

63RD WITH MANY OREGON MEN HAS REACHED TACOMA

Coast Artillery Regiment Made Up Chiefly of Washington Soldiers Home From France.

SIX MONTHS SPENT ABROAD

Time in Europe Spent in Training and Few Men Got to See the Front Line Trenches.

That the Sixty-third regiment of coast artillery is now in Seattle and will be in Camp Lewis tomorrow is the information received here. The regiment, or what was left of it after the eastern men had been taken out, was scheduled to leave for Camp Lewis, N. Y., on Friday, March 7. It arrived in Seattle this morning and will be in Tacoma this afternoon.

The Sixty-third is almost purely a Washington regiment of artillery. It was made up from the Washington National Guard and assembled at Fort Casey, near Port Townsend. After 11 months there, the regiment was sent overseas in July, 1918, and spent all of its time training over there. It was in France just six months when ordered home, and did not see any active service at the front, though many of its members were within three miles of the front lines. It sailed February 6 from Marseilles on the transport Caserta, arriving in New York February 27. The regiment spent four days visiting Gibraltar.

Oregon men who are with the Sixty-third and who are expected in the unit arriving in Seattle today include:

Says Government Stole Evidence in Case Against Reds

Wichita, Kan., March 12.—(U. N. S.)—Charging that the agents of the United States government unlawfully seized the evidence which it offers to prove the government's case against the 25 members of the L. W. W. G. F. Vandever of Chicago, attorney for the prisoners, opened argument for the defense here this morning on a motion to quash the indictments against the prisoners.

Citing many previous cases as precedent, Vandever endeavored to prove that the submission of a number of letters seized by government agents and upon the contents of which, together with other evidence the indictments were returned, render the indictments void.

'K. P.' EXPERIENCE LANDS MAN JOB AS KITCHEN ASSISTANT

Eastern Oregon Farm Calling for Capable Youth at \$50 a Month and Board.

"K. P." was the whale that swallowed the military Jonah in the form of thousands of American young men during the war, and not one in the thousands, soldiers assert, had the slightest idea that his kitchen police training would stand him in stead as a civilian.

However, one ambitious youth has applied at federal employment headquarters at the Liberty Temple for work so closely resembling kitchen police duty as it was known in the army as a uniform nor a "K. P. chaser" of the army variety. The applicant calls himself a "kitchen helper."

Farms Calling for Men In addition to a large new list of applicants from soldiers, sailors and marine for employment in and near Portland, the Liberty Temple employment bureau has received a number of new and urgent calls for men. One of these is from a farm near Portland where a capable man will be paid \$50 a month, board and room, for milking 25 cows by machine. A mechanical milker is only one of the features of the progressive farm, it is said.

A prominent Willamette valley newspaper has sent in a call for a news editor at a very good salary. Other calls for help received recently include: Man and wife for orchard work. Milker for 25 cows, by machine, \$50 and found. Fifteen or 20 men for lambing season, \$85 and found. Two tractor men to go to Alaska, for road work, \$165 a month. Window trimmer. Office boy. Gentlemen's furnishing goods salesman. Expert tailor. Expert automobile washer.

Many Positions Open Young men just discharged from the service have entered on a list of positions from the following jobs, among many others: Butcher maker, Centralizer experience, scribe. Draftsman, woodwork and cabinet work, single. Grocery clerk or salesman, extensive experience at Salem, Or.

First class cook or commissary clerk, 15 years' experience, married. Electrician and auto mechanic. Farm worker, Eastern Oregon preferred. Lumber man and mill superintendent. Motion picture operator. Kitchen helper, hotel steward. Harness maker. Cartoonist. Any respectable work.

Battery F, Terre Bonne. John R. Hafer, private Battery A, Troy. William F. Jamerson, private ordnance department, Tualatin. William E. Spangle, private first class medical department, Union.

Tells How to Stop a Bad Cough Surprising Results From This Famous Old Home Made Syrup, Easily Prepared and Costs Little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home made cough remedy. Any druggist can supply you with 3 1/2 ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. If desired, this recipe makes a pint of really remarkable cough remedy. It tastes good and in spite of its low cost it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membrane that lines the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment ask for "3 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind. Adv.

Joe Harty Is Deputy Sheriff Tobacco Spitters Take Notice!

Woe to the man who henceforth spits tobacco juice on the grain that Joe Harty, the legless newsboy at Washington and Broadway, throws to his pigeons.

For Joe Harty is now a humane officer and a deputy sheriff with a big silver star.

Joe's pigeons have been his solace and his delight since the passing of the horses which he used to feed sugar in days gone by. Now Joe, instead of buying sugar, spends 50 cents a day on grain for his pigeons.

Lately he has been bothered by men loafing on the corner who spit tobacco on the grain which he buys for his pets. So Joe appealed to the humane society, of which he has always been a loyal member, and the humane society, taking it up with Sheriff Hurburt, secured for him his appointment as deputy sheriff.

Henceforth, he who spits on Joe's pigeon feed, faces immediate arrest.

Thousands of Jewish People Are Dying in Dugouts in Siberia

Preparations for the Jewish welfare drive for \$100,000 to open up next Monday are well under way by the Jewish committee and workers. Felix M. Warburg, chairman of the joint distribution committee of American funds for Jewish war sufferers, has collected reports coming to the committee from various parts of the world, showing the intense suffering and misery experienced by the Jews in Poland, Siberia, Armenia, Syria and Turkey.

Thousands are dying of starvation in Siberian dugouts and misery and suffering in other localities, greater than has been previously imagined are described in the report, together with a statement of the attempts by various means to relieve the distress of the Jewish population, as described in the report.

The Jewish synagogues will hold special services next Sabbath in preparation for the coming drive.

Prison Steel Plant Destroyed by Fire

Leavenworth, Kan., March 12.—Fire fanned by a strong north wind destroyed a steel plant and the stone works at the United States penitentiary at Fort Leavenworth Wednesday, entailing a loss estimated at not less than \$200,000. The fire broke out shortly before 5 o'clock. The prisoners were at supper and officials said tonight they did not cause any trouble. The origin of the blaze is unknown.

Sleeping Girls Show Signs of Awakening

Kansas City, March 12.—The cases of sleeping sickness here are due to auto-intoxication, according to several physicians today. According to Dr. Herman Pearce, however, the local cases are of a meningitis nature. Miss Marian Johnson, the 14-year-old girl who today completed her forty-second day of sleeping sickness, is now able to be roused except in the afternoon. A similar condition was said today to have developed with Miss Adelaide O'Dowd, who completed her sixty-first day. She is beginning to show consciousness for brief intervals, Dr. W. J. Connor, her physician, said.

Very Effective Method for Banishing Hairs

(Modes of Today)

At very little cost, and woman can rid her face of hairy growths if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Adv.
