

LANTERN SLIDES TEACH PUBLIC HOW TO COMBAT FIRES

Government and State Forestry Officials Discuss Methods of Securing Cooperation.

OSBORNE GIVES ADDRESS

Committee Named to Confer With Railroad Administration Officials for Help in Woods.

The best method of securing the cooperation of the public in extinguishing campfires, by signs, by lantern slides, by movies and other publicity was discussed by timber owners and government and state forestry agencies in session this morning at the meeting of the standardization committee of the West.

That there are only four actual methods of fighting forest fires and that the best way depends upon local conditions was the assertion of W. B. Osborne Jr. of the forest service. These four methods, the lack of a name for which has caused Mr. Osborne to coin the words direct, two-foot, parallel and indirect, starting from a theoretical basis and working to a practical, are embodied in Mr. Osborne's "Fire Fighting Chapter of the Manual," which he is putting out. The basis upon which Mr. Osborne worked his deductions differs from anything ever used before, and was received with interest.

POSITIVE RULES CONFLICT

"The application of these methods depends entirely upon local conditions," said Mr. Osborne. "If you start laying down positive rules they conflict." Discussion as to the continuance of the standardization committee and its cooperation with other organizations took up much of the morning. The committee as it exists consists of a member for each state representing private patrol organizations, with each state forester and federal district forester in the territory.

Lieutenant Colonel C. S. Chapman of the Tenth engineers, who was to have reached Portland today and was scheduled for a talk on forest fire protection in France, had not arrived at noon and it was not expected he would appear in time for his talk.

Thursday's session was taken up with discussion of the labor question and the use of automobile patrols, cooperation with the railroad administration in fighting fires on the right of way, the fire hazard produced by the spruce division's operations, concrete suggestions for map making and the control of camping places.

WILL CONFER WITH RAILROADS

A committee consisting of F. E. Chapter of the forest service; F. E. Page, Washington state forester; W. J. Ross, Jr., Malheur, Idaho; Dr. Roy Cameron, Kamloos, B. C.; I. N. Nash, Idaho state land commissioner, was appointed to take up the matter of securing some kind of working agreement with the railroad administration.

Captain J. H. Markham reported as to the progress of the plan for the elimination of the fire hazard in areas where the spruce production operations were carried on. It was pointed out that an appropriation of \$100,000 had been made to top trees, to build fire trails and otherwise reduce the fire hazard and to provide an intensive patrol of the areas involved. Protective officials feel that the arrangements made by the spruce production corporation more than fully comply with the state laws, and if all loggers took similar precautions the fire hazard from logging operations would be considerably reduced.

LOAN DRIVE SLUMPS IN CITY OF PORTLAND

(Continued From Page One)

agents and refuse to listen to the necessity of buying these Victory bonds. "I'll buy a thousand dollar bond if you will give me a helmet," said a woman.

"We have no helmets," she was told. "Then I won't buy any bonds at all."

In the Springtime

It's just at this time of the year that we need something taken from Nature to restore the vital forces. People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog or cat will stop eating food and seek out some vegetable growth in the field or yard, which when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce's, of Buffalo, N. Y., long since found herbs and roots provided by Nature to overcome constipation,

and of these he selected Mayapple leaves of Alos, root of Jalap, and from them made little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in our system and these are carried by the blood through your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a dose of castor oil, or something which is more powerful, a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are absolutely the very thing you need.—Eight now.

TWO O. A. C. CLASSES CHOOSE CANDIDATES FOR SPRING ELECTION

George Powell of Portland Put Forward for Head of Junior Class Next Year.

Oregon Agricultural College, Corvallis, April 25.—Politics have begun to brew on the O. A. C. campus and spring elections are soon to be held. Nominations have been made for the positions of president, secretary, treasurer, and for the executive committee, which is impatient at the lukewarmness of the public.

There are 1500 active business men in Portland who have been devoting their time to soliciting subscriptions. They are doing work which might just as well be taken care of by the men whom they approach to buy bonds—it is as much the duty of the man in the office and running his business, as it is the men who are neglecting their business to help the cause. These 1500 men cannot be kept on the streets for an indefinite period, and there is nothing to prevent them stopping at any time, save the patriotic impulse to serve. This is the view taken by the city campaign committee, which is impatient at the lukewarmness of the public.

FOREIGN BORN BEST BUYERS

Some foreign corporations doing business in Portland are not buying a sufficient amount of bonds—not as much as one of this company's machines cost. Fire insurance companies, organized in Washington, but doing business in Portland, cannot buy Victory bonds here because they are not registered with the insurance department of the state of Washington that a Victory bond is a foreign security, the contention being that the bonds are not registered in the state of Washington.

Compared with the native born American, the foreign born citizen is making a buying record, while the native born citizen is making a record in the study of the sales of Victory bonds shows that the Germans, Swiss, Irish, Norwegians, Swedes and Chinese are buying best, while the native born thinks he has done his duty when he applies for a \$50 bond.

A native American was talked into applying for a \$100 bond at Victory Hut this morning, when he wanted at first to buy a \$50 security. He said that his son would buy a \$50 bond. This son, he said, was a seaman on a shipyard. The son gave \$20 to his mother and Sunday night he had \$1.50 left. And yet this son, he said, had a native born father. These are more stars showing the way the wind blows. Another man, living in the suburbs, applied for a \$50 bond, but his wife, while the native born is making a record, all the money he has in the world is all he becomes sick he may have to sell a \$50 note to pay doctor bills.

1000 SUBSCRIBE AT HUT
Sales at Victory Hut yesterday amounted to \$24,650, with \$10,600 cash. There were 200 subscribers. For the same day in the Fourth Liberty loan there were 600 subscribers, taking \$42,350 in bonds and paying \$18,450.

The largest subscription reported yesterday was \$100,000 from the Willcoct estate. Among the latest subscriptions \$1000 and up are the following:

- | | |
|--|----------|
| Adams, Lorin K. | 1,000 |
| Neustadter, Ben | 2,000 |
| Bank of Oregon | 1,500 |

Talks Interest Farmers

Oregon Agricultural College, Corvallis, April 25.—V. Rusek of the department of soils at the college has returned from Holly, near Brownsville, where he met 40 members of the local section of the county extension committee engaged in the fertility project. Professor Rusek spoke on commercial fertilizers and the men were so deeply interested buying subjects that he did not get away until the "wee small hours." The division of the farm bureau which held the meeting is in charge of C. D. Smith, county agricultural agent.

Regional Director Alshon and his assistants made a trip to Tillamook leaving Portland at 10:30 Thursday night and returning at 2:30 o'clock this afternoon on a tour of inspection. At 8 o'clock their special train left Portland for Huntington and Spokane and thence east. The party returned from a trip of inspection to Astoria at 2:45 Thursday afternoon. They immediately took automobiles for a trip over the Columbia highway, stopping at Forest Hill (Lor danner) and returning to Portland at 8 p. m. The party on the Tillamook trip included Regional Director Alshon, M. J. Gormley, assistant regional director; J. G. Woodward, traffic assistant; L. S. Carroll, regional purchasing agent, and E. H. Batschelder, secretary to Mr. Alshon.

Teachers Chosen For North Bend At State Normal

Oregon Normal School, Monmouth, April 25.—Superintendent Robert Goetz of the North Bend schools has been at the normal school selecting teachers to fill his corps for the coming year. He chose Miss Amy Nettleton, Miss Mabel Kennedy and Miss Nettie Lewis for the grade work, and the June graduating class will consist of 47 members, about half of whom have already been engaged for positions for the ensuing year.

CITIZENSHIP CONFERENCE DELEGATES ARE NAMED

Salem, April 25.—Governor Olcott has appointed the following delegates to represent this state at the third World's Christian Citizenship conference, which will be held in Philadelphia, November 18 to 18: Dr. W. W. Young, Dr. E. H. Pence and Dr. W. G. Elliot, all of Portland, and Rev. H. H. Hubbel of Pendleton.

These appointments were made at the request of James S. Martin, general superintendent of the National Reform association, under the auspices of which the conference is to be held. The first conference was held in Philadelphia in 1910, with seven countries represented on the program. The second was held in Portland, Or., in 1913, with 14 countries represented.

Baby Beavers Team Organized
The Peninsula Baby Beavers baseball team has been organized for the 1919 season and will play its first game of the season next Sunday with the St. Johns Junior company. The game will be played at Peninsula park.

ROCK ISLAND, ILLA. April 25.—(U. N. S.)—Joe Rivers showed a flash of his old time form last night when he made Frank Nixon of Buffalo quit cold in the seventh round of what was to have been a 10-round bout.

After being severely punished for several rounds, Nelson backed away from Rivers, confined to the referee that he had enough, climbed through the ropes and showed considerable speed getting to his dressing room.

New York, April 25.—(U. N. S.)—John W. Snyder and his Cumberland, Md., delegation who are here trying to land the Willard-Dempsey fight today declared that Promoter Tex Richards will select Cumberland.

The promoter, however, refuses to confirm or deny the report.

New York, April 25.—(U. N. S.)—Johnny Kilbane, featherweight champion of the world, is in New York today, and may sign up for an eight round bout before the Sportsman's club of Newark with Benny Valger, who claims the French featherweight title. Kilbane has been offered a match by Dave Mackay, matchmaker of the Newark club, and it is said he came here to get Mackay's best terms.

Los Angeles, April 24.—(U. P.)—Young Brown won the main event at Tuesday's four-round boxing show at Yermoland, giving a decision from Harry Brammer. Alex Trambitas won a decision from Alfred McManus. Chet Neff knocked Gene Watson out in the first round.

Centralia, April 24.—Some of the best ring talent in the Northwest will appear at the smoker to be held in Tono on the night of May 1 under the auspices of the Tono Athletic club. Preston McDonald, manager of the club, went to Puget Sound yesterday to sign up boxers for his show. He expected to land several at the smoker held in Seattle last night.

Detroit, April 25.—(U. P.)—Tony Zili whipped Mickey Sheridan in a fast eight round bout Wednesday night. Carl Tremaine polished off Frank Jummati in a bout of similar length.

Milwaukee, April 25.—(U. P.)—Joe Burman of Chicago won a decision over Dick Doolanman Wednesday night in a 10 round match.

MEXICAN SECRETARY REPLIES TO INTERVIEW WITH GENERAL McLEAN

Fernandez Declares British Oil Man Will Be "Treated as He Deserves."

Mexico City, April 25.—(U. P.)—The interview with General McLean, en route to Mexico to press the claims of British private interests to certain oil lands, has caused considerable informal discussion in the foreign office. It was not until today, however, that official cognizance was taken of the interview. Salvador Fernandez, acting foreign secretary, then issued the following statement.

"This government has no official knowledge of General McLean's intentions, but in case he comes to this country he will be treated as he deserves."

McLean, arriving in New York, said he was going to Mexico to see the situation with respect to concessions affecting 15,000,000 acres bought by British citizens. He declared that while it is impossible for Great Britain to send a warship to Mexico, because of the Monroe doctrine, good results would be accomplished if "the shadow of American warships fell on Mexico soil."

Fernandez's statement that McLean will be "treated as he deserves" may be interpreted as meaning the British officer will be accorded the usual diplomatic courtesies—or otherwise.

In an official statement last Wednesday Fernandez declared that Mexico never had and never would recognize the Monroe doctrine.

Summer School Plans Made

Oregon Normal School, Monmouth, April 25.—All details for the opening of the summer term of the Oregon Normal school June 23 have been completed. Provision has been made for all regular courses, and also for special methods in all elementary subjects. A course will be offered which will prepare teachers to comply with the law passed by the last legislature, which requires all teachers to devote a definite amount of time to physical education.

Philadelphia, Pa., April 25.—(U. N. S.)—The twenty-fifth annual Penn relay carnival opened here today and will continue tomorrow.

SPOKANE AND EVERETT, WASH., will be represented by strong teams, according to reports received. The Jefferson High school of Portland will enter a 12-man team, and Washington, James John Franklin, Lincoln and Columbia university will enter six athletes each. The valley towns are expected to be well represented.

PORTLAND MEN WILL ASSIST IN STAGING NORTHWEST CHAMPIONSHIPS AT CORVALLIS MAY 3.

Oregon Agricultural College, Corvallis, Or., April 25.—Officials for the northwest scholastic championships and the state scholastic track and field meet to be held here Saturday, May 3, were announced today by H. W. Hargis, athletic director at Corvallis.

T. Morris Dunne, secretary of the Pacific Northwest association of the A. A. U., will referee the meet.

Spokane and Everett, Wash., will be represented by strong teams, according to reports received. The Jefferson High school of Portland will enter a 12-man team, and Washington, James John Franklin, Lincoln and Columbia university will enter six athletes each. The valley towns are expected to be well represented.

The list of officials:
Honorary referee—President W. J. Kerr, Everett.
Referee—T. Morris Dunne of Portland.
Starters—Ralph Coleman.
Clerks—Dr. A. D. Brown and George Anderson, Portland.
Announcer—Charles Beattie, assistant, W. W. Hargis, Corvallis.
Scorers—George Henderson, V. P. Butterlich, Joe Reynolds and Lloyd Carter.
FIELD MEN SELECTED
Head judge of finish—Sam Dolan.
Assistant judges of finish—L. H. Stroy and Harry Grayson, George Berts, E. M. Duffy.
Head field judge—Victor Lieda.
Judges of jumps—J. A. Elkelman, Walker, E. M. Duffy.
Judges of weights—Oman Radaker, George Powell and Marlon McCarty.
Judges of pole vault—Henry Beardsley, Robert Stewart and D. Kirkschlagler.
Assistants to referee—Ernest Arthur, W. S. Kincaid and Carl Riskous.
Track and field manager—Marie Loosely, Lawrence South, Patchin and James Hyde.
Timers—Head timer, James J. Richardson, assistants Wallace Keadworthy, Dr. B. T. Simms, E. B. Beattie, C. V. Ruzick.

NATIONAL LEAGUE

At Cincinnati: R. H. E. St. Louis 1 6 3
Cincinnati 3 6 0
Batteries—Sherrill and Clemens; Fisher and Hardon.
At Philadelphia: R. H. E. New York 5 11 6
Philadelphia 6 12 1
Batteries—Benton, Jones, Steele and Smith; Oschger, Woodward and Cady.
At Chicago: R. H. E. Pittsburgh 1 6 2
Chicago 5 9 2
Batteries—Bauser and Schmidt; Vaughn and Killifer.
At Boston—Brooklyn-Boston game postponed; rain.

JEFFERSON HURLER Fans Eighteen Men In League Meet

Striking out 18 Benson players, Edward Anderson, pitcher of the Jefferson high school team, established a new territorial scholastic league record in Thursday's interscholastic league contest on Multnomah field, which the Blue and Gold tossers won by the score of 10 to 5. Anderson's record is one better than the mark established by his team mate, Gray, last week.

Baker, the Benson hurler, pitched a fairly good game, but his support was poor. Baker fanned nine men. Jefferson tallied four times in the first inning and put across three runs in the third, two in the fourth and one in the eighth. Benson scored only in the third and four in the fifth. Coulter, Healy and Hammett each grabbed a brace of blows for the winners.

At Detroit—Cleveland-Detroit game postponed; cold weather.
At New York—Boston-New York game postponed; rain.

College Athletes Strive for Honor In Penn Contests

Philadelphia, Pa., April 25.—(U. N. S.)—The twenty-fifth annual Penn relay carnival opened here today and will continue tomorrow.

Central Beats Oakley Green
A ninth inning rally gave the Central League of the Grammar School Baseball League a 3 to 1 victory over the Oakley Green boys of the Grammar school. Oakley Green held the winners hitless until the ninth inning. Smith caught for Oakley Green. Clave and Foss formed the winning battery.

MH and Mat Bout for Lodgmen
Harold Christ Johnson and Pete Barzelax, wrestlers, and Kid Focco and Jimmy Lewis, boxers, of the five great powers, will meet tonight at the entertainment to be held tonight by the Web-foot camp in the W. O. W. hall. The mat event will be the best two out of three falls. The boxing bout will go four rounds.

Premier Denies Australia Alone Frustrated Japan

Tokio, April 22.—(U. P.)—Premier Hughes of Australia, in an interview at Paris, cabled to the Tokio Asahi Shimbun today, scores the unnamed circulator of a report that Australia killed the covenant amendment giving Japan racial equality.

The admission of Japan to membership as a nation in the League of Nations, Hughes is quoted as saying, "proves the equal status of Japan."
Hughes, according to the interview, is against the recovery program, but declared labor conditions in Japan and Australia are far different.

MAISEL IS NEEDED BY PORTLAND

McCredie Has Wires Humming With Aim of Strengthening Team of Youngsters.

By R. A. Cronin
WHILE Judge McCredie has a flock of telegrams out to this major league club and that, in an effort to strengthen the sorry-looking Beavers, it behooves the local magnate to bring George Maisel into the fold and to bring him in quickly.

Maisel is needed for several reasons: He is needed for his batting. He is needed for his fielding, outfield or infield. He is needed for the confidence that he will put into the younger players, especially the pitchers.
STOLOFF DISAPPOINTMENT
The ball fan was perfectly content to see the Beavers go into the Coast league with a young ballclub, if it could win one third of its games in the first two weeks away from home.

The first disappointment was Bennie Stoloff, one of the greatest fielders the coast has seen in the training camp, but it is not the only disappointment of the national pastime when he went into the regular games at shortstop. It was dumfounding to the rest of the Beavers the way Bennie flunked out in fast company.

Eddie Bogart failed to get started at third, and with two blowups the club naturally took an ascension. The injury to Frank Walker and the illness of George Pennington still further clouded the outlook.

BOYS MUST BE REDEEMED
It is up to somebody to bring the boys back to their feet; somebody in the game who is familiar with every angle in the Coast league. George Maisel is that man and the sooner Judge McCredie and Maisel can get together, the better the baseball fan will feel.

It was unfortunate that the judge and Maisel could not get together before, but time and games are slipping away and something must be done and done quickly. It is understood that the Portland club has been in communication with Maisel on the quiet and it would not be surprising if George showed here in time to break into the Oakland series. All that remains is the announcement from McCredie as to the date of his arrival.

CLAIM HE IS WINNER
Playing for the Baltimore Drydocks & Shipbuilding company, Maisel got four hits in four times up and a Baltimore, baseball writer expressed wonder at Detroit letting the outfielder go. He also scored from second on a hit to short. In Baltimore they say he is a 50 per cent better ball player than when he played with Montreal.

News filtering in from the south is to the effect that San Francisco has bought Paul Waner in trade of Biff Schaller, Harry Harper and Shortstop Caveney for Maisel. George appears highly doubtful of it in San Francisco, where he played in 1917.

It became known Thursday that the getting of infielders Dyer and Ellison from Detroit is out of the question at this time, as several American league clubs have refused to waive. Also, it appears that Pittsburgh is determined to carry Cliff Lee, drafted from Portland.

ONLY ONE MAN AVAILABLE
The only man available at present is Infielder Dowd of Detroit, who played shortstop and second base for Syracuse in the international league. Dowd is said to be a good ballplayer, not so good as Dyer or Ellison, but good enough for a class AA league.

The Pacific Coast league has become so fast that it is almost useless to try to start out with three or four youngsters. None of the other clubs do so and it is a handicap to the young ball club right at the start. Out of all the youngsters McCredie tried at Crockett, Coe is the only one to scintillate with Lukanovic pitching well enough to hold a job.

John, I'm ashamed of these

Of course she is, and so are you every time your wife speaks about that old-fashioned bathroom equipment in your home. Many a time you've looked them over and almost decided to rip out those antiquities. But you haven't done it. Why? Probably because you've thought of it only from the standpoint of pride and comfort and concluded that those reasons were insufficient. But there's a bigger reason—for your HEALTH'S sake and the health of your family. No consideration on earth would delay the removal of those old eyesores if you knew that tomorrow their unsanitary features would strike down some member of your household. Then why wait until it happens? The installation of modern, sanitary, Thomas Maddock bathroom equipment costs so much less than you think that it will be worth your while to have us tell you about it. Ask us to tell you about the Maddock way.

STOMACH UPSET? Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Like to travel?

Like to travel and see the country? Well you can, without getting on a train, without paying railroad fare and without the noise, dirt, smoke and dust of traffic.
