

INSPECTION OF TEEL PROJECT TO BE MADE BY SECURITIES BODY

Appeal of Delegation from Irrigation Districts in Umatilla Brings Action.

Salem, March 21.—As a result of a visit from a delegation representing the Teel Irrigation district, in Umatilla county, the state securities commission will leave here Sunday night on an inspection trip over the proposed irrigation project.

In the delegation were O. D. Teel, Asa B. Thompson and J. Frank Spinning, directors of the district. They came to Salem to get the state securities commission, which consists of the state engineer, superintendent of banks and attorney general, to speed up their consideration of the request of the district for certification of a bond issue of \$100,000, which has been voted by the district and sold subject to this certification by the commission.

The commission had intended leaving next Wednesday to inspect the proposed irrigation project, but at the request of the delegation the time was advanced to Sunday.

If the bonds are certified so they can be sold, the money is to be used in the construction of a project which is intended to reclaim 16,000 acres in Umatilla county, near Echo. The proposed project includes the construction of a reservoir on Camas creek, the building of two miles of tunnel through a mountain, thereby diverting the water of several small streams into Butte creek, from which the water is to be taken for irrigating the land. Five miles of flume and 13 miles of ditch are to be constructed.

Before the state securities commission will certify the bond issue the commission must determine the feasibility of the project from an engineering and cost standpoint and the value of the lands to be irrigated.

Robber, Frightened, Loses Stolen Goods

Woodburn, March 21.—The store room of Becker & Son was entered and robbed of inner tubes, pocket knives, razors and razor blades Thursday night. The robber, frightened at the approach of Marshal English, cached the goods and they were afterward recovered by the officer.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch would be audible seven or eight inches away from their ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parnum (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parnum is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in its form of distressing rumbling, hissing sounds in their ears, should give this recipe a trial.—Adv.

BELLANS FOR INDIGESTION

6 BELLANS Hot water Sure Relief

NUCOA IRON

Increases strength of debilitated, nervous, run-down people in two to three days in many instances. Used and highly endorsed by former United States Senators and Members of Congress, well-known physicians and former Public Health Officials. Ask your doctor or druggist about it.—Adv.

Course of River To Be Changed To Protect Road

Kelso, Wash., March 21.—State Highway Commissioner James Allen announced that \$10,000 will be provided to make a channel change in the Lewis river at Robinson Bend to protect state highway No. 15. The Lewis river at this point makes a horseshoe loop. The work will be done this year. A concrete highway runs within about a mile of Robinson bend.

WARRENTON SEEKS RAIL RATES EQUAL TO ASTORIA TARIFF

Senator McNary Begins Investigation With View to Presenting Claim to Government.

Washington, March 21.—(WASHINGTON BUREAU OF THE JOURNAL)—At the request of E. H. Flagg of Warrenton, Or., Senator McNary has been making inquiries as to methods of procedure which citizens of that town may adopt in seeking to secure removal of the differential against them as compared with Astoria. The Warrenton people assert that their favorable location on deep water should entitle them to the same rate as Astoria, but a differential of 60 cents exists. The matter becomes especially pertinent now that rates between Portland, Astoria and the Inland Empire are to come into review by the interstate commerce commission.

The information received by Senator McNary is that Warrenton probably should not attempt to intervene in the Portland-Inland Empire case, because of probable objection that this would broaden the issues, but that Warrenton may hope to have her claims considered at the same time if she promptly files an independent complaint, as the usual practice of the commission is to consolidate the hearings of cases which are closely related.

The other alternative for the Warrenton people would be to ask a reopening of the Astoria rate case, with the object of asking that Warrenton be included with Astoria in the designation of Pacific terminal points.

German Professor Has Decided to Go On a Silence Strike

By Ben Hecht
Special Cable to The Journal and Chicago Daily News.
(Copyright, 1919, by the Chicago Daily News.)
BERLIN, March 21.—Life is becoming more and more complicated here. At noon today I tried to interview Professor Aehrenhold, internationally known as the astronomer of the Treaty observatory in Berlin. I learned, after I had talked with him for 10 minutes, that he had gone on a silence strike. Regarding me with a sad look in his eyes he said: "I can't talk to you. I have just organized a silence strike and am calling upon all Germans not to talk to any American or a citizen of the allied countries until the hunger blockade has been lifted."

After leaving the astronomer I met Miss Ethel Meyer, the German movie star, who informed me that she also was striking. "All the movie stars are now on strike," she said. "Higher wages. Movie stars only get \$10,000 a year in Germany. Elsewhere they earn millions."

McNary Featured As One Who Did Not Sign Round Robin

Washington, March 21.—(WASHINGTON BUREAU OF THE JOURNAL)—Senator McNary, on a recent short trip to Birmingham, Ala., on business, was besieged by newspaper men who sought an interview on the League of Nations. One paper printed his picture with the caption, "One of the senators who did not sign the round robin."

McNary wishes to give an interview on this subject. He believes the people at home are entitled to his first statement, and when made it will doubtless be carefully considered form. The time for his return to Oregon is still unsettled.

Abnormal Appetite Or Theft of Sheep Is Laid to Herder

Medford, March 21.—James McAnna, a shepherd employed by J. D. Welch, Portland stock buyer, to take care of a band of sheep in Rose Lane pasturage one mile north of the city, was bound over in Justice of the Peace Taylor's court to the grand jury on \$500 bail on the charge of larceny of sheep. McAnna asserts it is customary for shepherders, when they need fresh meat, to kill sheep of their employer's flock, and that this was what he did. Welch, who caused his arrest, alleges that McAnna must have had an abnormal appetite for one man, for as many as five sheep had been missed from the flock in the weeks.

Orphanage Head Is Held

Vallejo, Cal., March 21.—(U. P.)—Stout denial is made today by Fred Anthony, superintendent of the Good Templars orphanage here, of the charges preferred against him by a number of little girl inmates of the institution. Anthony is being held for a preliminary hearing Wednesday, following his arrest Thursday night.

GRANGE URGES EARLY COMPLETION OF WORK ON PACIFIC HIGHWAY

Linn County Organization Shows Remarkable Change of Sentiment in Two Years.

Albany, March 21.—At the annual meeting of Linn County Pomona grange, held Wednesday with Grand Prairie grange, the following officers were installed for 1919: Master, Perry Parker; overseer, A. R. McCall; lecturer, Mrs. Marie Allen; secretary, Bertha Beck; steward, C. J. School; assistant steward, Leslie Cade; lady assistant steward, Winnie Cade; chaplain, Cyrus H. Walker; treasurer, A. W. Cormack; Ceres, Mrs. Minnie School; Flora, Mrs. Amy Parker; Pomona, Mrs. Maude White; gatekeeper, A. C. Miller.

A resolution was adopted calling upon the Linn county court to take necessary steps to complete the Pacific highway from Jefferson to Harrisburg at the very earliest date and to purchase a complete outfit for constructing hard surface roads. Indicative of the change of sentiment in regard to road building is the fact that the Pomona grange adopted the resolution mentioned when two years ago a motion to levy a small millage tax was lost for want of a second.

The grangers also adopted resolutions favoring a League of Nations and a constitutional amendment prohibiting the legislature from attaching the emergency clause to any bill.

Lebanon Boy Is Orator

Albany, March 21.—"The Meaning of the League of Nations" was the subject of the oration of J. J. Canoles of Lebanon, who won the oratorical contest of Albany college Wednesday night. Mr. Canoles will represent the college in the state oratorical contest in Eugene, April 11. Miss Annie Watkins of Portland spoke on "The Destiny of Teutonism" and Murray Jones of Ellensburg, Wash., discussed "Americans for America." Dr. G. H. Young, Mrs. Viola P. Franklin and Professor C. W. Woodthorpe were judges of composition and those on delivery were Miss Aurelia Burch, Percy A. Young and Carlton E. Sox.

Dr. Stewart Is Now Major

Albany, March 21.—Dr. W. E. Stewart, who was practicing medicine in Portland at the outbreak of the war, has been promoted to the rank of major, according to a cable message received from him Wednesday by his father,

Postmaster C. H. Stewart, Major Stewart went to France with the Third Oregon, being later detached and placed in command of a base hospital. When the hospital was closed, he was ordered to Nantes for duty as sanitary inspector and health officer of that port, through which soldiers are now being sent home at the rate of 500 per day.

Armenian Funds Forwarded

Albany, March 21.—Dr. W. P. White, Linn county chairman of the Armenian relief drive, has sent \$500 to State Chairman Ben Selling. This was \$500 less than the quota of Linn county. Dr. White reports 99 cents on hand and \$2 school districts still to be reported.

Sunday School to Expand

Albany, March 21.—Not satisfied with doubling its Sunday school attendance during the last six weeks, the workers of the Baptist church of Albany have started another drive to double its present membership of about 140. A budget of \$400 was adopted for the year, \$250 of which was for local work and \$150 for missionary work.

Farm Loans Reach \$150,000 Total in Lebanon District

Lebanon, March 21.—At the annual meeting of the Lebanon Farm Loan association all members of the executive board were reelected. They are: President, George Ross; vice president, George Simmons; secretary-treasurer, Clarence Ingram; loan committee, E. E. Taylor, Clarence Ingram, C. E. Soule. Secretary Ingram reported \$150,000 in loans placed since the association was organized and applications in the hands of the committee for loans amounting to \$80,000.

Lebanon Heroes Return

Lebanon, March 21.—Lebanon boys, returning with honorable discharges, are: Herbert Thom, in England one year serving as soldier in the Canadian army; John Hobson, from Camp Lewis; Byron Curl, at the front overseas for two years; Lloyd Gibson from the training school at San Diego, Cal.; Harry Lutz, from on the Mexican border, where he has been for a year; Herman Grimmer, from the navy; Sergeant Victor Kent, from overseas service of one year; William Heinrich, who saw actual service at the front, and Corporal Daniel Lawrence.

Former Resident Dies in Camp

Lebanon, March 21.—Charles A. Guerne, a former resident of this city, died recently at Camp Taylor, Ky., where he had been in training. At the time of his enlistment he was filling the chair of education in the state normal school at Silver City, N. M. He was a graduate of the University of Oregon.

HEYES PLANNING TO MAKE PHOTOPLAYS IN LOCAL SURROUNDINGS

Portland Man Achieves Much Success in Motion Picture Circles.

Herbert Heyes, who "broke in" with the Baker Stock company in Portland, and who has since achieved considerable success on the spoken stage and in motion pictures, is in Portland, and, with Lew Zehring and Lyman Hinckley, photoplayers of some prominence, is developing a proposition which it is expected will make Portland the producing center for a series of photoplays.

The plans, as announced by Mr. Heyes, include beginning of operations within a month—as soon in fact as the atmosphere clears sufficiently for the making of cleantest exposures. It is expected that three pictures will be completed before fall, the first of these, Mr. Heyes says, to be a filming of a story written by himself in which he will be one of the players.

The stories are to deal for the most part with the big out-doors, and will take in beauty spots of the Oregon country for a background. Mr. Heyes says that tentative arrangements have been made for the distribution of the new pictures.

Wife of Official of Lumber Plant Dies

Nehalem, March 21.—Sarah Jane Vosburg, wife of J. L. Vosburg, secretary of the Wheeler Lumber company, died at her home in Wheeler Monday night of neuralgia of the heart, aged 62 years. Mrs. Vosburg was born in Shippensburg, Pa. She came to Oregon about 1880, residing at Oak Grove for several years. She is survived by her husband, two sisters, Mrs. J. B. Bennett of Bellingham, Wash., and Mrs. J. F. Holster of Spokane, Wash.; one brother, W. T. How-

land, and one son, Charles R. Vosburg of Wheeler.

Navy to Enter Two Or More Planes in Trip Across Ocean

Washington, March 21.—The navy department's plan for insuring success to the proposed trans-Atlantic flight calls for the use of more than one seaplane. Lieutenant Commander Patrick Bellinger, recently commandant at Norfolk, reported today to Captain J. H. Towers,

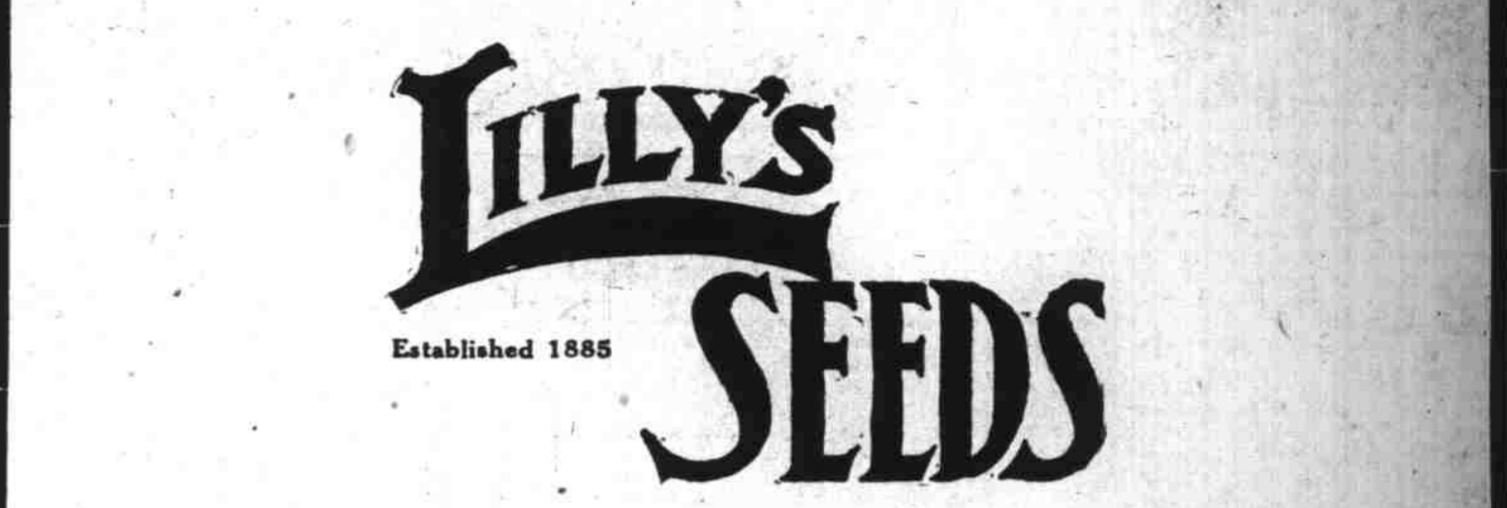

who is in charge of the expedition. Commander Bellinger was immediately dispatched on a mission, the object of which was not disclosed. Captain N. E. Irwin, who is also one of the few in the secret of the trip, has been out of the city for several days, presumably on an inspection of the three or four N. C.-1, machines to be used for the overseas flight. Navy officials said today that they were committed to making a straight flight across the ocean. It is therefore proposed to send at least two of the machines, and perhaps a squadron. To save material European manufacturers are turning out rubber shoe soles and heels without centers.

Every Home Should Have a Garden

Though the fighting is over, we are still eating food grown under wartime conditions. Food prices are high, and will remain so for months to come.

While the prices of most staple foods will remain high, the home garden will afford relief from high prices.

In order that the garden may constantly supply foodstuffs, successive plantings of most vegetables should be made at weekly intervals—and plant

Because they are BEST for the WEST, acclimated to our soils and climatic conditions. Plant beans and cucumbers, also flower seeds, now. Ask our salesmen for advice.

What About the Victory Legion? Of Course

We are proud to state that we have given employment to 70 returned soldiers and sailors at wartime salaries and wages. Everyone who can must do their share in building up the Victory Legion.

Lilly's Mordcrop is something your garden should have now—no offensive odor. It will enrich it wonderfully. Ask us about our Lawn Dressing and Garden Lime. You will need them both.
