Three prizes will be awarded for the best selections from those subnitted; and the authors will have the added satisfaction of inspiring en-thusiasm all over the state. The contest closes April 10 and suggestions should be mailed without delay. Medals From Hun Cannon

Word reached the state publicity department Saturday that captured German cannon will come to this state in the form of medals to be awarded volinteer workers. The telegram from 4. Farnsworth, Pacific coast director ablicity, reads as follows:

"The treasury department will award medale made from captured German cannon to all volunteer workers during the Victory loan. The medal is the size of a half dollar. It contains a repro-duction of the treasury building on one side and certification of participation in the loan on the other. United States government will begin its tour of Oregon by exhibiting captured German relics and souvenirs of bloody contests on many battle fronts at Klamath Falls all of today. The train will visit Southern Oregon and Willamette Valley towns during the fore part of the week and will reach Portland Thursday afternoon, exhibiting afternoon and evening and Friday evening.

The program is being arranged by the features bureau, of which Aaron Frank is chairman, with A. J. Robinson as executive assistant. The extra program features decided upon to date include: First, the playing of the Star Spangled Banner by the Red Cross canlow, and fifth, a brief address by Dr. Edward H. Pence.

Exploding Bombs to Give Signal

"Just as the train makes its appearance up Fourth street," said Mr. Frank. "a dozen aero bombs will be exploded from the roof of the courthouse announcing its arrival."

With the conferences in Portland Thursday and Friday of the state editors, county managers, state executive committee and the women's executive mittee, the Victory loan drive in Oregon was fairly launched with the same spirit as the captions of slides, which, it was announced Saturday, will soon be exhibited under the auspices of the theatre bureau:

"Invest and finish the job." "Had we not won victory how much would you pay to get it? Invest that much in the Victory loan." "We placed our order with Uncle Sam for peace and victory. As honest people, let's pay the bill promptly by subscrib-

ing to the Victory loan. Win your fifth service stripe by investing in the Victory liberty loan." "Make your dollars work for you-

The examination was purely a county affair, given by Superintendent Alder-son for the benefit of those who wish to be exempted from the state examinations. The history test asked for the names of five United States schators, five presidents, three inventors and two authors, the identification of 10 significant dates and the underscoring of Confederate generals and states in a

One of the principal reasons for the apparent poor showing of the Multnomah county children is because of the demoralization of the schools during a large part of the school year because of influenza, according to Superintendent Alderson.
