# 13450-\$3600-\$3850

Look here, folks. It's up to you to see these new bungalows. We realize it is difficult for you to conceive of buying an absolutely new 1919 model bungalow with large living room, plate glass windows, hardwood floots, fireplace, full cabinet kitchen with breakfast alcove, cement basement, wash trays, etc., on a paved street in Rose City Park, with sewer connections. All we ask of you is to investigate—be as skeptical as you wish. A great many believe because a house is newly built it is poorly built. Come see for yourself how these are being built. You will notice that every one is thoroughly double constructed. See for yournelf the grade of building material used. During the past week we averaged nearly two sales a day—and too, we sold them to critical buyers—buyers who have looked and looked—and then find that they can buy an absolutely new house at a less price than many are asking for houses 5 and 6 years old. And another thing—you do not have to pay taxes on the new houses until 1921. Then too, you may select your own interfor finish—let your new home reflect your own good taste and judgment, indeed, your own personality. Will you do yourself a favor? Then investigate.
