

REP. JOHNSON'S FOR NATIONS LEAGUE WITH BUT SLIGHT CHANGES

Washington Congressman Says Proposed Covenant is a Military Necessity.

A summer of great activity in the lumber industry and much discussion of the League of Nations will occupy chief attention in the Northwest during the coming months...

Representative Johnson divided his time during the term just closed between his seat in congress and his duties as a captain in the chemical warfare service of the army...

While admitting the necessity for a League of Nations which he suggests modifications of the proposed covenant, Representative Johnson declares the plan for a league is the most far-reaching subject before the nation...

"It is my opinion," the legislator said, "that the league which has been proposed for many months. There will be a tentative plan, undoubtedly, to hook onto the first peace treaty as a step toward the ultimate League of Nations, and to maintain international peace."

"I am in favor of a league, not under the proposed covenant entirely, for the purpose of thwarting outbreaks in other nations, and then a triple states guardianship in this hemisphere."

"The league is a military necessity with internationalism as its outgrowth. Undoubtedly an effort to reestablish European boundaries will result in warfare of serious outbreaks which have been put down by a league with the assistance of the United States. Men and money will be required from the United States to hold up a nation's frontiers and buffer states that will grow out of peace."

"The first phase of a league means the actual physical upholding of the hands of small nations by the large ones and peace enforcement. It is the duty of the senate to debate the proposal and con to its hearty content and its body, therefore, must merit criticism because of its debates."

Provided ships, the Northwestern lumber industry will enjoy a summer of great activity due to the world-wide demand for timber, Representative Johnson says. After a brief rest Mr. Johnson will tour the district which he represents.

South Bend Club Backs League. South Bend, Wash., March 19.—The South Bend Commercial club in resolution passed unanimously approved the League of Nations and urges the United States to enter such a league.

INDIAN MEDICINE MEN

In the Indian tribe one finds the "Medicine Man"—one versed in the healing art of roots, herbs, leaves and bark. In these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe.

AVOID COUGHS and COUGHERS! SHILOH 30 DROP-TOP COUGH HALF TABLETS FOR CHILDREN

Will Take Off All Excess Fat

Do you know that there is a simple, harmless, effective remedy for overweight that may be used safely and with any man or woman who is losing the slimness of youth?

"She was once so pretty!" TO look at her now, you would not believe that she was the prettiest and sprightliest girl of her time—the natural leader in all social and intellectual activities. But see what chronic anemia has made of her. No part of her body is vigorously nourished. She is a pathetic drooping figure of a woman.

Gade's Pepto-Mangan "The Red Blood Builder" FRIENDLY WARNING: There is only one Pepto-Mangan and that is Gade's. It is in bottle and package as shown. Beware of cheap imitations by druggists everywhere.

ITALIANS RETURNING HOME

Left to right—Top row: Nik Novelli, John Saliani. Bottom row: Joe Chiaromonte, Jack Caserta, Tony Carone.

A group of five members of the Italian colony in Portland left Tuesday for New York on their way back to their native land. During the past month scores of bookings for Italy have been placed with Dorsey B. Smith, manager of The Journal information and travel bureau. The unusually large number returning at this time is attributed by Mr. Smith to the cessation of normal travel during the war and to the demand for labor in Italy.

The men who left today are: Joe Chiaromonte, Nik Novelli, Jack Caserta, John Saliani and Tony Carone. All are farmers with homes at San Nicosandro, province of Bari, Southern Italy. They have been in the United States several years and for the past four years have been employed as trackmen by the Southern Pacific railroad.

Now to Entertain the "Gobs" But How, That's the Question

Now come the "gobs" on the entertainment list. The doughboys who went over the ocean and pummeled the pride of the Fatherland are all right, and we take our hats off to them, and we'll shine everything in town, even to our paid pats, to show 'em how welcome they are, but we're not gonna forget that the gobs 'peem over.

So spins Mr. Portland Reception committee, but he doesn't know how to do it. The committee has come to the conclusion that the boys who wore the blues and who buffeted the chill blasts of the ocean, with the salt sea sprays soaking their skin, must be entertained now. There was never any doubt in the minds of the committee but that they were to be entertained, but it has been a big problem as to what to do to amuse them.

First and foremost as a matter of difficulty comes the meeting at the train. It would seem hardly practicable to take the sailors out of town a little ways and let them come home on the train in a body because the reception by the crowd would hardly be as spontaneous, for the boys have all been home and the sob stuff is pretty well settled. Likewise it has not been thought advisable even to put them out on a barge, in the middle of the river—to get the local color: sailor, water, sea—and have the barge land, for the same reason that probably the only wet eyes would be on those persons who fell into the river.

ROLL OF HONOR

- Washington, March 19.—The list of casualties made public today contains the names of 19 men, none of which is a member of the United States Army. His home address is a care Thomas Pope, Raymond, Wash. The casualties are: Killed in action: 4. Died from wounds: 2. Died of disease: 3. Total: 91. ARMY CASUALTIES KILLED IN ACTION: JOHN A. KELLER, Torrington, N. Y. (Private); HENRY F. HARPER, Scotia, Ark. (Private); DAVID HENDERSON, Blanchardville, Wis. (Private); JESSIE LANE, Lenoir, Va. (Private); WILLIAM J. WHELAN, Elmira, N. Y. (Private); RICHARD WILCOUGHST, Perrinton, Mich. (Private).

PLEBISCITE ON LEAGUE BALLOT FOR LEAGUE CAN'T BE CONSIDERED

Attorney General Quotes Election Law Which Forbids Action on Other Resolutions.

Attorney General Brown says that it will not be possible for the people of Oregon to vote their sentiment on the League of Nations issue in the special state election in June. Many Journal correspondents, stirred to enthusiasm by The Journal's League of Nations plebiscite, had written, suggesting that the question should be placed on the June ballot. But the attorney general's reply shows that the nation, the United States and the world are not to be divided into the columns of The Journal of Oregon's League of Nations. Mr. Brown's opinion reads: "I must advise you that the resolution cannot be placed upon the ballot. The election law referred to will be known as Chapter 429, General Laws of Oregon, for 1917, and the exact section thereof in part reads as follows: "A special election shall be held at the several voting precincts of this state, on the third day of June, 1919, for the election, the following named amendments to the constitution of the state of Oregon, to be submitted to the next legislative assembly of the state of Oregon, and which by the terms thereof shall be submitted to the people and no other shall be submitted to the people at said election for the approval of the people of the state, to-wit: "Then follows the particular resolutions that are to be submitted to the people at said election. No matter how worthy the object may be the secretary of state could not certify any other resolution to be placed upon the ballot than those mentioned in said act, which the legislative assembly designated as Chapter 429."

Province to Provide Employment. Vancouver, B. C., March 19.—(I. N. S.)—Nine and one half million dollars is the amount the provincial government has decided to expend in its efforts to check the serious unemployment conditions confronting it. This large sum will be used in connection with a program outlined for 1919 which purposes to find work for over increasing army of unemployed within the province. A new appropriation of \$100,000 to induce nurses released from the army nurse corps to train for public health nursing.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and remove the cause of bad breath. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels, without irritating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are pure, a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every home where you have a headache, 10c and 25c per box. All druggists.

Catarhal Deafness May Be Overcome. If you have Catarhal Deafness or are ever afflicted with the hard hearing or have head noises go to your druggist and get one ounce of Parmentin (double strength), and add to it a pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

ACIDS IN STOMACH CAUSE INDIGESTION. Create Gas, Sourness and Pain. How to Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, nervousness, burning, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is injured in delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try Gade's Bi-Nesia, which is a few ounces of Bismuth Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismuth Magnesia (in powder or tablet form) never liquid or jelly is better to use, because it is so expensive to take and is the most effective form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

Fine Spring Tonic Is Dr. Carter's K. B. Tea. Dr. Carter's K & B Tea Best Spring System Cleaner—Make it at Home Yourself—Costs Almost Nothing. After the long winter months, nearly everyone needs a spring medicine that will drive out accumulated impurities and put the system in good condition. One of the best spring builders and regulators we know of is made of roots and herbs and is called Dr. Carter's K & B Tea—your grandmother can tell you all about it. Get a package of this tea at any drug store and brew a steaming cup before you go to bed. Drink it through the day. It's splendid for the liver and bowels, sick headache and biliousness. The kidneys like it, too, and it does them lots of good. Because it never acts harshly, you can get Dr. Carter's K & B Tea at any drug store.—Adv.

New Three-Cent Victory Stamp Is Now in Use

The new three-cent victory stamps are being issued by the Portland postoffice. The old three-cent stamp, well known since the war time, raise in postal rates, will not be done away with, however, and will continue to be the principal commercial stamp for letters. The new three-cent stamp is issued in commemoration of democracy's victory over Hun imperialism. Victory stamps are lavender-colored and bear a figure of "Liberty" with wings, and the words "United States of America" and "Postage Three Cents". They are similar in shape to the stamps of the Columbian series, but are smaller.

Province to Provide Employment. Vancouver, B. C., March 19.—(I. N. S.)—Nine and one half million dollars is the amount the provincial government has decided to expend in its efforts to check the serious unemployment conditions confronting it. This large sum will be used in connection with a program outlined for 1919 which purposes to find work for over increasing army of unemployed within the province.

Upset Stomach

Pape's Diapsin at once ends sourness, gas, acidity, indigestion. Don't stay upset! When meals don't fit and you belch gas, acids and undigested food, when you feel lumps in indigestion pain, flatulence, heartburn or headache you can get instant relief.

No waiting! Pape's Diapsin will put you on your feet. As soon as you eat one of these pleasant, harmless tablets all your indigestion, sourness, gas, acidity, heartburn, flatulence, heartburn or headache ends. Your druggist sells them.—Adv.

LOT OF RHEUMATISM NOW, RUB AWAY PAIN

Here's instant relief! Limber up sore, stiff muscles and joints with "St. Jacobs Liniment". Count fifty! Pain gone. Rheumatism is "pain only." Not one case in fifty cures by internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacobs Liniment" directly upon the "tender spot," and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism liniment which never disappoints and can not burn or discolor the skin.

Limber up! Stop complaining! Get a small trial bottle of "St. Jacobs Liniment" at any drug store, and in just a moment you'll be free from pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.—Adv.

For Acid Stomach Take Bi-Nesia

Instant Relief or Money Back. If you suffer from dyspepsia, indigestion, pain after eating, flatulency, heartburn or any stomach trouble due to excess of fermentation—and over 90 per cent of our complaints are due to these causes—go to your druggist and get 50 cents worth of Bi-Nesia. The next time you eat or have pain in the stomach take a teaspoonful in a little hot water. The disagreeable acid, pain and discomfort ceases. Chemists say that its almost invariable success is due to the fact that Bi-Nesia instantly neutralizes the excess of stomach acids, thus promoting healthy fermentation, and their healthy, harmless as well as inexpensive. Bi-Nesia should be kept on hand in every home where economy and good health are sought. Bi-Nesia is obtainable in both powder and tablet form. The Owl Drug Co. and other leading druggists everywhere. Each package contains a binding guarantee of satisfaction or money back. It is used by thousands of people who stand back of that guarantee. Stop dieting; eat what you want, then take Bi-Nesia. It's wonderful remedy that costs nothing if it fails.—Adv.

OPEN NOSTRILS! END A COLD OR CATARRH. How To Get Relief When Head and Nose are Stuffed Up. Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache, no straining for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, softens and healing the swollen or inflamed mucous membrane, giving you instant relief. Head cold and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.—Adv.

MORE ADVERTISING IS URGED UPON BUSINESS TO BRING PROSPERITY

Extensive Campaigns Will Relieve Present Stagnation, Government Authority Says.

Washington, March 19.—(U. P.)—Extensive advertising campaigns throughout the country will put business on its feet and relieve the present stagnation, Roger W. Babson, director of the information service of the department of labor and a business authority, declared today. Babson has sent statements to big business men of the country, urging increased advertising as a means of ushering in an era of prosperity. "My advice to the merchant," Babson says, "is this—for your own interest and for the good of the country, increase the advertising appropriation for 1919. Prosperity depends upon the consumer. If there is not a market for goods they will not be produced. "Business is now stagnant because nobody wants to buy, even though people have been deprived of many things during the war. Psychologically, we have not recovered from the shock of the war. "The time to buy things we need is here, but the people will not respond to a single appeal. A general campaign of paid advertising is necessary to get business going again. Dealers in all sorts of commodities should advertise them—in the newspapers, magazines and other accepted mediums. Only in this way can the demand be created."

Dandruff Soon Ruins The Hair

Grips—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

TO REMOVE DANDRUFF

Get a small bottle of Danderine at any drug store for a few cents, pour a little into your hand and rub well into the scalp with the finger tips. By morning, most if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.—Adv.

Your Sick Child Is Constipated! Look at Tongue

Hurry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one has colic, or is sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore bowels, full of worms, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food, and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless fruit laxative, because it never fails to cleanse the little one's liver and bowels and sweetens the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of the counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup company."—Adv.

Warrners Safe Pills have been the ideal Family Laxative for 40 years—a guarantee of reliability. Gentle in action, they are entirely free from injurious drugs, and are intended especially for constipation, biliousness, indigestion, torpid liver or inactivity of the bowels. Your druggist sells them.

OPEN NOSTRILS! END A COLD OR CATARRH. How To Get Relief When Head and Nose are Stuffed Up. Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache, no straining for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, softens and healing the swollen or inflamed mucous membrane, giving you instant relief. Head cold and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.—Adv.

for the good of the country, increase the advertising appropriation for 1919. Prosperity depends upon the consumer. If there is not a market for goods they will not be produced. "Business is now stagnant because nobody wants to buy, even though people have been deprived of many things during the war. Psychologically, we have not recovered from the shock of the war. Dealers in all sorts of commodities should advertise them—in the newspapers, magazines and other accepted mediums. Only in this way can the demand be created."

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. That's an inside bath, you see. Well, it's guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate as the drug store. This will cost very little but is sufficient to make anyone a real cracker on the subject of internal sanitation.—Adv.

How Fat Folks May Become Slim

To be excessively fat is very mortifying. People who are too stout are usually sensitive on this subject. Size and fat falls are stressful to the body. People who are carrying around a burden of unhealthy and unsightly fat will be glad to know that they may reduce their weight without starvation diet or diuretic straits. Take one after each meal and one before retiring at night. Also follow the other simple directions that come with the box. "Weight reduction is a week or so to know how fat you are losing weight, and don't leave off the treatment or even skip a single dose until you are down to normal. "Oil of kerosene is absolutely harmless, is pleasant to take and costs little. A letter sample with book, will be mailed free, in a plain envelope, if you write to Kerosin Company, WE-812, Station F, New York, N. Y. "Even a few days' treatment has been reported to show a noticeable reduction in weight, with the hair firm, the skin smooth and the general health improved. "If you are ten to sixty pounds over normal weight, you should give it a try. You will likely find it is just what you need.—Adv.

"I'LL PRAISE IT LONGEST DAY OF MY LIFE," SHE SAYS

Mrs. Robbins Restored to Health by Tanlac After Suffering Thirty Years.

"Talking about things that help people," said Mrs. P. H. Robbins of 1449 South Fourteenth street, Omaha, Neb., in an interview recently. "Tanlac is doing more good for me than any medicine I have ever known in my time, and I'm now past 60 years of age. "In 1859, nearly 30 years ago now," she continued, "when lagrippe first came along, I was left in bed. I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came. I had an attack of it myself and have had it in some form or other from once to twice a year ever since. The first attack left me in a weaker condition and I would no longer recover from one attack than I would be pulled down again. The doctors at that time said I would never get up. My appetite was poor, I lost 20 pounds in weight and just had to drag myself around. I was hardly ever without some kind of an ache or pain and I had to keep in bed in such a way that we couldn't keep house, so I went to my daughter's. My husband went to boarding and where he boarded he heard of Tanlac. He got two bottles, one for me and one for himself, as he was in very bad health, too. Well, I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came. Well, I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came. I had an attack of it myself and have had it in some form or other from once to twice a year ever since. The first attack left me in a weaker condition and I would no longer recover from one attack than I would be pulled down again. The doctors at that time said I would never get up. My appetite was poor, I lost 20 pounds in weight and just had to drag myself around. I was hardly ever without some kind of an ache or pain and I had to keep in bed in such a way that we couldn't keep house, so I went to my daughter's. My husband went to boarding and where he boarded he heard of Tanlac. He got two bottles, one for me and one for himself, as he was in very bad health, too. Well, I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came.
