## UNIQUE RECORD IN **VOYAGE TO ORIENT**

Captain Robert Ferguson Takes Adrien Badin Half Way Around World With Chinese Crew.

SHIP SELLS AT BIG PRICE

"me heap sabbe" orientals substituting as mates, the motorship Adrien Badin, ager.

has been sold at a price \$100,000 above the original sale price.

Captain Ferguson, who is an ardent admirer of the capabilities of the wooden motorship, sees great trade possibilities for American ships operating in the Chinese trade, Java trade, and Flour Situation Made Better by with Australia. He says that big returns are assured for this class of bust-

In a letter to Judge George J. Cam-Captain Ferguson says: SHIP IS SOLD

I had a bit of time I thought that I tons. The Pacific Steamship Co. has "I was just thinking of you, so as pound out a bit of screed tae ye. well afford it.

and not succeeding, I did the next best to proceed here from San Francisco. thing and put a couple of Chinese to keep watch and paddled my own canon to the next port which was Sourabaya, Java. We got there in good time, then we went to Colombo, Cevlon: left there March 10 and here we are all safe and sound and right side up.

GETS SALARY RAISE "I will have the distinction of bringing this ship practically around the world without the big array of officers. The company, when they understood what I was doing, promptly raised my wages to \$500 a month and I get a bonus

"They want me to sign a contract for a year, but me for Portland as I am passengers at Astoria. homesick. Some of the skippers wonder just getting used to it, and a Chinese is like any other kind of person if you treat him right and if you show him you are and intend to be boss he will 'velly good man.'

"In all my travels in the Orient I have noticed that there is a vast trade that hold of the Rose City. can be done with American ships. Take this ship, for instance. She was built in Portland, manned by un American crew, got the cargo from an American firm. All the foreign firms did was to buy the ship and collect the freight. Our present cargo pays for the vessel and the ship have been run from Portland steel ship West Nohno, next Wednesand the money kept in the country. SHIPS ARE ECONOMICAL

"These ships are very economically the present week. cargo space.

and they are as reliable as steam and railroad administration. are the coming, if not already arrived, gine does not consume any oil like the the Panama canal tody. steamer, as the steamer has to keep steam up all the time. The Diesel can start up on five minutes' notice.

expect to get there on the 19th, and will leave for the coast at once. I expect, of course, to visit Scotland for a souple of weeks first, so should get to Portland about the end of May.

"I hope that the American ships are with China and Java. You can get all hours on the official run. of cargoes of tea, coffee, teakwood, hemp, etc., and why can it not be be a fine specimen of the shipbuilder's carried in American ships, in fact ships art. The ship has been assigned by the sailing out of Portland? Why should shipping board to the Matson Navigation San Francisco have all the shipping? EXPECTS TO RETURN

the hope of getting another ship and company of Portland is agent here for I am willing to put \$5000 into a good motor vessel in the off shore trade if the opportunity occurs, as a master's share, and if the ship is handled right it should pay for itself in 18 months in normal times. But it should be a ship capable of carrying at least 2,500,000 feet of lumber. There are all kinds of trade for a vessel like that in the Australian trade, also the China trade, with gan Francisco, oil. return cargoes. A man with your standing in the community should be the pioneer in starting a line out of Portland. The people of St. Helens built a ship and have had their money back

SEPARATE TERMS POSSIBLE

Oregon Shipyard Workers and Federal Agents May Make Agreement

between shipyard workers and government and plant representatives for the Oregon districts has been rumored as a possibility, because of the alleged unwillingness of many of the local members to stand with outside Pacific coast units in opposing the continuance of the Macy scale until October 1, and the acceptance of other terms as proposed by the plant owners at the recent conference at Washington.

sult of the coast meeting now being held at Oakland, Cal., is anxiously awaited. The demand for a six-hour day, which has been proposed by the

Employers are willing to grant the week, but they have stood out against the closed-shop policy. The 7:38 a. m....7.0 feet 2:10 a. m....2.9 feet manner of settling grievances under the 8:52 p. m....7.6 feet 2:28 p. m....0.9 foot Macy plan is to have representatives of the various crafts at the shops deal

with the plant officials and federal wage examiner. Providing the unions decide to reject the new working conditions, which include adjustment of troubles by means of a board of arbitration, they could still proceed under the old crafts representative plan which was used during the war emergency.

CANAL COMPLETED TODAY

Kalama Navigation Improvement Comprised Removal 970,000 Yards.

Under the direction of United States engineers of the Oregon district, work on the completion of the new ship Brings \$100,000 Above Original
Figure; Unlimited Possibilities
Seen in Trade With Far East.

Conannel at Kalama is being completed today, thus adding one more advantage to the Columbia river from the navigation standpoint. The new improvement, which comprised the removal of \$70,000 cubic yards of material, is designed to give a depth of 30 feet and width of \$200 feet for a distance of the completed today, thus adding one more advantage to the Columbia river from the navigation standpoint. The new improvement, which comprised the removal of \$770,000 cubic yards of material, is designed to give a depth of 30 feet and width of \$200 feet for a distance of the columbia river from the navigation of \$200 feet for a distance of the columbia river from the navigation of \$200 feet for a distance of the columbia river from the navigation of \$200 feet for a distance of the columbia river from the navigation of \$200 feet for a distance of the columbia river from the navigation of the columbia r
