

**PEOPLE IN ORIENT
LOOK FOR GUIDANCE
TO NATION OF WEST**

Dr. J. M. Taylor, Evangelist and Missionary, Delivers Lecture to Methodists at Auditorium.

LIBERAL COLLECTION TAKEN
Speaker, Who Has Traveled Nearly Half Million Miles, Tells of Hardships.

An earnest plea for help for the suffering millions of the Orient was the keynote of the address delivered Sunday night at The Auditorium to a congregation of about 2500 Methodists by Dr. J. M. Taylor, celebrated evangelist and missionary. All of the Methodist churches of the city closed their doors Sunday evening and the various congregations gathered at The Auditorium to listen to the address.

From the standpoint of travel, few men can equal Dr. Taylor's record. He has covered 450,000 miles, and in the past year has journeyed 75,000 miles. In his address last night he dwelt principally on conditions in China and the Orient. The meeting, a part of the church's hundred million centenary campaign, was opened by Dr. Youngson. Before Dr. Taylor's address a unique collection, gathered on tin pie pans, was taken up and several hundred dollars gathered for the city extension work of the church. The funds gathered will go to the salaries of poorly paid local ministers.

LIFE IN THE FAR EAST
Few men have better knowledge of actual conditions in the Orient than Dr. Taylor. Assisted by stereoscopic slides, he portrayed life in the Far East and the hardships and privations of the few ministers who are now attempting to spread the gospel among them. A number of first hand incidents showing the squalor, poverty, superstition and ignorance that surrounds these people were given by Dr. Taylor.

America is the Big Brother of the poor peoples of the Orient, declared Dr. Taylor, and all look to America for help and guidance. A selfish democracy that sits back and considers itself safe as long as its present dangers are gone cannot save the world, he declared. Only by help and kindness, and without force and violence, are the people of China to be saved.

CHRISTIANITY AS WEAPON
Bolshevism was rapped by the doctor; but, as a means of combating it, he advocated education and Christianity for the poor and downtrodden. As long as education and the power to think properly, and Christianity, with its power to think right, are kept from the poor, the Red Flag will continue to wave. Prepare the rising generation for decent citizenship, he declared, and the future of the world will be safe.

The awful conditions under which the people of China live, their superstitions, ignorance, poverty, filth and hunger were discussed by Dr. Taylor. An earnest plea for cooperation in the new world under way and assistance for the unfortunate Oriental peoples and the missionaries serving them was also made by Dr. Taylor.

Irving Ackerman Is Strong Booster for Wilson and League

Irving Ackerman, law partner of Municipal Judge Morris Ottenhelm of San Francisco, head of the Ackerman & Harris theatrical circuit which includes the local Hippodrome theatre, and Democratic politician, arrived in Portland this morning, stopping off on his way south to take part in the Victory loan rally here tonight and help the boosting.

Mr. Ackerman is on his way home from Denver where he concluded negotiations for a new theatre site and from Spokane where he arranged for building of a Hippodrome theatre. In the latter place the theatre structure will be built for the concern, which itself will expend \$100,000 in interior fittings.

Mr. Ackerman, who was one of the electors who chose President Wilson, is as ardent a supporter of the president now as ever. "Every move that our leader has made has proved right in the past and I believe that his attitude on the Flume question will be vindicated by the Italian theatres when they recover from their attack of hysteria. California trusts him implicitly in handling the Japanese matter, as was evidenced by the action" on legislation. The League of Nations settlement is a fair idea of how people come around to Mr. Wilson's idea of thinking."

Ackerman & Harris have branched out of their regular character in San Francisco to give a revue after the style of the Winter Garden, Follies and Passing Show. Kitty Gordon heads the performers. It has not been determined whether the revue will be sent on the road or not.
