away. He had a narrow escape from dying after being sent to the base hospital and only his vigorous constitution brought him through.

He will return to the Letterman hospital for another operation on his arm. Thores was drafted last spring. When asked if he claimed exemption on the ground of being a native of Greece, he remarked to the draft board: "To hell with exemption, I want to fight."

# Youth, Blind for 14 Years, Likely to Regain Eyesight

Lebanon, Jan. 31.—The many friends of C. D. Beebe of Lebanon, will be interested to know that although totally blind for 14 years, Mr. Beebe is at last to regain his sight. At the age of seven years, cataracts grew, which in a short time destroyed the sight of both eyes. By cutting into the eye balls and removing the growth a specialist of Eugene hopes to restore his vision.

**Lumber Company Renamed**  
Lebanon, Jan. 31.—The Crabtree Lumber company has changed its name to L. S. Bonney Lumber company. The principal place of business is Lebanon. During the past years the company has also operated a mill at Waterloo, Or. L. S. Bonney is manager and principal stockholder.

# Forest Grove Will Install an Electric Signal for Marshal

Forest Grove, Jan. 31.—An electric bell will be installed at the John Anderson corner, Main street and Pacific avenue, at the request of Mayor Hoffman, as a night signal to the night watchman and city marshal. The gong will be connected with the local telephone switchboard and will be operated by central.

# Senator Poindexter To Get 'Once Over'

New York, Jan. 31.—(U. P.)—Senator Miles Poindexter is to speak at a dinner given in his honor at the Republican club tonight. A number of important eastern Republican leaders are to be on hand with a view, it is said, to sizing up the tall Washingtonian as possible presidential timber.

Help yourself and Uncle Sam at the same time by buying War Savings Stamps.

# PROVE YOU ARE YOU OR YOU MAY COME TO GRIEF BY THE LAW

### 118 Persons Could Be Arrested for Failure to Report Recovery of Stolen Machines.

Are you one of the 118 persons whose autos have been stolen and have not yet reported its discovery to the sheriff's office? If you are, do not be surprised or resentful if you are arrested, taken to the courthouse and made to prove that you are "you" and that you did not steal the car you are driving. Such may be your fate, if you do not report the recovery of your car at once.

In spite of repeated warnings, they say in the sheriff's office, people whose cars have been stolen fail to notify the office when the machine is found. It is not sufficient to notify the police department, for that body is not required to report such things to the sheriff and frequently while the police are aware that a stolen automobile has been returned to the owner, the sheriff's office is ignorant of it.

According to Traffic Officer Rexford, out of 140 machines reported stolen, in only 22 cases was the recovery reported to the sheriff's office.

# Wilbur Coman Takes Important Executive Position in Spokane

Advices received Thursday from W. E. Coman, vice president and general manager of the Northwestern Electric company, now in San Francisco, announce that he has been appointed vice president and general manager of the Washington Water Power company of Spokane, succeeding Harry L. Bleeker, deceased. Mr. Coman will assume his new duties about March 1.

Mr. Coman is one of the best known business men of Portland. He is the son of a conductor on the O-W, R. & N. lines and he began his career as a clerk in the general freight offices of that company. He won rapid promotion and became general freight agent of the Harriman lines. In 1910 he became general freight and passenger agent of the Spokane, Portland & Seattle railway and in 1912 was appointed vice president and general manager of the Northwestern Electric company. His successor to this position has not been announced.

For two years Mr. Coman has taken a leading part in all patriotic activities and besides lending assistance during Liberty loan drives was chairman of the state executive committee of the last Red Cross drive.

# Married Forty-nine Years

Cottage Grove, Jan. 31.—Mr. and Mrs. Carl Aistead celebrated the 49th anniversary of their marriage at the Cottage Grove hotel Wednesday night, by giving a banquet, at which all their relatives were present, as well as several invited guests.

# Chicago May Be Caught in Grip of Milk Famine

Chicago, Jan. 31.—(I. N. S.)—Chicago was threatened today by a milk famine as a result of the refusal of distributors to handle milk unless sold direct to them by the farmer.

At a recent meeting of milk producers of Illinois, Indiana and Wisconsin, the Milk Producers' Cooperative Marketing company was organized to handle all milk produced by members of the association. The milk was to be delivered by the producers to the marketing company's plant in Chicago, from where it was to be resold to retail distributors.

According to reports, field agents of the large retail distributors have warned the producers that unless they sold direct instead of through the cooperative company, they, the distributors, would not handle their products. The cooperative company, having no distributing facilities, cannot retail the milk.

# French Warship Is Aground Near Pola

Rome, Jan. 31.—(I. N. S.)—A French warship is aground near Pola. Her position is dangerous and the vessel has already sustained serious damage.

# Lebanon Woman Dies

Lebanon, Jan. 31.—Mrs. Mary D. Retherford, aged 34, wife of Lloyd H. Retherford, died at her home, at Long Island Beach, Cal., January 26, of influenza.

# Reconstruction Aide Class Is Graduated

After three months of intensive training, 48 members of the Reed college school for reconstruction aides will be graduated today, ready for their work

of training disabled soldiers to fit themselves for useful occupations. Graduates from previous courses at Reed college have experienced no difficulty finding positions. Physio-therapy, or the actual physical rehabilitation, has occupied the attention of 28 members of the course, while the remaining 20 were trained for work as occupational aides.

# Daylight Saving Plan to Be Resumed

Washington, Jan. 31.—(I. N. S.)—Turn the clocks one hour ahead on March 30. Daylight saving goes into effect then.

# 51 Overcoats to Be Sold in One Day!

Here's the story:  
During these past war months it has been extremely difficult to maintain old-time standards, and we have fought hard to hold to our "all-wool" and "finest-of-tailoring" ideas.

Many times have we refused garments that were not quite up to our standard of excellence.

About five weeks ago we attempted to return a lot of 51 overcoats that proved to be not as ordered, but our maker in New York refused to accept them because "during these war-time conditions no redress can be obtained from the mills"—"all goods sold as are" and "subject to no guarantees." As a result the coats have just now come back to us and we are forced to accept them.

This places us in the unusual position of offering garments with our guarantee of "all-wool" and "money back if you want it" removed on this one lot of coats.

Consequently we propose to offer such bargains in these overcoats that not a single garment will remain at closing time Saturday night.

The price will be

## \$18.50

The sizes are:

4 COATS OF SIZE 36	14 COATS OF SIZE 40
5 COATS OF SIZE 37	3 COATS OF SIZE 42
13 COATS OF SIZE 38	1 COAT OF SIZE 44
9 COATS OF SIZE 39	1 COAT OF SIZE 46
	1 COAT OF SIZE 48

While the average store would sell these garments with no reluctance, we do not feel justified in offering them to our critical trade except at bargain prices and with our usual guarantee removed.
