PORTLAND, OREGON, SUNDAY MORNING, MARCH 30, 1919.

# BABY SALMON TO

Between Two and Three Million Fry to Be Placed in Oregon Streams in Next Two Months.

RAINBOW" BEING REPAIRED

Fish Car Has Been Brought Down From Hatchery at Bonneville For Annual Overhauling.

treams of Oregon will be made in the ne commission. This annual work of restocking the waters of Oregon will in this week when the official fish ts first load out of Bonneville.

The distribution car, which has been ying idle at Bonneville since last Nober, was brought down to the local ards Thursday, where the railroad company will place it in shape for the serv-ics it will undergo for the next seven or fight months. Necessary repairs will probably be completed this week.

The first trip will be made early this cek, the car being assigned to take two or three loads to the reserve siding on the middle fork of the Willamette Approximately 300,000 salmon, will be released there and millions of salmon eggs will be gathered to be taken back to the state hatchery. easuring two or three inches in length,

An average of 100,000 baby salmon be carried by the distribution car d during the rush season as high as 150,000 fish have been carried at a time. Deputy Warden T. J. Craig will again ssume charge of the car.

Places slated for fish distribution are practically the same as last year. Several loads each will be taken to the chutes and at points above The Deschutes and at points above the Dalles and Arlington. Four carloads of fish will be taken to Jefferson county and two or three assignments to Eugene. Several loads will likely be taken also to the Yaquina river and Corvallis and a few additional points. Between 15 and 20 carloads will be distributed 15 and 20 carloads will be distributed during the next two months.

Work of distributing trout fingerlings tribution is over, about June 1. Millions of these fish will likewise be dissuted all over the state and those h charge of the fish car will be kept busy intil about the first of November. At Bonneville, the commission has be-

on \$,000,000 and 10,000,000 salmon at hatchery and about \$,000,000 more in the fish reserve at Harmon creek More eggs will be gathered during the summer and an even larger propagation is promised for next year.

### Marine Corps to Be Rapidly Brought Up To Peace Time Size

Enlistment of 14,000 men for the United States marine corps is to be made in the next few months to bring the ranks of this organization up to the peace time strength established recently by congress. Some opportunities are offered now in this branch of service and one of the calls is for a large num-ber of motor mechanics for aviation duty at the marine flying field, Miami, Fla.

Men enlisted in this district are sent

to the recruit depot at Mare Island, Calfornia, for an instruction course covering about 10 or 12 weeks. Upon completing the course they are eligible for service at any of the marine stations, located n China, the Philippine islands, Guam, Cuba, Hawaiian islands, Nicaragua, Halti or in some of the European countries. Other stations are maintained in navy yards and elsewhere in the United States.

Everything is competitive in the marine corps, the officers being chosen from the ranks and, as many men enlisted for charged rapidly at this time, good chance for advancements are possible now. The lowest paid man in the marine corps gets \$60 per month and all traveling expenses. The local marine recruiting depot is located in room 306 Panama building.

#### Pupils Distribute Literature for the Funds for France

School children are distributing the literature prepared by the committee for devastated France, in preparation for the one-day campaign for \$25,000 to be undertaken April 5.

Children will play the greatest part in the collection of funds, it being planned that they shall visit every some in the residence districts and collect a dollar from every family.

Teachers will not be permitted to act as collectors of the funds in the different schools, but the committee for devastated France will have a representative stationed at each school building to receive the money as the children bring it in.

"Now that the war is over," said Su-

perintendent D. A. Grout, "it is our in-tention to adopt a non-interference policy. Teachers are employed for the purpose of instruction and we do not intend that they shall be used for outside pur-We do not intend that our poses. We do not intend that our teachers shall employ coercion to raise money, which they naturally do if they are responsible for their room and want it to go 100 per cent."

Boy, 3, Knocked Down Billy Murray, a 3-year-old boy who lives at East Thirteenth and Umatilla streets, while playing in the street in front of his home Friday afternoon, was knocked down by an automobile driven by J. H. Shields. The lad was taken to the Sellwood hospital by Mr. Shields, where it was found that his injuries were not serious. He was later removed to his home.
