

HOMES IN SIBERIA ARE OPENED UP TO WAKEE SOLDIERS

People, Says Newberg Corporal, Try to Show Americans How Much They Like Them.

TOWNS ALL OLD-FASHIONED

No Stores in Villages and Church Is Only Public Building; Inhabitants Crowded in Cities.

"The people here try to show how much they like the Americans by inviting us to their homes," writes Corporal Frank H. Crites, familiarly known as "Kid Crites," the boxer, of Newberg, who is now in the service with company G, 27th infantry, in Siberia. "We are asked to the Russian homes for 'cha,' or tea, and they try to talk to us, but I don't get on very well, although they are learning a few words of English. In some ways they seem to be civilized, and in many ways they do not.

"We did guard duty along the railroad tracks in August, after landing about the middle of the month in Vladivostok. Then we were sent to Khabarovsk, where we are now stationed in some former Russian quarters. The town has a population of about 90,000 and is about 600 miles from Vladivostok. "The towns are all very old-fashioned and there are no stores in the villages. A town the size of Dundee, Or., has nothing in it but a church by way of public buildings.

"This town is about the size of Salem, and it has about three times or more as many inhabitants, but they are crowded together and there are many chimneys here. The buildings are mostly little one or two-story structures and the sidewalks are wooden, except on the main street, and they are only about two feet wide. The largest river in Siberia runs through this town, and in the summer steamers come up here about 50 miles like the Columbia river, but it has been frozen up now for a couple of months and will be for a couple more.

Bill Limits Hours of Pharmacists' Work

Salem, Feb. 14.—Registered pharmacists in Oregon will be permitted to labor only 60 hours a week or not to exceed 120 hours in two consecutive weeks, according to the provisions of a bill by Lofgren which passed the house today. The bill as passed was a compromise between the original bill limiting pharmacists to nine hours work per day, and serious objections raised by the smaller drug stores in the suburbs and smaller towns of the state.

"BEATS ANYTHING I'VE EVER SEEN IN ALL MY LIFE"

Waitz Relieved by Tanlac After Suffering 20 Years.

"Not in years," said Phillip A. Waitz recently, "have I enjoyed better health or felt so well generally as I do since taking Tanlac."

Mr. Waitz lives in what is known as Old Tacoma, at Thirty-third and Lawrence streets. He has been a resident of that city for nearly 25 years. "Tanlac has certainly been remarkable in my case," he continued, "for it has not only relieved me of my terrible suffering, but I have actually gained 15 pounds in weight and have just finished my third bottle. I had been both-tired with my stomach and kidneys for 20 years, and was never able to find anything to do me any good. The pains in the small of my back and shoulders and in my left hip and knee were awful. Sometimes I was in so much misery that I couldn't get around at all and would have to lay off from my work for a week at a time, or more. When the weather began to get warm last summer I got in such a bad fix that I could hardly stand it, and had to give up my work entirely and was unable to turn my hands to a thing all summer. I moved out of town, right out into the woods, thinking if I lived out in the open it might help me, but I continued to suffer just the same. My stomach was all out of whack and I suffered agonizingly. The gas which formed on my stomach would set up into my chest and almost cut off my breath. I had to stop drinking coffee, quit eating many things I like best on account of the trouble they caused me. The pain in my back and hip got so bad that I couldn't straighten up if I stooped over and my kidneys disturbed me so often at night that I couldn't get any sound sleep.

"Finally a friend of mine who works at the shipyards advised me to get Tanlac and as nothing else had ever done me any good I began taking this medicine. By the time I had finished my second bottle I hadn't an ache or a pain about me and so I can say Tanlac beats anything I have ever run across in 20 years. I haven't had to lose a minute from my work since that time. My appetite is great, I thoroughly enjoy everything I eat and nothing hurts me. My kidneys are now in fine shape and I can sleep the whole night through. I feel like I have taken a new lease on life, for I feel younger, stronger and better than I have in years."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.

Bonus Is Given by Vogan Candy Co. to All of Its Employees

Coming as a complete surprise to all the employees, a bonus in which everybody shared, according to the length of service, was given employees by the Vogan Candy company Wednesday. They were placed in five classes—those who had been with the company for 20 months or more, 24 months, 18 months, 12 months and 6 months. In addition to the bonus, the company also gave a gold service pin in the shape of a "V" to all employees who had been with the company more than two years, and the same pin with a diamond in it to those who had been there more than four years.

Report Upon Grain Elevator Settling Problem Due Soon

Recommendations by the local branch of the American Society of Engineers for a board of engineers to investigate and report on the seriousness of the settling of the 1,000,000 bushel bulk grain elevator has not been reported, but should be received today or tomorrow, Chief Engineer G. B. Hegardt reported to the dock commission at a meeting this morning.

The second test boring made since the settling was discovered has been completed, said Mr. Hegardt and gravel, but not bed rock was found at a depth of about 120 feet, he said.

BAKERS CONVICTED SECOND TIME UPON MANN ACT CHARGE

Third Trial Involving Dry Law Violation to Be Heard Next Wednesday.

Harry and Owen Baker were convicted for the second time in federal court this morning on charges of violating the Mann white slave act. Next Wednesday they will face a third charge, that of conspiracy to violate the Reed amendment, being jointly indicted with Barney Periman, Morris Minkley, Jack Brennan, George Lewis and others. The Baker brothers, who are well known some months ago by the alleged sale of pure Bull Run water, were found to look like whiskey, which they had labeled "99 per cent water."

The first conviction of violation of the white slave act was returned by a jury two days ago. The jury's conviction is for their part in importing Frances Guthridge and Laura Sodaquist from Wallace, Idaho, to Portland. The defendants were found not guilty of two counts of the second indictment. Counsel for the defendants were allowed 10 days in which to prepare a motion for a new trial. Upon recommendation of Barnett Goldstein, assistant United States attorney, who prosecuted the Bakers, the bail of each was raised from \$1000 to \$2000.

HUSBAND LOVED ANOTHER

Five Couples Seek Divorces in Cases Filed in Circuit Court.

That a woman next door, with whom

her husband was infatuated, incited him to acts of cruelty toward his wife, is alleged in the divorce suit of Effie Grace Allen against Clarence Martin Allen. Started in the circuit court this morning. She asks for \$40 a month alimony.

Infidelity on the part of Alec B. Wilson is charged by Gussie Wilson, who seeks a divorce and \$50 a month alimony.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of someone who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and send it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. It is a constitutional disease and necessarily requires a constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious in suffering cases who live under more favorable climate conditions.

Secure from your druggist one ounce of Farnin (double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Chloroform is used in this way as a direct irritant upon the blood and mucous surfaces of the eustachian tube and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial. (Adv.)

out is charged by Guy Russell. They were married in October, 1918. For a time she talked too much, and then would not talk at all. This is the ground for divorce offered by H. F. Rand, who seeks to be separated from Hattie Rand, to whom he was married at Great Falls, Mont., in 1896. She has

not spoken to him since January 1, he says, before which she accused him unjustly of many things. He asks for the custody of two minor sons.

Infidelity is charged by George L. McGraw against Bertha McGraw to whom he was married at Pocatello, Idaho, January 21, 1907.

McDonal and Thomas Sentenced. E. E. McDonal and John Thomas, indicted jointly for joyriding in another man's automobile, changed a previous plea of not guilty to one of guilty before Presiding Judge Stapleton this morning and were sentenced each to two months in the county jail.

Permanent Prosperity

A WELL thumbed bankbook, wherein the deposits are ever in excess of withdrawals, is a pretty sure indication in any family that prosperity, at least for those most concerned, is not of the "fity-by-night" variety, but here to stay.

Let it be a NORTHWESTERN NATIONAL BANK bankbook.
