Cast Wheel Smashes Windows—Three sections of valuable plate glass window and damage to electric lamps on display in the store of the Third Street Electric company, 224½ Third street, is the toll levied by the wheel of a Portland Taxicab company's car Thursday evening. PERSONAL MENTION

Seattle Hotel Men Coming

"Our greatest trouble during the strike was in getting our laundry work done," said F. M. Watt, owner of the Fry hotel at Seattle, who is attending the Rotary convention. "But we managed it somehow and the trouble was over in a few days. Only a few of our maids left us, and these we had suspected would leave, so we had secured others in their places. As for meals, while we did not serve elaborate courses, our guests never had to frequent the soup kitchens. Things are normal now—business went back with a rebound." Mr. Watt says that a large number of hotel men from Seattle are coming to attend the Oregon State Hotel Men's association convention in Portland next week. Mr. Watt is staying at the Multnomah.

Care of Soldiers Criticized

"We are far ahead of you folks in caring for our returned soldiers," declared H. T. Baker of Edmonton, Alberta, at the Seward this morning. "Just look at your returned men on the streets! There is nothing for them to do and you don't encourage them in any way. Up there we give them land—we give them work, we give them money. We have schools where we teach them a trade by which they may earn a living. Until they obtain work, the government pays them $37.50 a month. It provides them with a suit of civilian clothes. Yet you think you have a fine country." Mr. Baker left for California, where he expects to visit his daughter and make a tour of the state in his machine. Mr. Baker owns a store at Edmonton.

Apple Land Brings High Price

A Hood River apple orchard recently sold for $600 an acre, which three years ago could not have been sold at all, according to John Baker, attorney of Hood River, who is staying at the Cornelius. Nearly all the orchards are selling for double what they were three years ago, he said, and real estate prosperity is coming back to Hood River.

G. O. P. to Take No Stand, Either For Or Against League

Olympia, Wash., Feb. 21.—The Republican party has no policy regarding the League of Nations, according to Raymond Benjamin of California, party advisor for the Pacific coast under Will Hays, national Republican committee chairman. He called Republican leaders together here and told them that no policy would be decided upon until it is known "what is in Mr. Wilson's head."

He said the party must go on record for the "extermination of the enemy within that would overthrow our government," meaning the I. W. W.

There must be "no turning back of the hands of the political clock," he said, and Republicans must not squabble among themselves as to how the other fellow got into the organization.

"This nation will attempt to solve the readjustment problems after March 4," he said, "when a Republican congress convenes."

Craving for Drugs Leads to Arrest

Corvallis, Feb. 21.—Overcome by his craving for drugs, "Dr." R. E. Mason, wanted in Salem on a charge of bad check writing, was arrested here. The "doctor" called at the drug store of Graham & Wells and asked the manager, Tom Jones, to fill a prescription for cocaine, which was to be used in a surgical operation. Jones had been warned of a man going about the valley and fleecing druggists by writing false prescriptions and bad checks and, instead of filling the prescription, he detained Mason until a policeman arrived. District Attorney Arthur Clarke directed Mason's return to Salem for trial.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact so many people claim, that it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and inclose ten cents; also mention The Portland Journal. Large and medium size bottles for sale at all drug stores.—Adv.

MAKE OLD SHOES WEAR LIKE NEW

"I had Neolin Soles put on my shoes—wore these shoes every day for fifteen months, then had Neolin half-soles put on. They are still in good condition," writes F. T. Evans, of Seattle, Washington.

This is cutting shoe bills down to the minimum through Neolin Soles. Anyone can do this if he will follow Mr. Evans' example, and have his shoes re-bottomed with Neolin Soles. These tough, durable soles cost no more than soles that give only ordinary wear. And all good repair shops have them.

Neolin Soles come on new shoes, too—in many styles for men, women and children. They are created by Science to be all that soles should be—comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.
