

# 25 L. L. L. MEMBERS FIRED BY MANAGER OF TILLAMOOK MILL

## O. A. Schultz Alleged to Employ "High Handed" Methods in Dealing With Men.

O. A. Schultz, manager of the Coats Lumber company's mill at Tillamook, discharged 25 employees of the concern Monday morning, February 10, because of their affiliation with the Loyal Legion of Loggers and Lumbermen, according to officials of that organization. Following this lockout several men quit the mill on account of the high-handed methods of the manager and the alleged injustice to the men discharged. According to W. P. Smith, organizer for the Loyal Legion, and Secretary Moore of the Tillamook local, Mr. Schultz declared that he would have nothing to do with the organization and that he would discharge every man from his employ who belonged to it. This statement was made Saturday night, February 8, according to the Loyal Legion officials and members of the order in the employ of the Coats mill were given their time when they came to work the following Monday morning. Twenty of the discharged men have been placed in other positions and the balance will be taken care of by the company, according to Mr. Smith. Mr. Schultz in a statement published in a Tillamook paper, declared that he will not stand for any suggestions or "dictation from committees" as to the management of the mill and that he will not have members of organized labor working for him. He is also quoted as saying that he will reduce the wage scale to \$2.50 per day, if necessary in order to run the mill at a profit. According to officials of the spruce production division and of the fir production board, Mr. Schultz caused them considerable annoyance during the war through failure to cooperate with the government in the production of war materials. Prominent lumbermen verify these statements. The Loyal Legion of Loggers and Lumbermen is established on a peace basis and its present membership numbers 20,000, according to Major P. L. Abbey in charge of organization work at the Portland office of the order. So far there are but two mill owners in the state who show opposition to the organization, declares Major Abbey. These employ an aggregate of 375 men. The normal pay roll of the Coats mill is 95 men. The Loyal Legion of Loggers and

Lumbermen was organized by General Bruce P. Disque, head of the spruce production division, to insure the production of lumber for war uses. The order admits both employees and mill owners to membership and its purposes are to see that all its members are fairly treated, that the eight-hour day is maintained and that a fair wage scale is paid. The organization has the endorsement and support of mill owners controlling 80 per cent of the production of the Northwest, including Oregon, Washington and Idaho. The operators are almost without exception opposed to any reduction in the wage scale or any change from the eight-hour day now in force.

# Bold Thief Halted By Voice of Woman; Gets \$50 and Watch

An unidentified holdup man boldly walked into the Montgomery pharmacy, 350 Third street, about midnight Tuesday. When asked by the clerk what he desired, he said, at the point of a revolver, "I want to take charge of your store for a few minutes." He secured \$50 from the cash register and the clerk's gold watch and chain.

Before he could steal anything more the burglar heard the voice of a proprietor who was over the telephone, calling for the police. He said, "You can never trust a woman," and ran out of the store.

# Seattle's Lightest Vote Is Recorded

Seattle, Feb. 20.—(U. P.)—Casting one of the lightest votes on record, in which but 25 per cent of those who registered appeared, voters Tuesday nominated Walter F. Maier for corporation counsel and chose six councilmen candidates for the March 4 general election. The six selected in the primary election are C. B. Fitzgerald, William Hickman Moore, R. H. Thomson, H. L. Proctor, Ed T. Levi and Charles H. Gallant. The first three are incumbents. Three councilmen will be finally elected from the six candidates March 4. Revellers Heedless of Shots. Midnight revellers in a stolen automobile refused to stop for the shots of Officer Perkins this morning at Kerby and Mason streets and succeeded in escaping. Early this morning Officer McMahon found the car deserted at Fremont and Malloy streets. The automobile was stolen Wednesday evening from J. P. Clarkson of 689 East Twenty-first street north.

# Bend Power Rates Being Investigated By City Officials

Bend, Feb. 20.—Rates paid by the city of Bend and those charged the Brooks-Scanlon Lumber company by the Bend Water, Light & Power company are being made the subject of an investigation begun by the city government Wednesday.

Charges made by R. P. Minter, member of the Bend council, that the city is paying \$240 a year for 45 horsepower while the lumber company is giving only \$360 for 200 horsepower, prompted the power company, said the apparently lower rate allowed the mill is possible because the current is furnished over 2300 volts, eliminating the cost of transforming and distributing.

# INSURANCE PROBLEM BEING WORKED OUT IN CIRCUIT COURT

## Policy Expired, Renewal Agreed To; Is Company Liable in Case of Fire?

Will the verbal assurance of an agent for a fire insurance company that a policy will be renewed when it expires binding on his company even though the policy is not issued nor the premium collected? This question is being threshed out in Circuit Judge Gantenbein's court. Mrs. Carrie Salquist sets forth in her complaint that she held a three year policy in the Oregon Fire Relief association for \$1500 that expired January 27, 1918. John Brown, the company's agent, she says, assured her husband that he would issue a new policy in the same amount to take effect on the expiration of the old one. Before this was done, Mrs. Salquist's connection with the company was severed and his successor failed to issue the new policy or collect the premium, giving as his reason, it is alleged, that he was obliged to serve on a jury at the time. The building covered by the insurance burned March 31, but the company is said to have refused to pay the amount.

# COLONEL PARTELLO IS TO SUCCEED SHARPE IN O. A. C. COMMAND

## New Professor of Military Science and Tactics Is Expert With Rifle and Pistol.

Oregon Agricultural College, Corvallis, Feb. 20.—Colonel Joseph K. Partello, United States infantry, has been ordered to the Oregon Agricultural college to succeed Colonel Alfred C. Sharpe. Word from General Peyton C. Marsh, chief of staff, announced his appointment as professor of military science and tactics here.

Colonel Partello entered the army through general service, having first served in the formation clerk in Washington, D. C. He attracted attention through his remarkable shooting and was appointed second lieutenant in the army. He is an expert in rifle and pistol practice. Recently Colonel Partello was on duty as professor of military science and tactics at the Army and Navy academy at San Diego, Cal. He was at one time chief range officer with the rank of major, under Colonel Sharpe, of the Southwestern division rifle competition camp. He was also under Colonel Sharpe at the Parangue post on the island of Mindanao, 750 miles south of Manila.

# Giffilan Wins Scholarship

Oregon Agricultural College, Corvallis, Feb. 20.—A scholarship in Yale university has been awarded to E. A. Giffilan of Delmar, a graduate of the college and student assistant in the department of pharmacy in 1918, who will study for his doctor's degree. Mr. Giffilan was in the chemical warfare service previous to his discharge from the army. He was stationed at New Haven, Conn., and worked in the physiological chemistry laboratory of the Sheffield scientific school of Yale university. The work consisted mainly of research with gases—the results of being gassed and treatment for that condition. Captain Batsell of the chemical warfare service recommended him for the scholarship. Mr. Giffilan made a high scholastic record at O. A. C. and was prominent in student activities. He was a member of the Forum, the junior senior honorary society, and of the Kappa Psi fraternity.

# O. A. C. Registration Is Near

Oregon Agricultural College, Corvallis, Feb. 20.—Registration of students for the spring term will begin within a week. All students now in college will arrange their schedules prior to the close of the present term, March 21. The spring term will begin in the fall of 1919 and new students will be registered as usual upon arrival.

# One Man-Cars Put On Irvington Run Give Faster Trip

Eight minute service on the Irvington line of the Portland Railway, Light & Power company has been accomplished by the addition of the new style one-man pay-as-you-enter cars of the light single truck type recently purchased by the company. The new cars, tried out first on the Grand avenue line, have now been put on the longer run with good results, according to Fred Cooper, superintendent of city lines.

The cars hold fewer people than the longer type used on other lines, but the seats are arranged crosswise so that passengers are facing in the direction of the car's movement. Being lighter, they pick up speed rapidly, which passengers say is fortunate, because of the long line required for collection of fares, with the dual work of the motorman.

# Charge Yates With Using Undertaker's Name on Bad Check

Astoria, Feb. 20.—Three indictments were returned by the circuit court grand jury against C. S. Yates of this city. He is charged with forgery, issuing a fraudulent bank check, and obtaining money by false and deceptive means. All three indictments are based on the charge that Yates forged the name of E. B. Hughes, a local undertaker, to a check for \$15.00, which he cashed in a Chinese restaurant. Yates will also be tried this term on a charge of obtaining a payment of \$400 on an automobile and refusing either to deliver the machine or refund the money.

The grand jury also returned an indictment against R. E. Benson, charging him with larceny from a ship. Benson pleaded guilty and was given an indeterminate sentence of from one to seven years. He and Jack Hill, the confessed murderer of Jonas Lassila, have been taken to Salem.

# LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

You'll laugh. Apply a few drops then lift sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon tender, aching corn or callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes, and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug! # Children Love Candy Cascarets

Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box contains directions for children aged one year old and upwards.

# PIANO FIRM WINS TAX SUIT

Multnomah County Denied Right to Collect Assessments. Judgment in favor of the Reed-French Piano Manufacturing company and against Multnomah county reducing the amount of taxes assessed in 1917 and 1918 by the county assessor was rendered in the circuit court this morning. An attempt was made by the assessor to tax a number of piano sale contracts, the amounts of which are still on the company's books, although, as asserted by the piano firm, they had been sold to brokers all over the United States. There were two separate suits and two decrees, each favoring the Reed-French company. In one, the piano company asserted that the total amount of its assessed property was \$1880. The amount of the assessor's assessment in 1917 and other the personal property was placed by the company at \$13,304.65, whereas it was assessed for \$20,220.

# SIX DIVORCE SUITS FILED

Husband Cherished Picture of Other Woman, Wife Charges. That her husband kept a picture "of the other woman" in his bed room, is among the acts of cruelty complained of by Blanche Wheatley in her divorce suit against William Wheatley, filed in the circuit court Wednesday. She asks for \$30 a month alimony and for the custody of two minor children. "Love is all bull, anyhow" is the explanation offered by Jane Larsen when chided by Trea Larsen for his lack of affection. She is now asking for a divorce. Notwithstanding the threats of Ranson J. Daniel to beat her up should she commence suit for divorce, Rosalie Daniel filed a complaint asking for a separation. Other suits filed Wednesday, were: Marietta M. Meyer, against John W. Meyer, desertion; John W. Holman, against Eula Jane Holman, desertion.
