

PROVINCIAL RAIL
MEN IN ASTORIA

Officials Inspect Terminals and
Docks, and Are Impressed by
Extent of Facilities.

Astoria, April 25.—A party of railroad officials, consisting of T. C. Powell, director of the division of capital expenditures; H. B. Spencer, director of the division of purchases; Max Thelen, director of the division of public service; Edward Chambers, director of the division of traffic; Bruce Claggett, assistant general; R. H. Ashton, Northwest regional director; J. G. Woodworth, traffic assistant; H. E. Bryan, president of the C. M. & St. P.; I. S. Carroll, regional purchasing agent, and Hale Holden, regional director, central western division, visited Astoria Thursday, coming here on the early train from Seaside. They viewed the Port of Astoria docks and local terminal facilities, departing on the noon train for Portland.

They were accompanied by L. C. Gilman, district director, with headquarters in Seattle; W. D. Skinner, in charge of the Portland office; J. E. Davidson, general manager of the S. P. & S. Chief Engineer Luffler and Samuel G. Lanister of the emergency fleet corporation. Regional Director Ashton expressed himself as impressed with Astoria's terminal facilities and promised every aid in his power toward helping the community.

Regarding the request for a new depot, he said that the present building was a disgrace, but as no funds were available, provision could hardly be made for a new one. "We are aiming to improve the service as far as we can," he said. "We are not playing one city against another. Every one is entitled to his rights, and Astoria is sure to receive the best of our attention. The railroad program is a mighty problem."

Packing Houses of
U. S. Furnish Much
Food for Europe

Washington, April 25.—(U. S. S.)—Products of American packing houses are going a long way towards feeding Europe, according to figures made public by the department of commerce today, showing the exports of meat products during March.

More than 150,000,000 pounds of bacon, valued at approximately \$40,000,000, were shipped to Europe in that month, of which France took 74,000,000 pounds, United Kingdom 24,000,000 pounds, Belgium 15,000,000 pounds and Italy and Sweden each 14,000,000 pounds. Hams and shoulders to the amount of 85,700,000 pounds and valued at \$25,576,000 were also exported, the largest quantity, 34,000,000 pounds, going to France, while 24,000,000 pounds were shipped to the United Kingdom, 4,500,000 pounds to Belgium and 20,700,000 pounds went to various other countries.

Land exports totalled more than 95,000,000 pounds, the greater quantity going to France, Belgium and the United Kingdom. The latter country also imported more than 15,000,000 pounds of American fresh beef during March.

G. O. P. Will Find
No Graft, Tumulty
Says in Challenge

Philadelphia, April 25.—(U. P.)—Presidential Secretary Tumulty has invited a Republican investigation of the conduct of the war. Speaking at the banquet of the Jefferson club here Thursday night, Tumulty characterized the Republican party as having an appetite but without principle.

"I say to all Republicans," Tumulty said, "start your investigations. You will not find graft. You will not find dishonesty. You will not find graft. You may find some waste, but you will not find the terrible thing that prostituted war in the past."

Turning Out Ships
Faster Now Than in
The War Time Rush

San Francisco, April 25.—(U. P.)—According to figures published today by G. W. Green, stationer for the Emergency Fleet corporation, every shipyard in the bay district is building ships faster now than during war time. Measured efficiency, he says, has replaced war's feverish activity. There is twice as much tonnage in the bay yards now as 12 months ago. Green said six bay shipyards now have 41 ships under construction.

Judge Rossman
Lectures Acoused
Clothing Merchant

Decrying the tactics used by certain "fly-by-night" men who establish stores in the business section of the city for a few months of the year and call themselves business men, Deputy District Attorney Deich Thursday in municipal court demanded that the court do something to protect the rights of the citizens of Portland. J. Rossman, a local clothes merchant who told the court he is already

Real Stagecoach
Will Have Its Part
In Pioneer Bazaar

Rambling stagecoaches, carrying characters ranging from the "Bad Gasabo From Bitter Creek" to the tenderfoot of the Ruggles type, are necessary to the realistic setting of a frontier village, and one will figure prominently in the affairs of "Jazz Canyon" at the Auditorium May 7 to 17, when the Portland Association of Fathers of Soldiers and Sailors will stage the Soldiers' Homecoming Pioneer bazaar for

Chicago Bakers Plan Strike

Chicago, April 25.—(U. S. S.)—Chicago union bakers will go on strike at 4 o'clock tomorrow morning, it was announced today, and the city is threatened with a bread famine. It is estimated that 10,000 men will strike, virtually tying up all bakeries in the

Walking Stick Made
Out of 175 Pieces

Richmond, Mo.—It has taken J. W. Hagan of this city 12 years to complete a walking stick made up of 175 pieces of wood, including 11 different kinds. Mr. Hagan made the stick at odd times and used ash, walnut, hickory, poplar, cottonwood, sugar tree, California redwood and four kinds of oak in its construction.
