ROCKETT, Cal., March 19 .- Looming largely and brilliantly upon the baseball horizon Tuesday was the bright red hair, burnished freckles and lantern jaw of Red Oldham, southpaw. Red came on from Los Angeles early in the morning, but did not put on a uniform until the afternoon embroglio between the Yannigans and Regulars, during which he sat on the bench, chewed his plug cut and opened "that Portland would have a goldarned fine baseball team this season."

. Oldham has not long been out of the army, and is in good physical condition. He has not been playing ball during the winter in the south, but juggling a musket has kept many of the kinks out of his arm He will be at it full tilt tomorrow.

There are now four left handers in the camp, the largest number since the memory of fans runneth not. Clubs for the trips Wednesday to Oakland and Sunday to Alameda have been selected. The club will leave for the Alameda diamond at noon Sunday, via Henry Ford, and return in the evening. Baker, Wallers, Ritter, Coen, Armstrong, Cox, Boldt, Walker, Lukanovic and Swartz will make the trip, with possibly Penner, if he shows up in time. The Wednesday jaunt, via petrol to Santa Clara's ampus at Oakland, will be an excursion for Blue, Ritter, Fuller, Bogart, Walker, Farmer, Cox. Wirts, Lukanovic, Cooper and Mitchell.

The Yannigan-Regular games are on in earnest, and each afternoon McCredie stages a peppery game. Nobody keeps track on the score, that being only incidental. Tuesday morning the big fellow kept them out for two hours and they were dripping wet when they came in, which naturally slowed up the work in the afternoon

A hot fight is developing among the kid pitchers, and Lefty Swartz, the pitchers, and Lefty Swartz, the Portland boy, is showing an underhand delivery that has them guessing.

Sid Mitchell had Johnny McCarthy puffing hard during the last two rounds of their encounter, but the early lead piled up by the San Francisco boy en-titled him to a draw, in view of the fact that he sat Mitchell down with a hard right to the jaw in the second round and sent him reeling backward a few seconds later. What Happens to the food you eat?

During digestion certain kinds of food containing proteins, such as meat, egg white, milk casein, wheat gluten, etc., are split into many different substances.

Some of these the body uses to rebuild damaged or dead tissues; some, however, are not only useless and harmful but in some cases actually poisonous. Regular, thorough bowel evacuation gets rid of the latter.

Constipation permits stagnation and absorption of these poisons into the blood, with injury to the whole body.

Taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move does not-cannot cure con-stipation - but makes it worse.

On the other hand Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacustion at regular intervals, because Nujel is not a drug, does not act like any drug.

Nujol brings about a return to Nature's methods of supplying necessary lubrication of the bowel contents, by facilitating intestinal muscu-lar action, by absorbing poi-sonous matter, and thus securing necessary cleansing of the intestinal canal and protection of the defensive properties of the blood itself.

Nujol has no deleterious after effects, produces no bad habits, makes the bowels regular as clockwork.

Nujol is efficient at any age -under any conditions-is satisfactory and safe.

How and Why Nujol overcomes constipation is described in an interesting and authoritative booklet, "Thirty Feet of Danger" free on request. Send for it and get a bottle of Nujol from your druggist today.
