

OWN PUBLICATIONS OFFERED IN COURT OVER OBJECTIONS

Socialist Book Issued by Finns of Astoria Introduced to Prove Charge of Disloyalty.

PUBLISHED AFTER WAR ON

Counsel for Defendants Insists None of Accused Wrote Book; Prosecution Outlines Case.

"The Students' Epitome of Scientific Socialism," published by the Western Workmen's Publishing society, among whose members are A. J. Partan, Jacob Kivuala, Franz Niemi and W. N. Reivo, Astoria, publishers of the Toveri, was introduced as evidence against them in federal court this morning by Barnett Goldstein, assistant United States attorney.

Tom Mannix, counsel for the four defendants, charged with having printed unpatriotic matter with an attempt to discourage America's military plans, objected on the ground that none of the four wrote the book. On the testimony of Mark Holmes, formerly deputy United States marshal, that he seized the book from the shelves of the Toveri's bookstore, Federal Judge Wolverton permitted its introduction.

ISSUED AFTER WAR WAS ON

Attorney Goldstein pointed to the date of the book's publication—May, 1917—the first month after America entered the war, and when the United States was calling for recruits for the army and navy. He read a passage purported to have been written by Jack London, declaring that "the lowest possible aim for a young man is to be a good soldier."

"Unlike the old-time warrior, who was on a basis of equality with his fellows, the modern soldier is merely a mercenary, hired to shoot, maim and kill all who dare oppose the mercenary schemes of his masters, the capitalists."

DISTRIBUTOR IN PRISON

"Sota Minka Tahlden," said to be an interpreter by W. N. Reivo of the book "War, What For," was introduced as evidence.

"For the distribution of this book, George Frances, postmaster of Ten Mile, was sentenced to serve 18 months in the federal prison," said Attorney Goldstein.

John H. McCaulley, attorney of Denton, Montana, who forsook his practice during the war to become a special agent in the bureau of investigation of the department of justice, testified that under government orders he confiscated this book and "Labor and Politics," and other volumes from the Toveri's shelves, where they were offered for sale.

In presenting them before the jury, Goldstein asserted that they are unpatriotic and during the war violated the espionage act.

ESPIONAGE ACT VIOLATED

In his opening statement Goldstein declared that in the sale of these books and in the editorials in the Toveri, daily, and Toveriar, weekly newspaper, urging that they be read, and particularly the sale of "Bees and Butterflies," which told young men to stay out of the army

Seining Sooners Are Sought Big Salmon Cache Is Found

"Shove off." It was 9 o'clock Sunday night at Bonneville and Deputy Game Warden Ed Clark and E. L. Bathhouse were in quest of fish law violators who, they had been informed, were taking salmon from the Columbia river in nets. The net season does not open until Thursday.

When Deputy Clark spoke the words, "shove off," the two men of the state game commission did not know they were starting on a trip which would last until Monday afternoon and on which they were destined to travel 42 miles. In the olden days, perchance, riverside residents thought nothing of a merry chase of 50 miles or so in an open skiff. The chug, chug of the motorboat was unheard and the oar and paddle were the good old standbys.

Another feature was in store for the deputies—they discovered on Government island one ton of salmon packed in ice, awaiting removal by the illegal fisherman after the opening of the season.

SERGEANT LEWIS OF TRAFFIC SQUAD MADE LIEUTENANT AT \$150

Mayor Baker Recommends Promotion and Officer Will Be Put in Charge of Traffic.

An additional lieutenant was created in the police department by the city council this morning, at a salary of \$150 a month. The new position was created for Sergeant H. A. Lewis, who will be placed in charge of traffic, according to the statement of Mayor Baker.

"I want to put Lewis in charge of traffic as a lieutenant," Mayor Baker explained. "He has done exceptional work in traffic matters, has made a deep study of the problems confronting the police, and is one of the best men in the department. We should raise men who do their work well, and Lewis is entitled to the recognition. He is an excellent police official."

Multnomah Club Low Bidder

Multnomah Amateur Athletic club was one of the bidders for the city contract to improve Morrison street between Stout and Chapman. The club submitted a bid of \$1 per square yard, 32 cents below the figure of the Warren Construction company. If the club is awarded the contract, it will be placed in the hands of other contractors.

and navy, the government would prove violation of the espionage act.

That A. J. Partan, formerly a member of the Finnish parliament, now employed as president of the Western Workmen's Publishing society, and W. N. Reivo, editor of the two papers, had nothing to do with the sale of the books, was the contention of Mr. Mannix.

Niemi and Kivuala, other defendants, were directors of the society, said Mr. Mannix. He intimated that they were deeply engrossed in private affairs and were not aware that books of a seditious nature were being sold in the society's bookstore.

CHILDREN'S CHORUS WILL HOLD SPRING CONCERT ON FRIDAY

Peninsula School Will Render Extensive Program in Which 140 Voices Will Take Part.

The children's chorus of 140 voices will hold its spring concert at the Peninsula school Friday night under the direction of Principal W. A. Pettys. An extensive program has been arranged, consisting of 50 minutes of the children's singing, followed by a patriotic program in which the names of the boys represented by the stars on the service flag will be read together with their status, together with added stars. Captain D. E. Lisee will give a brief talk on behalf of the Liberty loan.

The Peninsula school children's chorus has been in existence for four years. Principal Pettys besides developing this chorus has been working for six years with glee clubs, the last four being with mixed choruses. Each term since it was organized has given a concert except last fall when it was omitted because of the influenza epidemic.

In order to replace the money belonging to the Junior Red Cross which was stolen from the school last December, amounting to \$60, receipts will be sold for the concert and a collection will be taken during the evening from those unable to obtain receipts, so that in reality the concert will be a Junior Red Cross benefit.

Livestock Building Stock Selling Drive Will Be Reopened

Plans are being made to renew the big stock selling drive of the Pacific International Livestock exposition early next week.

This drive is in charge of the six leading civic organizations and was suspended for the duration of the Victory loan activities. Each club has a quota of the \$75,000 worth of remaining stock. Upward of \$100,000 has already been raised by stockmen, breeders and farmers of the state outside of Portland, and \$70,000 was secured by the Portland "flying squadron" at the beginning of the city drive. Before the opening of the Victory loan campaign the civic organizations raised upward of \$30,000 of their joint \$75,000 quota.

Impetus was given Tuesday by a \$500 block of stock subscribed by the George Lawrence company, and reported by George A. Lovejoy of the Kiwanis club.

Overalls to Save Khaki

Paris, April 12.—(By Mail.)—(L. N. S.)—Under new regulations issued soldiers en route home will wear blue denim overalls aboard ship to keep their khaki suits nice and clean. They quit the use of the place of woman in the United States.

STARVED MUSCLES CAUSE LUMBAGO

Resident of Los Angeles Regains Health When He Takes Blood Building Treatment.

Pains in the back are very often due to undernourished muscles. The muscles that are used most are generally those that first cry out in pain. Lumbago and rheumatism are two very common diseases that attack muscles that are not getting needed food because the blood is impoverished.

A treatment that increases the quantity and improves the quality of the blood will often be a tonic to suffering and bedridden men and women and thus restore to activity.

The success of the right tonic in cases of lumbago is demonstrated in the experience of Mr. J. C. Benedict of No. 1247 West Second street, Los Angeles, Cal.

"I began to have muscular pains across my back about three years ago," says Mr. Benedict. "I paid little attention to them at first but they continued getting worse until I was flat on my back. It was a steady, dull pain and when I stooped to pick anything up my back felt as though I had been cut with a knife. I tried quickly and couldn't sleep well at night."

"A newspaper announcement led me to buy a box of Dr. Williams' Pink Pills and before I had taken the remedy a week the pain became less acute. I continued the treatment until the pain entirely disappeared. I feel stronger and better in every way now and sleep soundly. I take long walks and enjoy every minute. I strongly endorse Dr. Williams' Pink Pills as a tonic to suffering men and women."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as lumbago, rheumatism, neuralgia, after-effects of the grip and fever. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

"Building Up the Blood" is a booklet full of useful information. Every mother and every growing girl should have one. It is sent free on request by Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, fifty cents per box; six boxes for \$2.50.—Adv.

Victory Bonds Will Go Above Par, Is A. H. Devers' View

A. H. Devers, in charge of bond sales at Victory headquarters, is effectively using as a selling argument the fact that the first Liberty loan bonds, bearing 3 1/2 per cent interest and non-taxable, have never been quoted at lower than 92 per cent, and have gone as high as 100.

"The new bonds," he points out, "bear 4 1/2 per cent interest and are changeable into bonds bearing 3 1/2 per cent interest that are entirely tax free, therefore these new bonds will always remain at par or go higher."

Tearin' Right in to Portland.

Lipman Wolfe & Co. "Merchandise of Merit Only" This store has no comparative prices they are misleading and often untrue.

For May: The New The Summery At Prices That Command Your Keenest Interest

All Our Finest Model Hats Now Reduced 25 Per Cent

Early Summer Models Are Included As Well As Those of Late Spring

Hats that will enhance the beauty of your every costume, for dress and tailored wear. From such famous milliners as JOSEPH WASHAUER GAGE RAWAK

and Featured at \$10 Trimmed Hats for Street Wear
