Spillid-Downing Wedding Is Pretty

Simplicity Marks Ceremony in Home of Bride's Mother in Irvington.

By Helen H. Hutchison. SIMPLICITY of detail marked the wedding of Miss Helen G. Downing, who Wednesday evening became the bride of Waldemar Spillid at the home of her mother, Mrs. J. C. Knuth, in Irvington.

The impressive double ring ceremony was used for the ceremony, which was read by Archbishop chambers of the Episcopal church, in the presence of the immediate families of the couple. The bride made a charming picture in her smart white suit of gabardine, heavily embellished with braiding and worn with a chic hat of white. Her flowers were mauve-tinted orchids and Opakia roses, and the fireplace before which the ceremony was read was banked in palms and Oregon grape, with artistic baskets of sweet peas and carnations.

The bride was given in marriage by her stepfather, J. C. Knuth. There were no attendants. Following the ceremony an informal reception was held, a large number of friends of the two families of the couple calling to offer their good wishes. Receiving with Mr. and Mrs. Knuth and the bridal couple were Mr. and Mrs. Theo L. Spillid, father and mother of the bridegroom; Robert S. Vessey, former governor of North Dakota, and Mrs. Vessey; Miss Mary Louise Allen, Mr. and Mrs. William Ladd and Miss Grace Honkanen.

In the dining room, presiding at a dainty table centered with a basket of Ophelia roses and tulle bows of pink, were Mrs. Walter Gadsby and Miss Lois Ladd. Assisting about the room were the Misses Florence Hamenway, Etioise White and Mrs. H. V. Thompson. The bride, who is an interesting girl, has been a resident of this city for about five years, coming to Portland from Kansas City, where she was a student at the Conservatory of Dramatic Art and Music. During the past few years she attended the University of Oregon, where she made a special study of journalism.

Mr. Spillid is the son of Mr. and Mrs. Theo L. Spillid, an old family in Portland. He is engaged in the wholesale business and is associated with his father in the Bank of Oregon. After the announcement of their engagement, Mr. and Mrs. Spillid were the inspiration for a number of delightful pre-nuptial functions. The first was for a short trip in the mountains, after which they expect to make their home in Portland.

W. C. T. U. Will Send Force Overseas

Campaign Begun to Drive Liquor Traffic From World; Orient to Be Invaded.

THE National Woman's Christian Temperance union from its million-dollar budget fund is already engaging its workers to go across seas to give immediate help in bringing to pass world prohibition. Miss Christine Tilling of Norfolk, who for 10 years has been a lecturer on scientific temperance in the normal schools, colleges and universities of America, will leave immediately for China after the National W. C. T. U. convention in St. Louis.

Miss Tilling has spoken on temperance in England, Scotland, Wales, Switzerland, Canada and 36 states of the Union, and was a representative of the world's W. C. T. U. at world's temperance conference in France and Belgium. Her work is eagerly awaited by missionaries and educators in China.

Brewers and distillers, driven from the United States, announce that they will take their breweries and distilleries to China and other countries of the Orient. The Woman's Christian Temperance union will send its missionaries to China and will also give special help to the Chinese students, men and women in this country, that they may carry back to their republic the truth concerning alcohol and the value of prohibition.

There's no trouble getting mercurized wax at any drug store (an ounce will do), since its virtues have become generally known here, and there's no trouble using it—just as you use cold cream to just peel off the worn-out skin when you get up in the morning. The wax takes off the old skin in sixty flakes, a little each day. The new under-skin which gradually appears, is velvety soft and beautifully white, radiant with stripes levelness. Any surface trouble like pimples, red or yellow patches, freckles, etc., washes of course with the discarded outside—Adv.

Garden Hints

Keep the runners cut off the strawberries and the weeds and grass down. Make succession plantings of sweet corn, string beans, lettuce, radish and turnip. Curly kale is good for greens the year round here; it should have a small place in every home garden.

Ferns from the woods will do well on the north side of the house. If possible bring home some of the leaf mold with them, so that they will feel at home.

Time of planting will vary two or three weeks in different sections. No hard and fast rule can ever be made for getting the vines and roots the roots thoroughly with the solution. More than one application may be necessary if the roots are large.

Poison oak may be killed with a solution of arsenite of soda. Be sure to use arsenite and not arsenate. Dissolve one pound in five gallons of water; cut off the vines and soak the roots thoroughly with the solution. More than one application may be necessary if the roots are large.

Face Peeling Habit Becoming Fashionable

Women of fashion and refinement seem to have been acquiring the mercurized wax habit, depending less and less upon cosmetics for their complexion difficulties. It does seem a lot easier to just peel off the worn-out skin when you get up in the morning. The wax takes off the old skin in sixty flakes, a little each day. The new under-skin which gradually appears, is velvety soft and beautifully white, radiant with stripes levelness. Any surface trouble like pimples, red or yellow patches, freckles, etc., washes of course with the discarded outside—Adv.
