ate Onion Growers' association. While recently there was a lull in the buying of onions, the demand is again keen.

Europe is reported a buyer of liberal have discovered that they have dressed lots of onions all through the western calves to ship. All are arriving at the states through big New York and Boston same moment. The result is easy connections and some shipments are forecast-a lower market, and none to already en route to the Atlantic coast. With sales of onions at country points at \$4 wer cental f. o. b. stations, the market is firmer han ever and the excitement in the trade is so

while none are in a position to state defi-

nately what price the onion market will reach before it settles at its highest level, still the fact that Europe is in the market for huge supplies and that little of the stock held in the United States is showing usual keeping quality, indi-cations are that the late business of the season will probably be done at extreme levels. Sales of onions are shown along Fr

to retailers at various prices-from \$3.50 to \$5 per cental for good quality, with most whole-selers inclined to ask \$4.50@5.00 during the By Jos. F. Pritchard Chicago, March 6.—(L N. S.) — Corn showed but very little change for the day. March losing 3/c; May was unchanged to 3/c 3/c higher and July was unchanged. Cash tran-sactions were 80,000 bushels corn and 100,000 bushels oats.

EGG TRADE IS HOLDING STEADY Notwithstanding all the talk of a slower de-mand for eggs, the market is holding rather steady with values well maintained. F. o. b. buyers continue to offer 36c with sales to rebuyers continue to offer 36c with tailers at 35c for current receipts.

CHICKEN MARKET IS ADVANCED Chicago, March 6.— (I. N. S.) — Corn opened very unsettled today, with prices ranging from 36 to 1 % c lower, A leading commission house sold heavily at the opening, but the offerings were quickly absorbed by other houses on rest-With an increased demand for supplies and little stock coming forward, the market for chick-ens is showing a further advance of 1c a pound, generally with heavy hens selling as high as 32c a pound for the day. ing orders.

Oats opened 14 @ % c lower. The market was FOTATO MARKET LOOKS STEADY listless and unfeatured. Outside potato markets are beginning to show some improvement in buying, resulting in a steadier tone generally throughout the country. Little renewal of buying is shown at local coun-United Provisions opened lower with trading Range of United Press: try points.

HOG PRICES ARE SLIGHTLY UP Country killed hog prices along the street are showing a slight improvement not only in de-mand but in price. Sales of tiptop quality were made during the 24 hours generally at 22c with a spfinkling at 22 % pound. Contry is a spfinkling at 22 % with a spfinkling at 22 % south a spfinkling a sprinkling at 22 ½ c pound. APPLE MARKET IS NOMINAL HERE Because of the limited smaller that HERE

If this condition was local there might .... ome criticism for the sharp advance of late but . . . . the strength was uniform all over the country While most of the strength was indicated for fresh creamery extras and there was scarcely sufficient of this stock available at any point to supply current needs, there was a fair improv ment in the call for storage foods. For t latter class prices were firmer at a recent a Announcement is made by the Food Administration Grain corporation of an amended buying plan for flour, effective at once. The announcement says that the food admin. stration grain corporation is purchasing wheat flour for export shipment for the requirements of allied countries, European neutrals, the army, COTTON OPENS HIGHER IN LINE WITH NEW LAW of alled countries, European heutrals, the army, navy, marine corps, commission for relief in Beigium and for European civilian relief. Pur-chases will be made weekly, excepting for ship-ment to Pacific coast terminals, where special arrangements prevail. Bids will be received at New York office on Tuesday of each week up to 12 o'clock noon for acceptance within 48 hours from time specified subject to the specifications New York, March 6 .- (I. N. S.) -Operat ing under the new Lever new governing contracts, the cotton market today opened active and generally higher. The opening range on old style contracts was from 35 points higher to 22 points contracts was from 35 points night to 22 points lower except for April, which was bid up 150 points over the previous close before a seller could be found. From the scarcity and char-acter of the early trade it would seem that the liquidation of old style contracts would be conrom time specified, subject to the specification from time specified, subject to the specifications and conditions given below. It has been considered advisable to make a slight change in the standard for wheat flours purchased by the Grain corporation. The with-drawal of food administration milling regula-tions now permits the milling of a straight flour of more satisfactory quality than heretofore. From now on Grain corporation flour shipments will undoubtedly be made to many countries where the local flour, although of straight grade, may show up better in quality than our 74 per of new style contracts on the opening call was at 23.00. It dropped to 22.75 on subsequent sales, thus ruling about 100 points over the old contracts. At the end of the first the first where the local flour, although of straight grade, we, old may show up better in quality than our 74 per the deat extraction war grade; therefore, in order to maintain the reputation of American flours in European markets, while continuing to pur-tion maintain the reputation of American flours in European markets, while continuing to pur-tation will raise its standard and buy only straights of improved quality. The following amended terms and conditions shall govern offers submitted for consideration beginning with our buying day of March 4th: 2300 Character of flour—Straight, unbleached, well-dressed and properly milled of clean sound the standard standard and standard and buy only straight. was still active, old Ridgefield, Wash., March 6.—Monday alter-noon farmers of this community organized a co-operative cheess factory which will be known as the Oregon Milk Produce company, \$750 worth of stock was sold at the meeting and all farmers are being urged to buy stock.
