

GRAIN ELEVATOR CONDITION LEFT TO EXPERT STUDY

Dock Commission Refuses to Meet Contractors' Claims for Extra Expenses for Labor.

WILL HOLD JOINT MEETING

Automatic Sprinkler Will Be Put in St. Johns Terminal Pier; Port Increases Labor Cost.

Investigation of the subsidence of the new 1,000,000 bushel grain elevator at St. Johns will be conducted by a committee of engineers. It was decided by the commission of public docks Thursday, including three men from Portland and three of national repute from outside. Those selected among the local engineers were George Mason, George W. Boschke and W. R. Phillips. The outside men are to be selected.

The commission decided to install an automatic sprinkler system at pier No. 1 of the St. Johns terminal and approved the bid of the Automatic Sprinkler company, which was submitted last Thursday and which has been under investigation as to the approximate saving on insurance rates.

Investigation of the approximate rate of saving annually in the insurance rates revealed to the commission that a carried 238.76 cent rate was saved and \$314.79 if a 90 per cent rate was carried. In addition it is thought that the added safety precautions would bring more business to the docks.

Claims were presented to the commission by the contractors for extra expenses including extra pile driving and added insurance rates through the increase of pay granted the men employed on the dock construction. These two claims were disallowed as they were found to be covered in the contract. Two other claims including a payment for extra capping were partially allowed and submitted to a committee composed of Commissioners Burgardt, Knapp and Ayerll.

A communication was received from the Port of Portland commission which announced that on account of an increase in the wages work done for the dock commission in the future would have to be insured at a rate of \$400 a day instead of \$300, the old rate. The matter was referred to the engineer for consideration.

The Port of Portland commission also accepted the invitation of the dock commission and stated that they would hold the first session on March 11 in the port commission rooms. Later dates for joint meetings will be decided on at that time.

A resolution was adopted by the members against the passage of the house bill calling for the supervision of records and the survey accounts of public commissions. The members of the dock commission felt this bill included a personal motive and was of a particularly vicious character.

GIRL STUCK TO POST DURING AIR RAIDS

Miss Emma Rosseau, of Brockton, who has been overseas with the second unit signal corps since June 28, 1917, returned home recently aboard the transport Cedric. Miss Rosseau and 37 other American girls acting as telephone operators did valiant duty at Tours, headquarters of the American air squadron. Although their lives were often in danger from enemy aviators' bombs, none of these girls deserted their posts.

WHEN THE DAY IS OVER.

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country, and called Dr. Pierce's Favorite Prescription. It can be had in every drug store in the land in tablet or liquid form. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of tablets. The system is something like a clock; it needs oil occasionally. Everyone should take castor oil, or something better, like Doctor Pierce's Pleasant Pelelets, made of May-apple, jalap, sicc-sugar-coated. They regulate, cleanse and oil the human "clock work." Send Dr. Pierce 10c for trial package.

EDDY'S BILL PASSES SENATE

Link in Reconstruction Chain Provides Expenditure of the \$3,000,000 Fund.

Salem, Feb. 21.—Without opposition the senate passed Senator Eddy's soldiers' land settlement bill, which provides for the appointment of a land settlement commission and appropriates \$50,000 for acquiring one or two farm units which may become a demonstration of the purposes of the law.

Senator Eddy explained that the bill was one of the links in the reconstruction chain and fits with the proposed \$5,000,000 bond issue for reconstruction purposes.

The commission, which is to be appointed by the governor, will consist of five members. The bill carries an emergency clause.

The proposed constitutional amendment authorizing the \$5,000,000 bond issue, along with Senator Eddy's bill providing for the expenditure of \$3,000,000, are now before the senate.

It is proposed to leave \$2,000,000 in reserve for future disposal by the legislature if the reconstruction emergency does not pass with the expenditure of the \$3,000,000.

Senator Eddy's bill provides for the expenditure of the \$3,000,000 as follows: New penitentiary, \$500,000; reconstruction hospital in connection with the University of Oregon medical college in Portland, \$350,000; O. A. C., \$500,000; U. O., \$500,000; Monmouth Normal, \$100,000; Eastern Oregon State hospital, \$150,000; armories at Astoria, Baker, La Grande and Medford (25,000 each), \$1,000,000; Oregon Soldiers' home, \$35,000; to carry out the purposes of the soldiers' settlement act, \$775,000.

Dr. Van Dyke Joins Pro-Tobacco Force As He Puffs Stogie

San Francisco, Feb. 21.—(U. P.)—Dr. Henry Van Dyke is campaigning against the anti-tobacco forces as well as the senators who oppose the League of Nations. He is charging them with being "spineless" and "sissy-like conduct."

Twenty-nine witnesses were examined by the grand jury and a final indictment was reached late yesterday afternoon. Fullerton has been released on \$1000 bond and will plead tomorrow.

Senate Passes Bills

Salem, Feb. 21.—Among bills passed by the senate Thursday were:

S. B. 292, by Gill—Authorizing Multnomah county to issue bonds for the construction of bridges across the Multnomah river in the city of Portland.

S. B. 281, by Horton—Authorizing Multnomah county to expend county funds for the improvement of highways outside of Multnomah county, but which connect with the county highways.

S. B. 214, by Pierce—To prevent destruction of bridges across the Multnomah river by the city of Portland.

S. B. 217, by Eddy—Amending the state board of health law.

Dr. Van Dyke is charging that immorality is rampant at the university.

Dressmaker Doing Her Bit

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking Dr. Pierce's Favorite Prescription. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers. It is simple, harmless and guaranties that it removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money-refunded. Druggists everywhere.—Adv.

White Women May Continue to Work in Oriental Houses

Salem, Feb. 21.—Senator Banks made the speech which killed senate bill 281 when it came up for passage in the senate Thursday. The bill prohibited employment of white women in business houses or restaurants and hotels run by Orientals.

Senator Banks declared the bill was class legislation and grossly discriminatory.

"In view of the opportunity we have on this coast for trade with the Orient," he said, "we should not do anything to prejudice the Orientals against us."

He contended that the city of Portland has ample authority under its ordinance to protect white women who are employed by Orientals.

Allies in Russia Are in No Danger From Bolsheviks

Washington, Feb. 21.—(U. P.)—The allied command is "capable of taking care of itself against the whole Bolshevik army," in Northern Russia, Colonel George E. Stewart, American commander, has cabled the war department.

"The alarmist reports of conditions of troops in Northern Russia as published in press reports the end of December, are no warrant for a panic," he said. "Troops have been well taken care of in every way and my officers resent these highly exaggerated reports, fearing that the stir is causing the regiment's wonderful record. Health of the command is excellent, sick and wounded are well taken care of."

EUGENE EDITOR HELD FOR LIBEL

Head of Oregon Hornet Is Indicted for Vitriolic Attacks on University Faculty.

Eugene, Feb. 21.—(U. P.)—James Pullerton, who publishes a pamphlet which has been barred from the mails, was indicted on five counts by the Lane county grand jury on charges of libel against the faculty and students of the University of Oregon.

The indictments returned by the jury yesterday are as follows:

For publishing on September 1, 1918, an article charging that immorality existed at the university and was publicly condoned by President Campbell.

For publishing in an October issue libelous statements concerning the board of regents, the faculty and the students of the university, charging that the regents were allowing the taxpayers to be robbed.

For publishing in his paper of December 1, 1918, an article calling John Straub, dean at the university, a Hun.

For publishing on January 1919, an article calling President Campbell "liar" and charging him with having a "spineless system" and "sissy-like conduct."

For also publishing in the January issue of the "Hornet" an article charging that immorality is rampant at the university.

Twenty-nine witnesses were examined by the grand jury and a final indictment was reached late yesterday afternoon. Fullerton has been released on \$1000 bond and will plead tomorrow.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparatory treatments which are continually being advertised for the purpose of making thin people fleshy, and giving them a neck and bust, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more energy than is stored in modern foods. Physicians claim there is nothing that will supply this deficiency more effectively than phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back.

By supplying the nerves directly with the necessary phosphoric food elements, bitro-phosphate not only produces a welcome transformation in the appearance; the increase in weight frequently being noted.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness, and lack of energy, which nearly always accompany excessive thinness, soon disappear. Dull eyes become bright, pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it is not a stimulant. Its remarkable flesh-growing properties, used by anyone who does not desire to get on flesh.—Adv.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble—indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not, as some believe, to lack of digestive juices. The delicate stomach lining is eroded, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows.

Artificial digestants are not needed in such cases and may do real harm. Try taking an acid digestive aid, instead of get from any drug store a few ounces of Bisurated Magnesia and take it as directed. It is a natural product of water right after eating. This sweetens the stomach, prevents the formation of acid, and is harmless to the stomach, powder or pain. Bisurated Magnesia (in powder or tablet form—never liquid or liquid form) is the most effective, safe and pleasant form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Adv.)

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing, or who have noise in the ears, should know that this distressing affliction can usually be successfully treated at home by an internal medicine that has been used by thousands of people who have had their hearing restored to such an extent that the tick of a watch was plainly audible.

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add it to 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct the condition of the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.—Adv.
