Nearly every company has been able to provide a warm place in which the men can gather at night for reading or writing. Using talent from the ranks, and some furnished by the Y. M. C. A combination of these troupes rendered its initial performance on the evening of January 27, in honor of General Pershing's visit.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

VIEWS OF WOMEN ON PEACE LEAGUE

Noble Part Played by Women During War Are Recalled by Head of National Council.

PEACE IS VITAL TO WOMEN

World Must Have Chance to Reconstruct Without Lurking Danger of Future War.

Women of the United States held their ranks firm during the darkest days of the war, and they are now the ones who must take the deepest interest in the honorable preservation of peace, Mrs. Philip North Moore, president of the National Council of Women, told the packed crowds at The Auditorium, Monday afternoon.

A means of doing away with war in the coming years must be adopted, Mrs. Moore declared, "for the world must be able to attend to its business in peace." The part so honorably played by women during the European struggle and the reasons why they should continue in their concerted effort to make the nations cleaner and happier were the cen-Bootlegger, Accomplice of Baker tral themes of Mrs. Moore's address before the Northwest conference.

"There were two things worth fighting and dying for. One was the successful prosecution of the war-a righteous war ; the other was, and is, to keep down as much as we can the awful cost to the young, to the children born and unborn. We realized that we must fight so well that it would not have to be done over again. And we fought with clean hands and pure hearts, so that no poison philosophy or heritage of hate should enter our children's minds, to make them less worthy of the supreme sacrifice the
