

## YANKS AVAILABLE FOR EVERY TRADE AND PROFESSION

Hundreds of Returned Fighters With Wide Experience Listed With Employment Office.

MANY POSITIONS ARE FILLED

Men and Jobs Are Being Brought Together With Great Success; No Discrimination Is Shown.

Portland's business population could be wiped out when factory whistles blow tonight and at the usual hour in the morning activity could be resumed upon a creditable scale with experienced men at every important desk and bench. This is the opinion of federal labor service men at Liberty temple, who have listed returned soldiers for practically every profession and trade.

Hundreds of positions being filled through the Liberty temple office with soldiers, marines and sailors are additions to the payrolls of Portland and the state, as well as other states in the west rather than substitutions. Employers, with rare exceptions, are holding positions for former employees who are in the service. In many cases this is handicapping business and industry. One large employer Monday morning advised the labor office that 27 positions are being held for men who gave them up to enter the service and who have not yet returned.

Bryant Turney, late of the 65th coast artillery, college graduate and trained employment manager, has entered his name at Liberty temple. The young man, who is married, seeks a place where his expert services will prove him a worthy addition to Portland's population. There are scores of such men experienced in all professions and trades—and the list of positions collected each day is evidence that the man and the job are introduced to one another, in a great majority of cases, successfully.

Absolutely no discrimination is practiced at Liberty temple between overseas men and those who were denied that reward for their service. No discrimination is tolerated in filling new positions as to former residence, and Oregon boys fare equally well with New Yorkers who choose to make their homes here, say officials.

Applications for employment have been filed by men who can qualify for the following work:

- Advertising man, experienced as draftsman and mechanic.
- Freight and passenger agent, experienced as railroad clerk and solicitor.
- Hotel clerk, experienced as bellboy and general work.
- Railroad clerk, lumber experience.
- Clerk or office worker, experienced in inside work.
- Banker, formerly worked in trust department.
- Railroad accountant, experienced telegrapher and timekeeper.
- Bookkeeper, newspaper office experience, also shipping clerk work.
- Hotel clerk, experienced as typist or carpenter.
- Timekeeper clerk, experienced as bookkeeper.
- Accountant formerly employed auditing United States army payrolls.
- Lawyer, experienced as insurance adjuster and investigator.
- Auditor, experienced as bookkeeper.

## Umatilla Soldier Praised by Comrade Back From France

Umatilla, March 11.—W. R. Childs, back from France, has high praise for Private Chester E. Thompson of Umatilla. Thompson was 118 times in line, and was in the Chateau-Thierry, Soissons and Flennes battles. He was gassed October 12 and wounded in the right shoulder by a machine gun bullet, October 15, in the Argonne battle. He was taken to the dressing station of the 126th Ambulance company, Thirty-second division, and refused to go to the base hospital. He insisted on returning to his company. During the terrible day's battle there were only 15 men left in the original company.

When he was asked why he wanted to return when he had every cause to go to the base hospital in the rear, he replied: "Do you think I want to leave my buddies up there as long as I can pull a trigger? Not by a darn sight," and back he went in the fog and the rain.

## PORTLAND SCORED BY SPEAKERS FROM THE REGION OF KLAMATH

Chamber of Commerce Puts Itself on Record to Back Natron Cutoff.

That the full power of the Chamber of Commerce should be put back of the building of the Natron cutoff—

And that the Chamber of Commerce should be represented by an investigating committee of three in Southern Oregon—

These were the recommendations of the members' forum of the Chamber of Commerce to the board of directors of that body Monday, following such a verbal exhortation from two Southern Oregon business men as the business men of this community have possibly never heard from before.

Judge George T. Baldwin, state senatorial representative from a quarter of Oregon's area, declared that 90 per cent of the people of Klamath county would vote to secede and become a part of California if given the opportunity.

# Perhaps your Bed Doesn't Suit You so well as You Think

Maybe you wake often during the night. Dreams trouble you—or you lie awake for hours. You get up only half rested

**B**USINESS problems, indigestion—there may be a dozen causes for insomnia.

Did you ever stop to think your bed may be to blame?

If a bed makes the slightest sound it disturbs the nerves.

They won't let the body completely relax. It's only when every nerve and muscle is relaxed that you get deep, sound sleep.

That's the trouble with wooden beds and loose-jointed, noisy metal beds—you can't relax.

Many people who have always been "light sleepers" sleep sound all night on a Simmons Metal Bed and Slumber King Spring.

Locks are protected by basic patents. They are the most fundamental inventions of modern bed manufacturing—exclusive with Simmons, not to be duplicated or imitated.

And these patented corner locks have made possible the *Three-piece Bed*—the new Simmons idea—the spring forming a single unit with the side rails.

combined that the spring action is equal in all directions.

The Slumber King Spring yields to the weight of the body, but supports it. It fits square on the bed. It does not sag, hump—or lose its resiliency. It invites sound, health-giving sleep.

The Slumber King Spring is furnished in oxidized silver. It is rust-proof. It has no loose ends or rough corners—cannot wear or tear the ticking.

**T**HE Simmons Metal Bed is noiseless. It locks firm at the corners. The corner locks are made of pressed steel—have much longer bearing surfaces than the average—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid—feels and moves like one solid piece.

The Simmons Pressed Steel Corner

If you waken easily, or if you sleep lightly, you'll find the *Twin Bed* a wonderful aid to sound sleep.

Ever since doctors began to recommend a separate bed for each sleeper, the Simmons Company have specialized in Twin Beds.

Sleep is more restful. No disturbance from another's restlessness. Coughs and infections are not communicated.

EVERYBODY is being drained of strength and energy these days. Everybody needs sleep.

Get a bed that invites sleep! You'll find the Simmons Metal Bed and Slumber King Spring in your leading merchant's store.

Your choice of a wonderful series of styles—in brass, in enamel, and in "wood finish," beautiful reproductions of natural wood grain.

If you do not know the Simmons merchants in this section, we shall be glad to send you their names.
