The headquarters of the American servce of supply is being transferred from lours to Antwerp, Belgium.

transfer marks entrance on the inal stage of demobilization of the army in France. The service of supply headarters at Tours will be discontinued after July 1 and only the army of occuation in Germany will be retained. Per ng's headquarters in Paris will wind ip other details as soon as possible in ier that the staff may return home. The base ports of embarkation, Brest

Mr. Benson originally subscribed \$50,-000 to the Victory loan. On Monday, en the Portland sales were lagging, he came in with a net purchase of \$200,-000 worth, and to that figure is added 00,000 purchase made today. If Portland can subscribe an average of \$1:350,000 in Victory bonds each day or the rest of the week, the city will

ide its quota Saturday night, the when the city organization disds and the campaign stops. people will only "come through" and do their part, Portland can still win nor of being the first large city in go over the top, and Oregon will once more be "Oregon first." Notwithstanding the pessimism which has prevailed owing to the way the drive has been drugging, the fact remains that Portland

In all the banks of Portland Tuesday only \$130,000 was subscribed, aside from \$200,000 which . S. Benson applied The people are not hurting themning forward for bonds. At Victory Hut Tuesday there were 262 subscriptions with a total of \$39,150 and eash payments of \$12,995. For the cornding day in the Fourth Liberty oan there were 280 subscribers, taking \$34,200 and paying \$14,187 cash.

STILL \$5,000,000 BEHIND Since the announcement was made that city campaign will close Saturday night, the salesmen are scouting through their districts with more vim than ever. It has spurred them on with renewed effort as they are anxious to comb and recomb their territory and get in all the subscriptions possible before the dead-

line is reached In round numbers, Portland has still \$6,000,000 to raise, and that is a lot of money. A few million are in sight, but nowhere near enough to make the quota. There are two \$100,000 subscriptions elved in the way of applications for conds, the city campaign committee is not counting them. That these two substantial sums will be received before Saturday is assured. It is estimated that the industries of Portfand will produce about \$500,000 and the railroads as much more, which will account for one of the six missing million dollars. The women who are working the residence section of the city will turn in about \$200,000, so that a rough guess shows about \$2,000,000 available to apply

toward the quota. "DOUBLE SUBSCRIPTION" SLOGAN "Double your subscription" is beginning to be the slogan. Mr. Benson set an example yesterday when he took \$200,000 of Bonds in addition to the \$50,-00 he had at first applied for and the big sum yesterday was bought without personal solicitation and simply because he did not want to see Portland discredited and marked with failure. There is still time for other citizens to "kick in" like Mr. Benson and for the multitude of citizens who have subscribed nothing

or who have limited their subscriptions to a small bond, ths will be established ail over town Saturday. Every opportunity will be given the public to make application

How the industrials are aiding in the drive is disclosed by the following re-ports received by Mr. Roberson at Vicfory Hut the sums representing the bonds being purchased by the employes cerns mentioned:

Max Wiedeman of the Adrian apartments at Grand avenue and Morrison streets reported to the police that thieves roke into his apartment Tuesday night and seven small pins valued at \$20. C. Hildreth of 4203 Sixty-seventh street S. E., reports the theft of two Liberty bonds taken from his person Saturday night. Vic Chapman of the Baker hotel at 2651/2 Fifth street reports that a suitcase containing a pair of shoes and a suit was stolen from him Tuesday and C. MacRae of 746 Mississippi avenue reports the theft of two automobile tires.

Thieves entering an apartment house at 5571/2 Williams avenue some time Tuesday night tapped all of the gas meters in seven of the apartments, taking the quarters that had been deposited there for light for the past month, according to a report filed with the police by Mrs. E. DOUGLAS BURRELL TO SERVE JAIL SENTENCE FOR SPEED VIOLATION

Young Man Refuses to Appeal to Father or Friends for Fine Money.

Douglas M. Burrell, 18 years old, was still in the city jail this morning, serving the second day of a 45-day sentence for speeding on motorcycle. The young man elects to serve time rather than appeal to his father, Walter F. Burrell, president of the Burrell Investment company, to pay a fine of \$100 or to

WILL SPUR SLACKERS

Announcement that the city's list of oan subscribers, at least down to those who have pledged \$500 or more, will be published in the papers has created something of a stir in different quarters. A big corps of workers started on the task of compiling the lists the moment decision to make them public was reached and by working overtime they are expected to have the names and amounts ready for publication Friday There is no concealment of the fact

that issuance of the subscription list is expected to spur slacker individuals and firms to "come through" and do their patriotic duty in this campaign as they were obliged by public sentiment to do in previous drives. Publication of the list of insurance concerns which have subscribed and have not subscribed is having a salutory effect. The public was surprised to learn that less than

Typical of instances where slacker support is being given the loan was cited at city headquarters the morning the case of a large estate. Where it might well be expected that this estate would make a subscription running well into five figures at least, two members turned in pledges amounting to \$1200.

After considering the matter from all angles the loan leaders were forced to the conclusion that the public is en-titled to know exactly the amount of support corporations, firms and individuals are according the loan with the pressure of war spirit removed. In case, then, Portland fails to do its share toward discharging its "debt of honor" to the nation and to the boys who died for the cause on foreign soil, the re-sponsibility for this failure may not rest on shoulders of those who did their pa-

LLOYDS OFFERS ODDS ON OUTCOME OF RACE

St. Johns, N. F., April 30 .- The transatlantic air flight bids fair to become the biggest gambling event in the British dominions, according to reports received today by cable, which read: "Lloyds are offering 2 to 1 that the Martinsyde will cross, and 2 to 1 that the Sopwith will fail; 4 to 1 is quoted against the arrival of either flyer in England this month, and 2 to 1 that neither will arrive next month. Five to one was offered that neither plane would finish the journey before April 30." Navigator Morgan of the Martinsyde craft has been betting steadily on his plane winning. LIEUTENANT BARIN CAME FROM PORTLAND

Lieutenant L. T.
